### [57] CLAIM

The ornamental design for a video camera combined with video tape recorder, as shown and described.

#### DESCRIPTION

FIG. 1 is a front, top and right side perspective view of a video camera combined with video tape recorder showing my new design, the video camera being in a closed position; FIG. 2 is a rear, top and left side perspective view thereof, the video camera being in an open position; FIG. 3 is a rear, top and right side perspective view thereof, the video camera being in a first open operational condition; FIG. 4 is a rear, top and right side perspective view thereof, the video camera being in a second open operational condition; FIG. 5 is a rear, top and right side perspective view thereof, the video camera being in a third open operational condition; FIG. 6 is a rear, top and right side perspective view thereof, the video camera being in a fourth operational condition; FIG. 7 is a front elevation view of the video camera combined with video tape recorder of FIG. 1. FIG. 8 is a left-side elevation view of the video camera combined with video tape recorder of FIG. 1. FIG. 9 is a right-side elevation view of the video camera combined with video tape recorder of FIG. 1. FIG. 10 is a rear elevation view of the video camera combined with video tape recorder of FIG. 1. FIG. 11 is a top plan view of the video camera combined with video tape recorder of FIG. 1; and, FIG. 12 is a bottom plan view of the video camera combined with video tape recorder of FIG. 1.
