### [57] CLAIM

The ornamental design for handle, as shown and described.

### DESCRIPTION

FIG. 1 is a perspective view of a first embodiment of our new design of a handle;

FIG. 2 is a front elevational view of the first embodiment of our new design of the handle; a rear elevational view, a right side elevational view and a left side elevational view being the same as the front elevational view of the first embodiment;

FIG. 3 is a top plan view of the first embodiment of our new design of the handle;

FIG. 4 is a bottom plan view of the first embodiment of our new design of the handle;

FIG. 5 is a perspective view of a second embodiment of our new design of a handle;

FIG. 6 is a front elevational view of the second embodiment of our new design of the handle; a rear elevational view, a right side elevational view and a left side elevational view being the same as the front elevational view of the second embodiment;

FIG. 7 is a top plan view of the second embodiment of our new design of the handle; and,

FIG. 8 is a bottom plan view of the second embodiment of our new design of the handle.
