[57] CLAIM

The ornamental design for a suture braid, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a suture braid showing my new design, the rear elevational view being identical thereto;

FIG. 2 is a left side elevational view thereof, the right side elevational view being identical thereto;

FIGS. 3 and 4 are, respectively, top and bottom end elevational views consistent with the suture braid of FIG. 1;

FIG. 5 is a front elevational view of a second embodiment of a suture braid showing my new design, the rear elevational view being identical thereto;

FIG. 6 is a left side elevational view thereof, the right side elevational view being identical thereto; and,

FIGS. 7 and 8 are, respectively, top and bottom and elevational views consistent with the suture braid of FIG. 5.

The broken showing of the ends of a suture braid is to indicate a suture braid of indeterminate length.
