[57] **CLAIM**

The ornamental design for a combined inhaler and cover, as
shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a first embodiment of the
present invention;

FIG. 2 is a top plan view of the first embodiment of the
present invention;

FIG. 3 is a front elevational view of the first embodiment of
the present invention;

FIG. 4 is a right side elevational view of the first embodi-
ment of the present invention;

FIG. 5 is a rear elevational view of the first embodiment of
the present invention;

FIG. 6 is a left side elevational view of the first embodiment
of the present invention;

FIG. 7 is a bottom plan view of the first embodiment of the
present invention;

FIG. 8 is a persepective view of the present invention, with
the cover removed;

FIG. 9 is a top plan view of the second embodiment of the
present invention;

FIG. 10 is a front elevational view of the second embodi-
ment of the present invention;

FIG. 11 is a right side elevational view of the second
embodiment of the present invention;

FIG. 12 is a rear elevational view of the second embodiment
of the present invention;

FIG. 13 is a left side elevational view of the second
embodiment of the present invention; and,

FIG. 14 is a bottom plan view of the second embodiment of
the present invention.
