[57] **CLAIM**

The ornamental design for a lens for a combined lens for
clearance sidemarker and identification lamp, as shown and
described.

DESCRIPTION

FIG. 1 is a front view of a combined lens for clearance
sidemarker and identification lamp showing our new design;
FIG. 2 is a rear elevational view thereof;
FIG. 3 is a top view thereof, with the bottom view being a
mirror image of the top view shown; and,
FIG. 4 is a side elevational view thereof, with the opposite
side being a mirror image of the side shown.
