[57] **CLAIM**

The ornamental design for a hydraulic lift/armature assembly for power log splitter, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a hydraulic lift/armature assembly for power log splitter showing my new design; FIG. 2 is a top elevational plan view thereof; FIG. 3 is a bottom elevational view thereof; FIG. 4 is a front elevational plan view of FIG. 1 showing the lift/armature in a condition of use thereof; FIG. 5 is left side elevational plan view thereof; FIG. 6 is a right side elevational plan view thereof; FIG. 7 is a front elevational view thereof showing the lift/armature in placement on the side rest thereof; FIG. 8 is a top elevational plan view in FIG. 7 showing the lift/armature in placement on the side rest thereof; FIG. 9 is a modified front elevational plan view of FIG. 1, as a hydraulic lift/armature assembly for power log splitter showing my new design; FIG. 10 is a top side elevational plan view thereof; FIG. 11 is a bottom side elevational plan view thereof; FIG. 12 is a front elevational plan view of the hydraulic lift/armature as in FIG. 9 in a condition of use thereof; FIG. 13 is a left side elevational plan view thereof; and, FIG. 14 is a right side elevational plan view thereof.

The broken line of the "power log splitter and wheel" in FIGS. 1, 4, 7, 9 and 12 is for illustrative purposes only and forms no part of the claimed design; and, The rear side of FIGS. 1, 4, 7, 9 and 12 are mirror images of their respective figure drawings thereof.
