[57] **CLAIM**

The ornamental design for an advertizing carrying body for use on a filler gun, as shown and described.

DESCRIPTION

FIG. **1** is a top plan view of an advertising carrying body for use on a filler gun showing my new design;
FIG. **2** is a front perspective view from above of the carrying body;
FIG. **3** is a rear view of the carrying body;
FIG. **4** is a side view of the carrying body;
FIG. **5** is a top perspective view from one side and front of the carrying body;
FIG. **6** is a top perspective view from other side and front of the carrying body;
FIG. **7** is a bottom perspective view from other side and below of the carrying body;
FIG. **8** is a top rear perspective view from one side of the carrying body;
FIG. **9** is a top front perspective view from other side of the carrying body;
FIG. **10** is a bottom view of the carrying body;
FIG. **11** is a front perspective view of the top member embodying my new design and forming a lid part of the carrying body;
FIG. **12** is a rear perspective view from below of the top member;
FIG. **13** is a side view from one side of the top member;
FIG. **14** is a side view from other side of the top member;
FIG. **15** is a top view of the upper member;
FIG. **16** is a bottom view of the top member;
FIG. **17** is a bottom perspective view from other side of the upper member embodying my new design and forming no part of the carrying body;
FIG. **18** is a front perspective view from above of the upper member;
FIG. **19** is a bottom rear perspective view of the upper member;

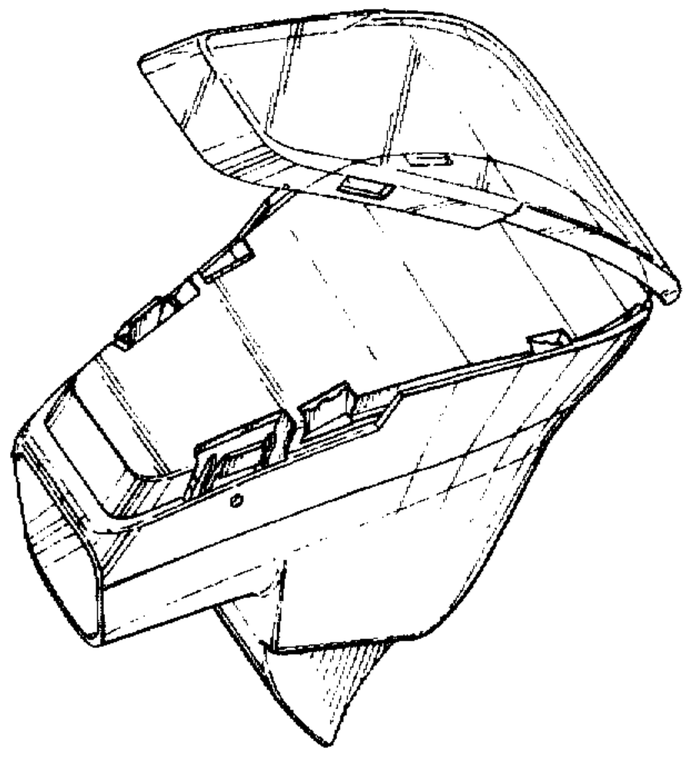

FIG. **20** is a side view from one side of the upper member;
FIG. **21** is a side view from other side of the upper member;
FIG. **22** is a top perspective view of the upper member;
FIG. **23** is a bottom perspective view of the upper member;
FIG. **24** is a side perspective view from below and other side of the lower member embodying my new design and forming part of the carrying body;
FIG. **25** is a rear view of the lower member;
FIG. **26** is a front view of the lower member;
FIG. **27** is a side view from one side of the lower member;
FIG. **28** is a side view from other side of the lower member;
FIG. **29** is a top view of the lower member; and,
FIG. **30** is a view from below of the lower member.
