[57] **CLAIM**

The ornamental design for a wastebasket and recycling bin, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view showing the front, upper and right side of the present invention with the lid closed; FIG. 2 is a top plan view the invention shown in FIG. 1; FIG. 3 is a bottom plan view of the invention shown in FIG. 1;

FIG. 4 is a side elevational view of the invention shown in FIG. 1;

FIG. 5 is a sectional view taken along cut line 5—5 of the invention shown in FIG. 2;

FIG. 6 is a perspective view showing the front, upper and right side of the invention shown in FIG. 2 with the lid positioned fully open;

FIG. 7 is a front elevational view, of which the back side is a mirror image, of the invention shown in FIG. 6;

FIG. 8 is a right side elevational view, of which the left side is a mirror image, of the invention shown in FIG. 6;

FIG. 9 is a top plan view of the invention shown in FIG. 6; FIG. 10 is a sectional view taken along cut line 10—10 of the invention shown in FIG. 9;

FIG. 11 is a sectional view, taken along cut line 11—11 of the invention shown in FIG. 9;

FIG. 12 is an exploded perspective view thereof, showing the front, upper and right side;

FIG. 13 is a front elevational view, of which the back side is a mirror image, of the invention shown in FIG. 12; and,

FIG. 14 is a sectional view taken along cut line 14—14 shown in FIG. 13.

The broken line showing is for illustrative purposes only and forms no part of the claimed design.
