[57] **CLAIM**

The ornamental design for a dosage indicator, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the dosage indicator; FIG. 2 is a top view, shown at a reduced scale, of the dosage indicator; FIG. 3 is a side view, shown at a reduced scale, of the dosage indicator; FIG. 4 is a side view, shown at a reduced scale, of the dosage indicator; and, FIG. 5 is a perspective view of an alternative embodiment of the dosage indicator, the sole difference residing in the printed matter on the raised trapezoidal elements on the top surface. The bottom of the dosage indicator forms no part of the claimed design.
