[57] CLAIM

The ornamental design for a circular saw, as shown and described.

DESCRIPTION

FIG. 1 is a right side elevational view of a circular saw showing a first embodiment of our new design; FIG. 2 is a left side elevational view of the first embodiment; FIG. 3 is a front elevational view of the first embodiment; FIG. 4 is a rear elevational view of the first embodiment; FIG. 5 is a top plan view of the first embodiment; FIG. 6 is a bottom plan view of the first embodiment; FIG. 7 is a right side perspective view from the rear of the first embodiment; FIG. 8 is a left side perspective view from the front of the first embodiment; and, FIG. 9 is a bottom plan view of a second embodiment of the circular saw, all remaining views being identical to those shown in FIGS. 1-5 and 7-8.

The broken line showing is for illustrative purposes only and forms no part of the claimed design.
