[57] **CLAIM**

The ornamental design for a handle face pair for a pocket
knife, as shown and described.

DESCRIPTION

FIG. 1 is a right top front perspective view of the handle face
pair for a pocket knife of the present invention;

FIG. 2 is a left side elevation view thereof;

FIG. 3 is a top plan view thereof;

FIG. 4 is a bottom plan view thereof;

FIG. 5 is a right side elevational view thereof;

FIG. 6 is a front end elevational view thereof; and,

FIG. 7 is a rear end elevational view thereof.

The broken lines showing the knife body, and the projecting
key ring, divot fixer, toothpick and cap lifter is for illustra-
tive purposes only and forms no part of the claimed design.

The characteristic feature of the design resides in the
dimpled golf ball appearance of the outer surface of the
handle face pair.
