[57] **CLAIM**

The ornamental design for an adjustable head set containing a display, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an adjustable head set containing a display showing my new design;

FIG. 2 is a front elevational view thereof with the adjustable display means on the left side as worn by a user;

FIG. 3 is a rear elevational view thereof with the adjustable display means on the left side as worn by a user;

FIG. 4 is a left side elevational view thereof; with the adjustable display means in a close position and the rear adjustable head band in an alternate position for clarity;

FIG. 5 is a right side elevational view thereof; with the adjustable display means in a far position and the rear adjustable head band in an alternate position for clarity;

FIG. 6 is a left side elevational view thereof; shown in a folded position;

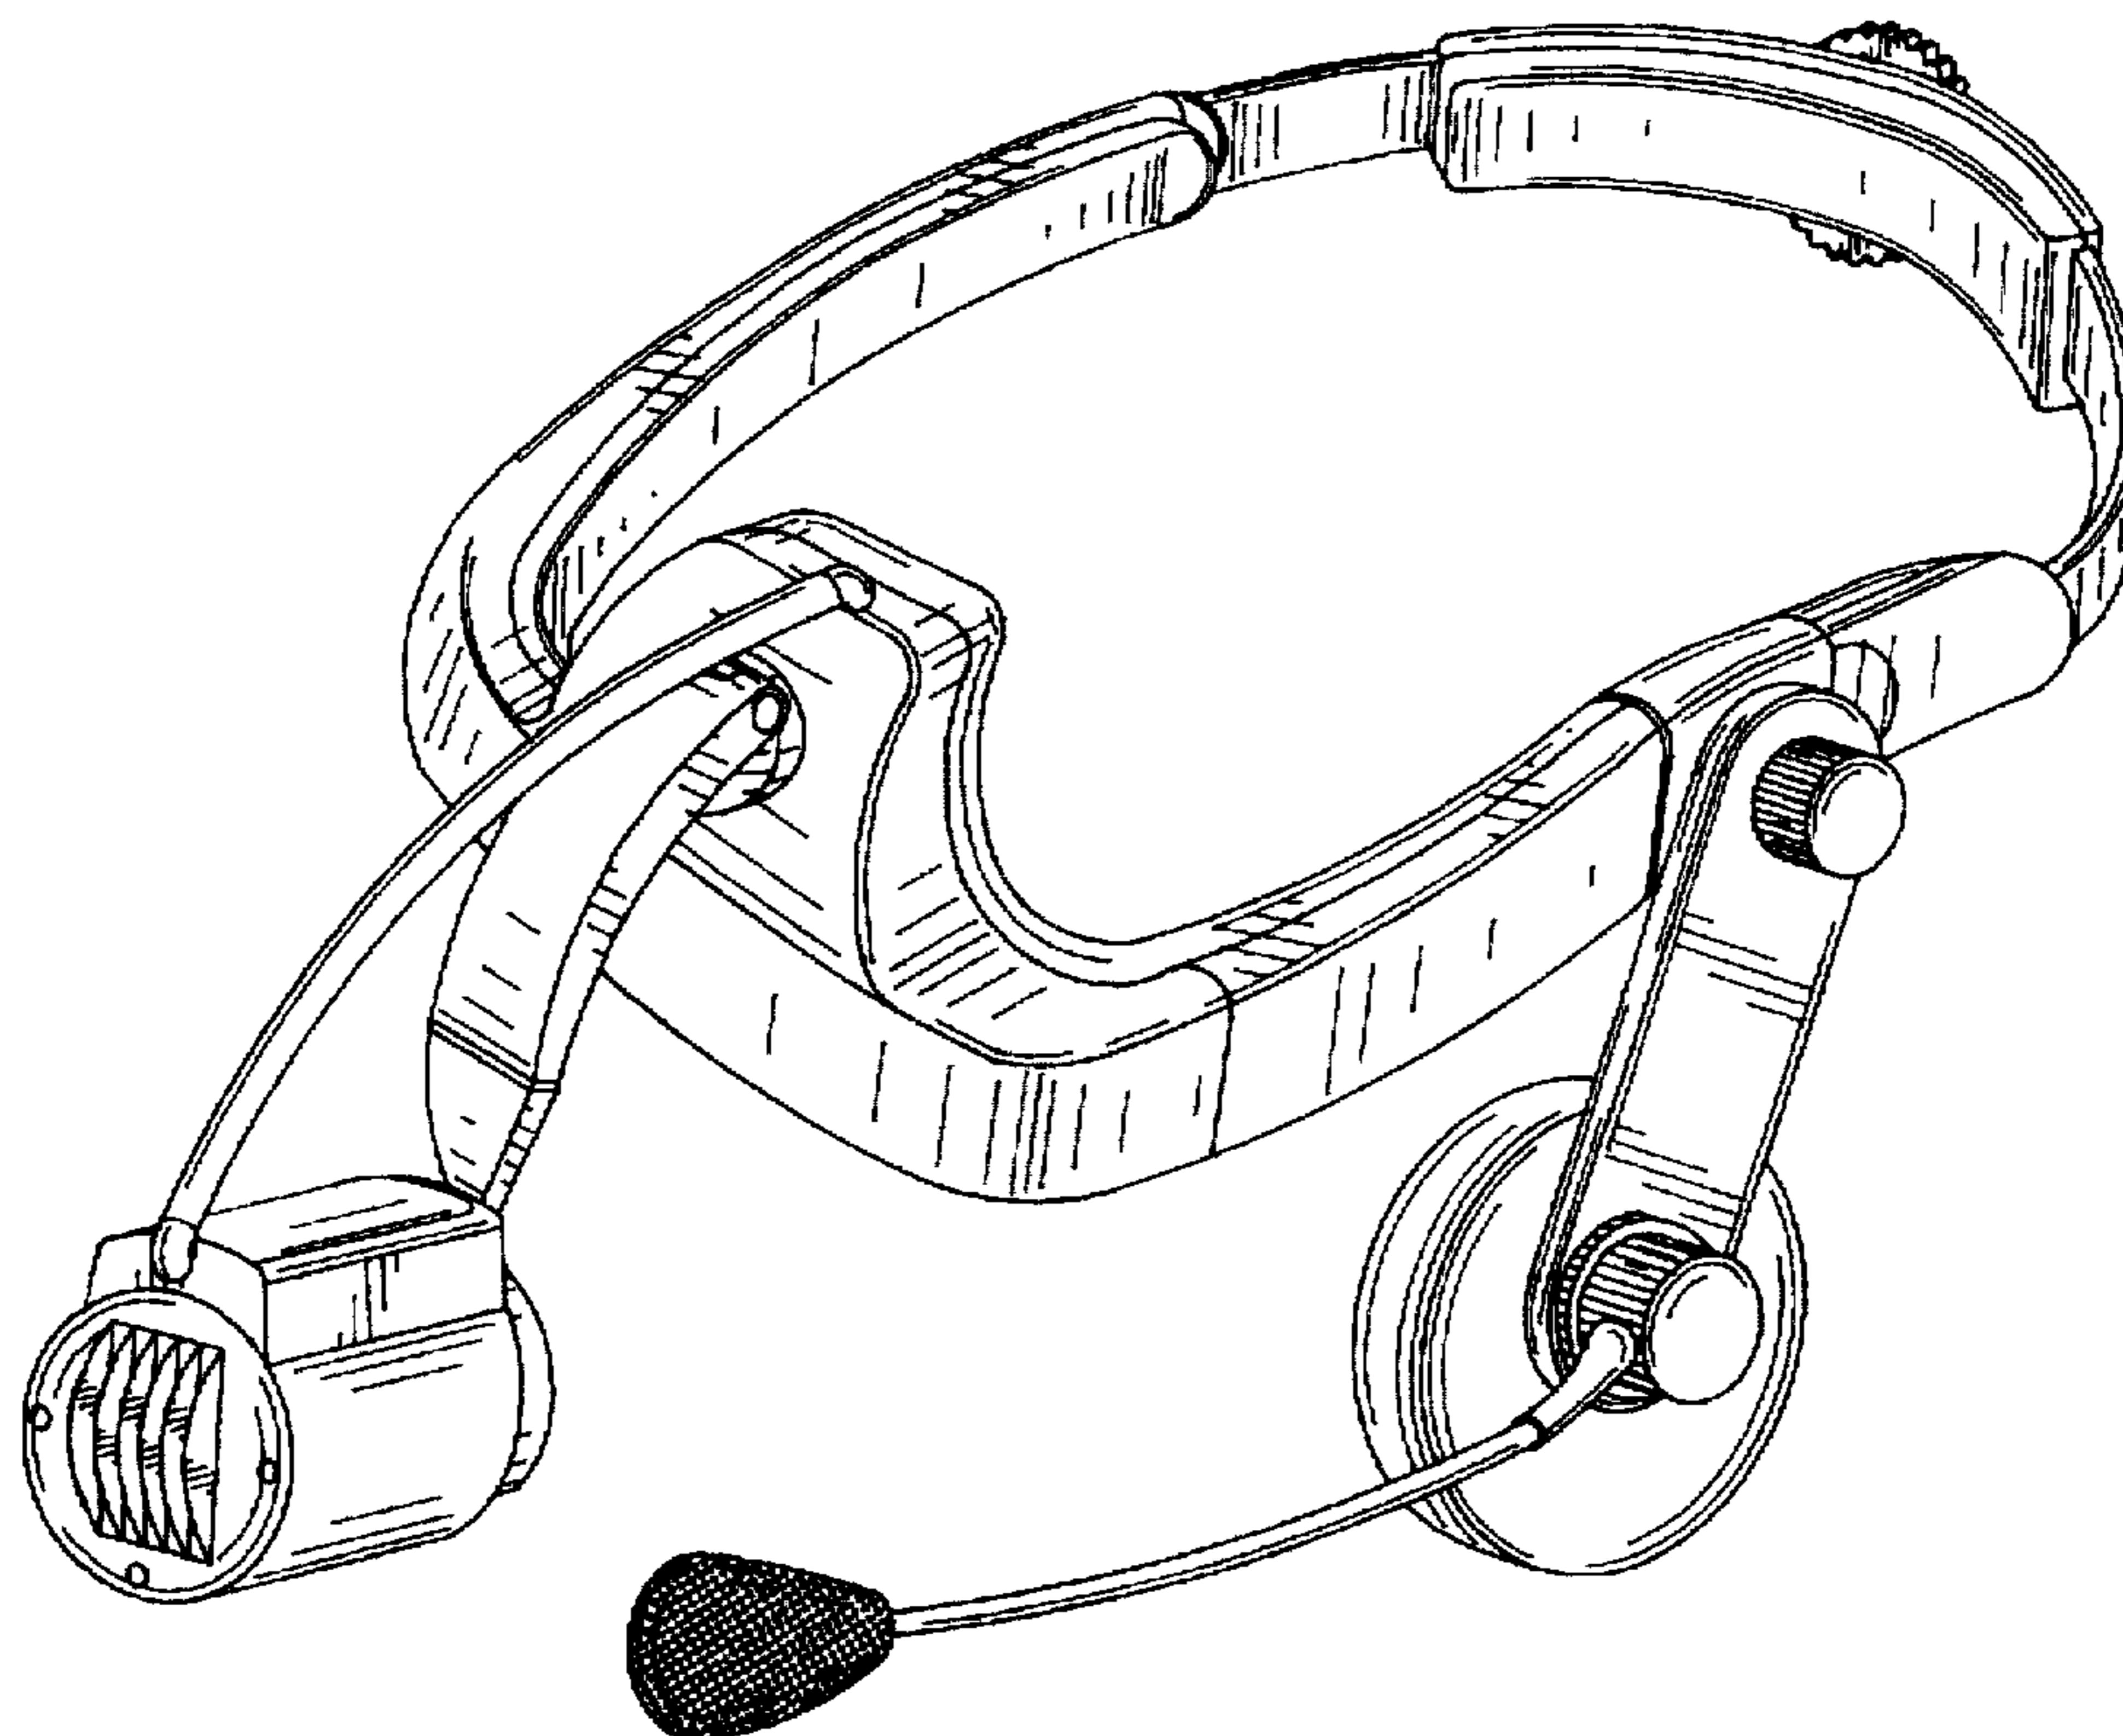

FIG. 7 is a top plan view thereof with the movable earpiece and microphone in the left hand position;

FIG. 8 is a top plan view thereof with the movable earpiece and microphone in the right hand position;

FIG. 9 is a top plan view thereof with the adjustable display means in a position to be used adjacent the right eye of the user;

FIG. 10 is a top plan view thereof with the adjustable display means in a position to be used adjacent the left eye of the user.
