The ornamental design for a vehicle visor, as shown and described.

DESCRIPTION

FIG. 1 is a top left perspective view of a vehicle visor, showing our new design mounted on an extended cab pickup truck. The broken line showing of a pickup truck is for illustrative purposes only and forms no part of the claimed design;

FIG. 2 is a top left perspective view of the vehicle visor;

FIG. 3 is a top plan view thereof;

FIG. 4 is a front elevational view thereof;

FIG. 5 is a rear elevational view thereof;

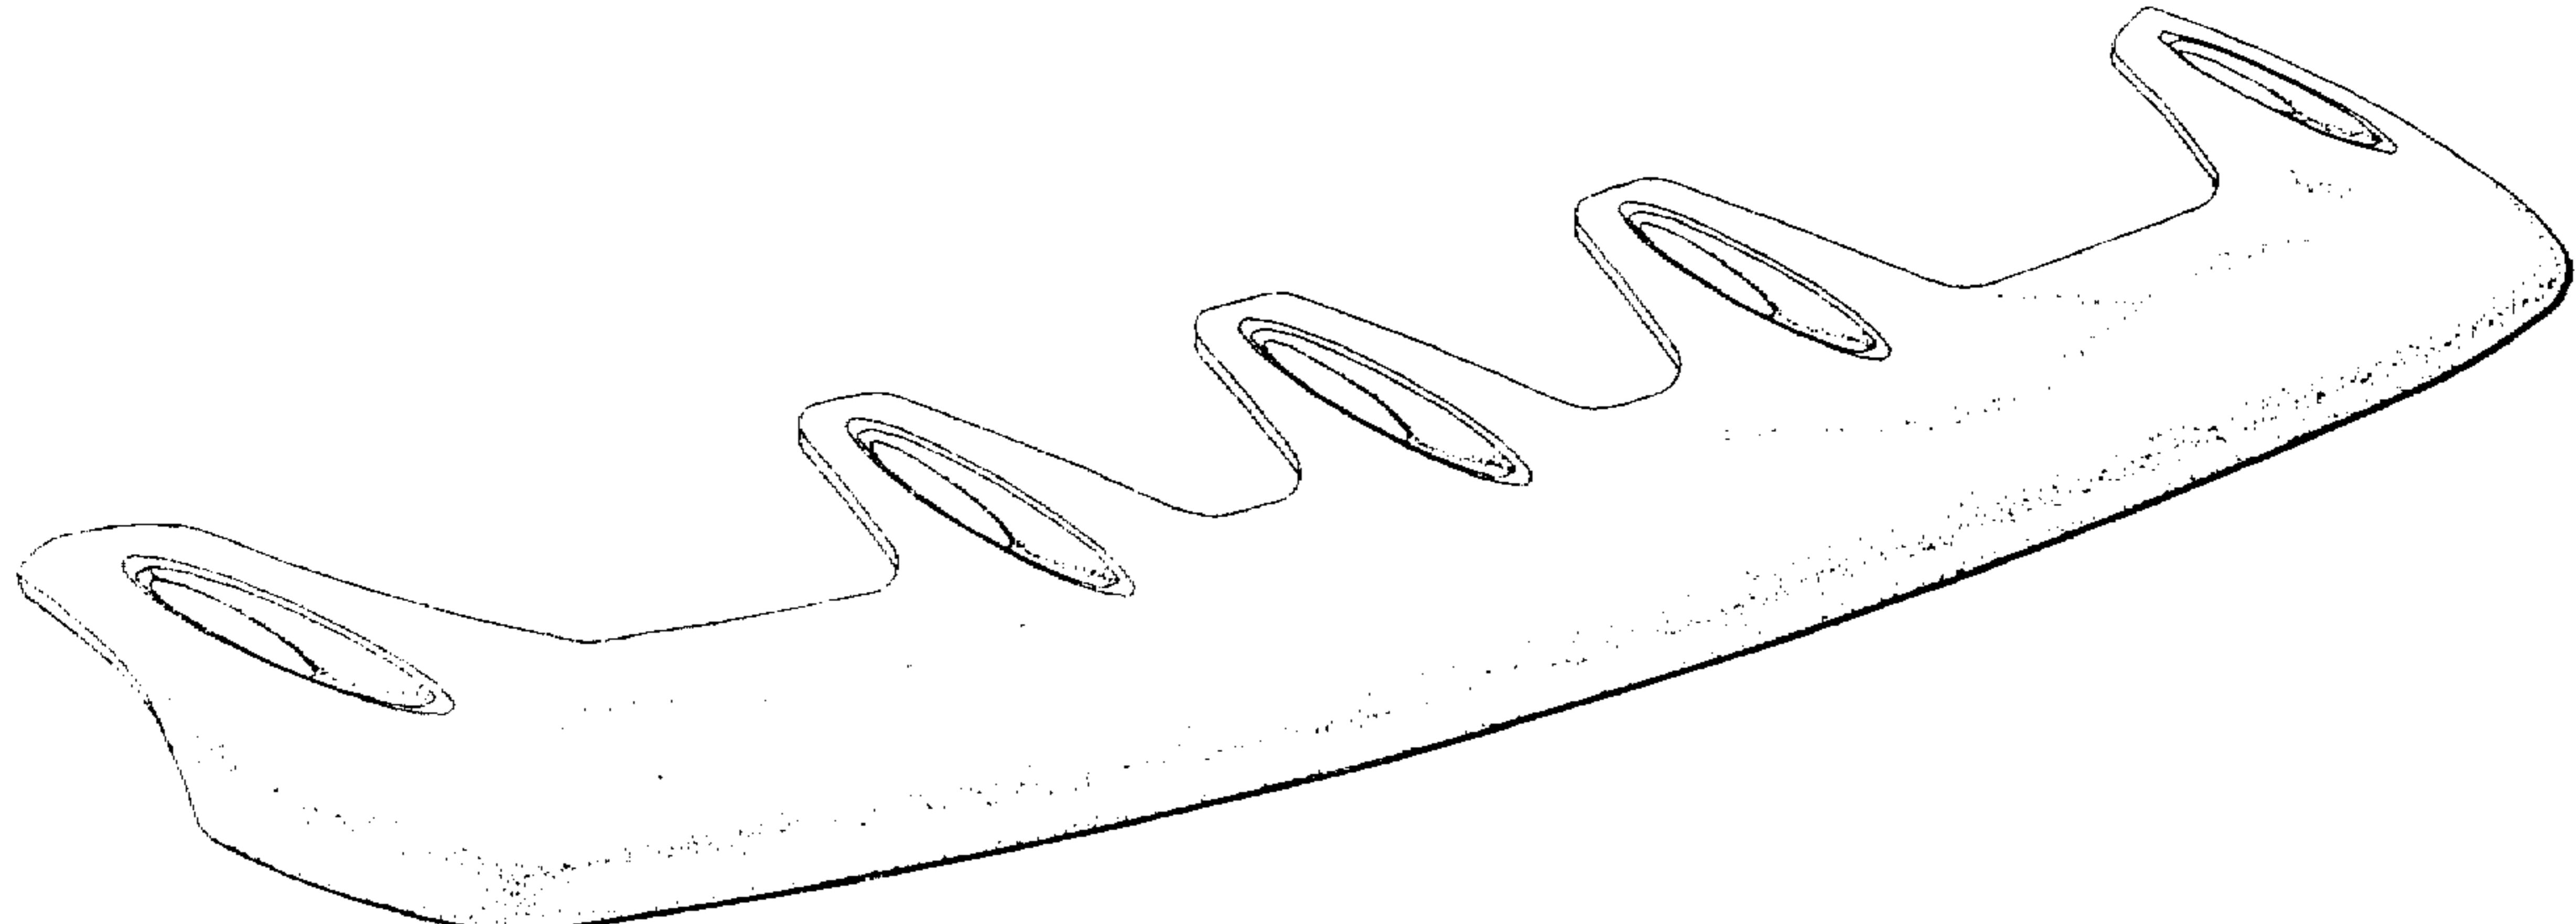

FIG. 6 is a right end elevational view thereof;

FIG. 7 is a top left perspective view of a second embodiment of a vehicle visor, having an appearance substantially the same as the visor of FIG. 2, except for the addition of caps to the five oval recesses on the top surface of the visor;

FIG. 8 is a top plan view thereof;

FIG. 9 is a front elevational view thereof; and,

FIG. 10 is a right end elevational view thereof.
