### [57] CLAIM

The ornamental design for the lip balm device, as shown and described.

#### DESCRIPTION

FIG. 1 is a front elevational view of a lip balm device showing our new design in the closed position; FIG. 2 is a left side elevational view thereof; and FIG. 3 is a front elevational view showing the device in the open position, the partially disclosed lip balm therein following the contour of the outer casing. The undisclosed sides of the design follow the contours of the sides shown.
