[57] **CLAIM**

The ornamental design for a surface treating article retainer system, as shown and described.

**DESCRIPTION**

FIG. 1 is an isometric view a surface treating article retainer system;  
FIG. 2 is a top plan view thereof;  
FIG. 3 is a bottom plan view thereof;  
FIG. 4 is a front side view thereof;  
FIG. 5 is a right side view thereof;  
FIG. 6 is a back side view thereof; and,  
FIG. 7 is a left side view thereof.  
The broken lines in the drawing indicate that the outer periphery is indeterminate and does not form part of the claimed design. The broken line showing of the aperture on the inner portion of the surface treating article retainer system does not form part of the claimed design.
