### [57] CLAIM

The ornamental design for a display object for a display screen, as shown and described.

### DESCRIPTION

FIG. 1 is a face view of a display object for a display screen, the broken line drawing of the display screen is for illustrative purposes only and forms no part of the claimed design;

FIG. 2 is a face view thereof, on an enlarged scale, the display object is shown separately for clarity of illustration; and, FIG. 3 is a face view of a second embodiment thereof, on an enlarged scale, the display object is shown separately for clarity of illustration.

The cross hatching patterns shown in all views in the triangular sections of the plural polygons of the display object are intended to represent different colors.
