FIG. 1 is a top front and side perspective view of a combined terminal and associated telephone handset and cradle of the claimed design showing my new design with the keyboard extended;

FIG. 2 is a front elevational view thereof shown separately for clarity of illustration only and the keyboard being shown retracted;

FIG. 3 is a top and side perspective view thereof;

FIG. 4 is a top rear and side perspective view thereof;

FIG. 5 is a side elevational view thereof shown separately for clarity of illustration only and the keyboard being shown extended and tilted and the display being fragmented;

FIG. 6 is a side elevational view thereof wherein the display is extended; and,

FIG. 7 is a front perspective view thereof wherein the terminal is shown in a wall mounted position with the associated telephone handset and cradle and the illustrative display in an extended position.

FIGS. 1-7 are lined to represent the color green with wide hatching for convenience of illustration only.
