[57] CLAIM

The ornamental design for a cross, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a cross showing my new design, the rear is essentially the same, the difference being the central x shaped portion overlapping the radius member; FIG. 2 is a left side elevational view thereof, the right side is essentially the same, the difference being the absence of the shortened leg member; FIG. 3 is a bottom plan view of the cross of FIG. 1; FIG. 4 is a top plan view of the cross of FIG. 1; FIG. 5 is a front elevational view of a cross showing my new design, the rear is essentially the same, the difference being the central x shaped portion overlapping the radius member; FIG. 6 is a right side plan view of the cross of FIG. 5, the right side view being a mirror image thereof; FIG. 7 is a bottom plan view of the cross of FIG. 5; and, FIG. 8 is a top plan view of the cross of FIG. 5.
