[57] **CLAIM**

The ornamental design for a traffic master light wand, as shown and described.

DESCRIPTION

FIG. 1 is a perspective of a traffic master light wand viewing it from the front and showing the ring having a flat side of my new design;
 FIG. 2 is a perspective of the traffic master light wand viewing it from the rear and showing the ring having a flat side of my new design;
 FIG. 3 is a rear elevation thereof;
 FIG. 4 is a top plan view showing the magnet hole with magnet in place;
 FIG. 5 is a side elevation of the traffic master light wand lying on the flat side of the ring;
 FIG. 6 is a bottom plan view of the traffic master light wand and showing the flat surface on the ring thereof; and,
 FIG. 7 is an end view of the traffic master light wand from the other side of FIG. 3.
