[57] **CLAIM**

The ornamental design for a sheath for a concrete finishing float tool, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of the sheath for a concrete-finishing, float tool of my invention;
FIG. 2 is a top plan view thereof;
FIG. 3 is a front elevational view thereof;
FIG. 4 is a side view, the opposite side view being a mirror image thereof;
FIG. 5 is a rear elevational view thereof;
FIG. 6 is a bottom plan view thereof;
FIG. 7 is front perspective view of a second embodiment, the second embodiment being based on the use of a different material; and,
FIG. 8 is a side view, the opposite side view being a mirror image thereof.
The broken line showing of tool in FIGS. 7 and 8 is for illustrative purposes only and forms no part of the claimed invention.
