[57] **CLAIM**

The ornamental design for hanging wall advertisement display, as shown and described.

DESCRIPTION

FIG. 1 is a top and right side perspective view of a hanging wall advertisement display of the present invention illustrating different sized pockets for holding different size advertising display material. The respective bottom and left side views are mirror images thereof; FIG. 2 is a front elevational view of the display; and, FIG. 3 is a front elevational view of the display of FIG. 1 better illustrating the size of material which can be placed in different size pockets of the display. The rear surface of the hanging wall advertisement display is unornamented. The broken lines are shown for illustrative purposes only and form no part of the claimed design.
