[57] **CLAIM**

The ornamental design of an arrangement of displays for a wireless communications terminal, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an arrangement of displays for a wireless communications terminal showing my new design;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a front elevational view thereof showing exemplary displays on the first and second display screens when the terminal is “on”.

The broken line showings of the housing and antenna of the wireless communications terminal in FIG. 3 are for illustrative purposes only and form no part of the claimed design.
