[57] CLAIM

The ornamental design for a cellular phone holder, as shown and described.

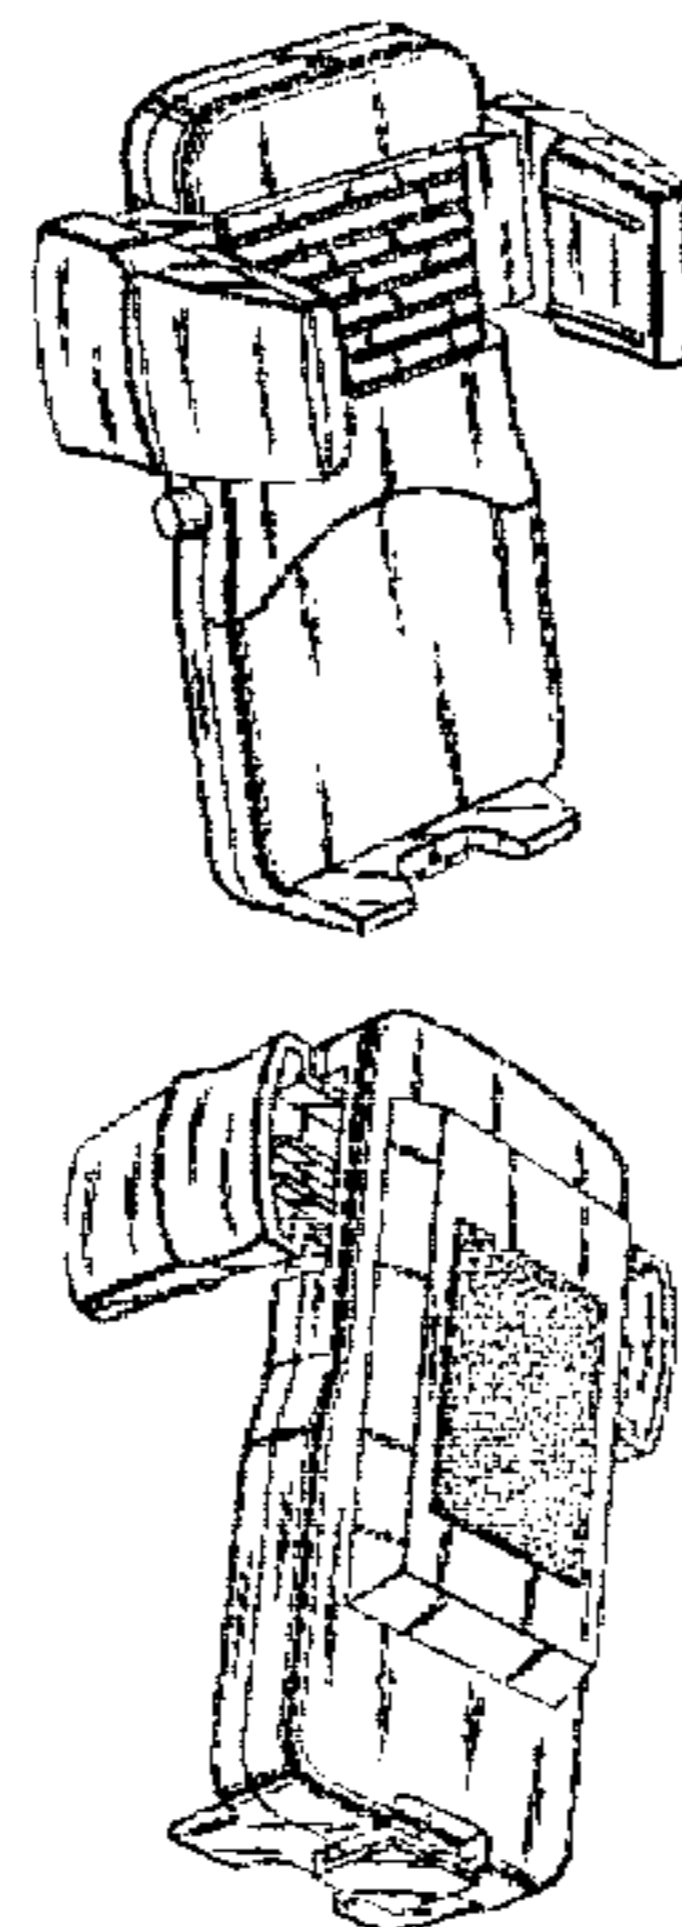

DESCRIPTION

FIG. 1 is a front top perspective view of the cellular phone holder of the present invention showing our new design; and,

FIG. 2 is a rear bottom perspective view thereof.

The cellular phone holder is symmetrical along a central axis except for the button at the left side. Therefore, any features not visible in the two drawing views are mirror images of the features shown on the opposite side. The top of the rear protruding feature is the same in appearance as the bottom.
