U.S. PATENT DOCUMENTS

Primary Examiner—Antoine Duval Davis

CLAIM [57]

The ornamental design for an infrared thermometer, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a dolphin-shaped infrared thermometer showing my new design;

FIG. 2 is a front elevational view thereof, wherein a protective and sanitary cover is further attached to the mouth portion of the dolphin-shaped infrared thermometer;

FIG. 3 is a rear elevational view thereof;

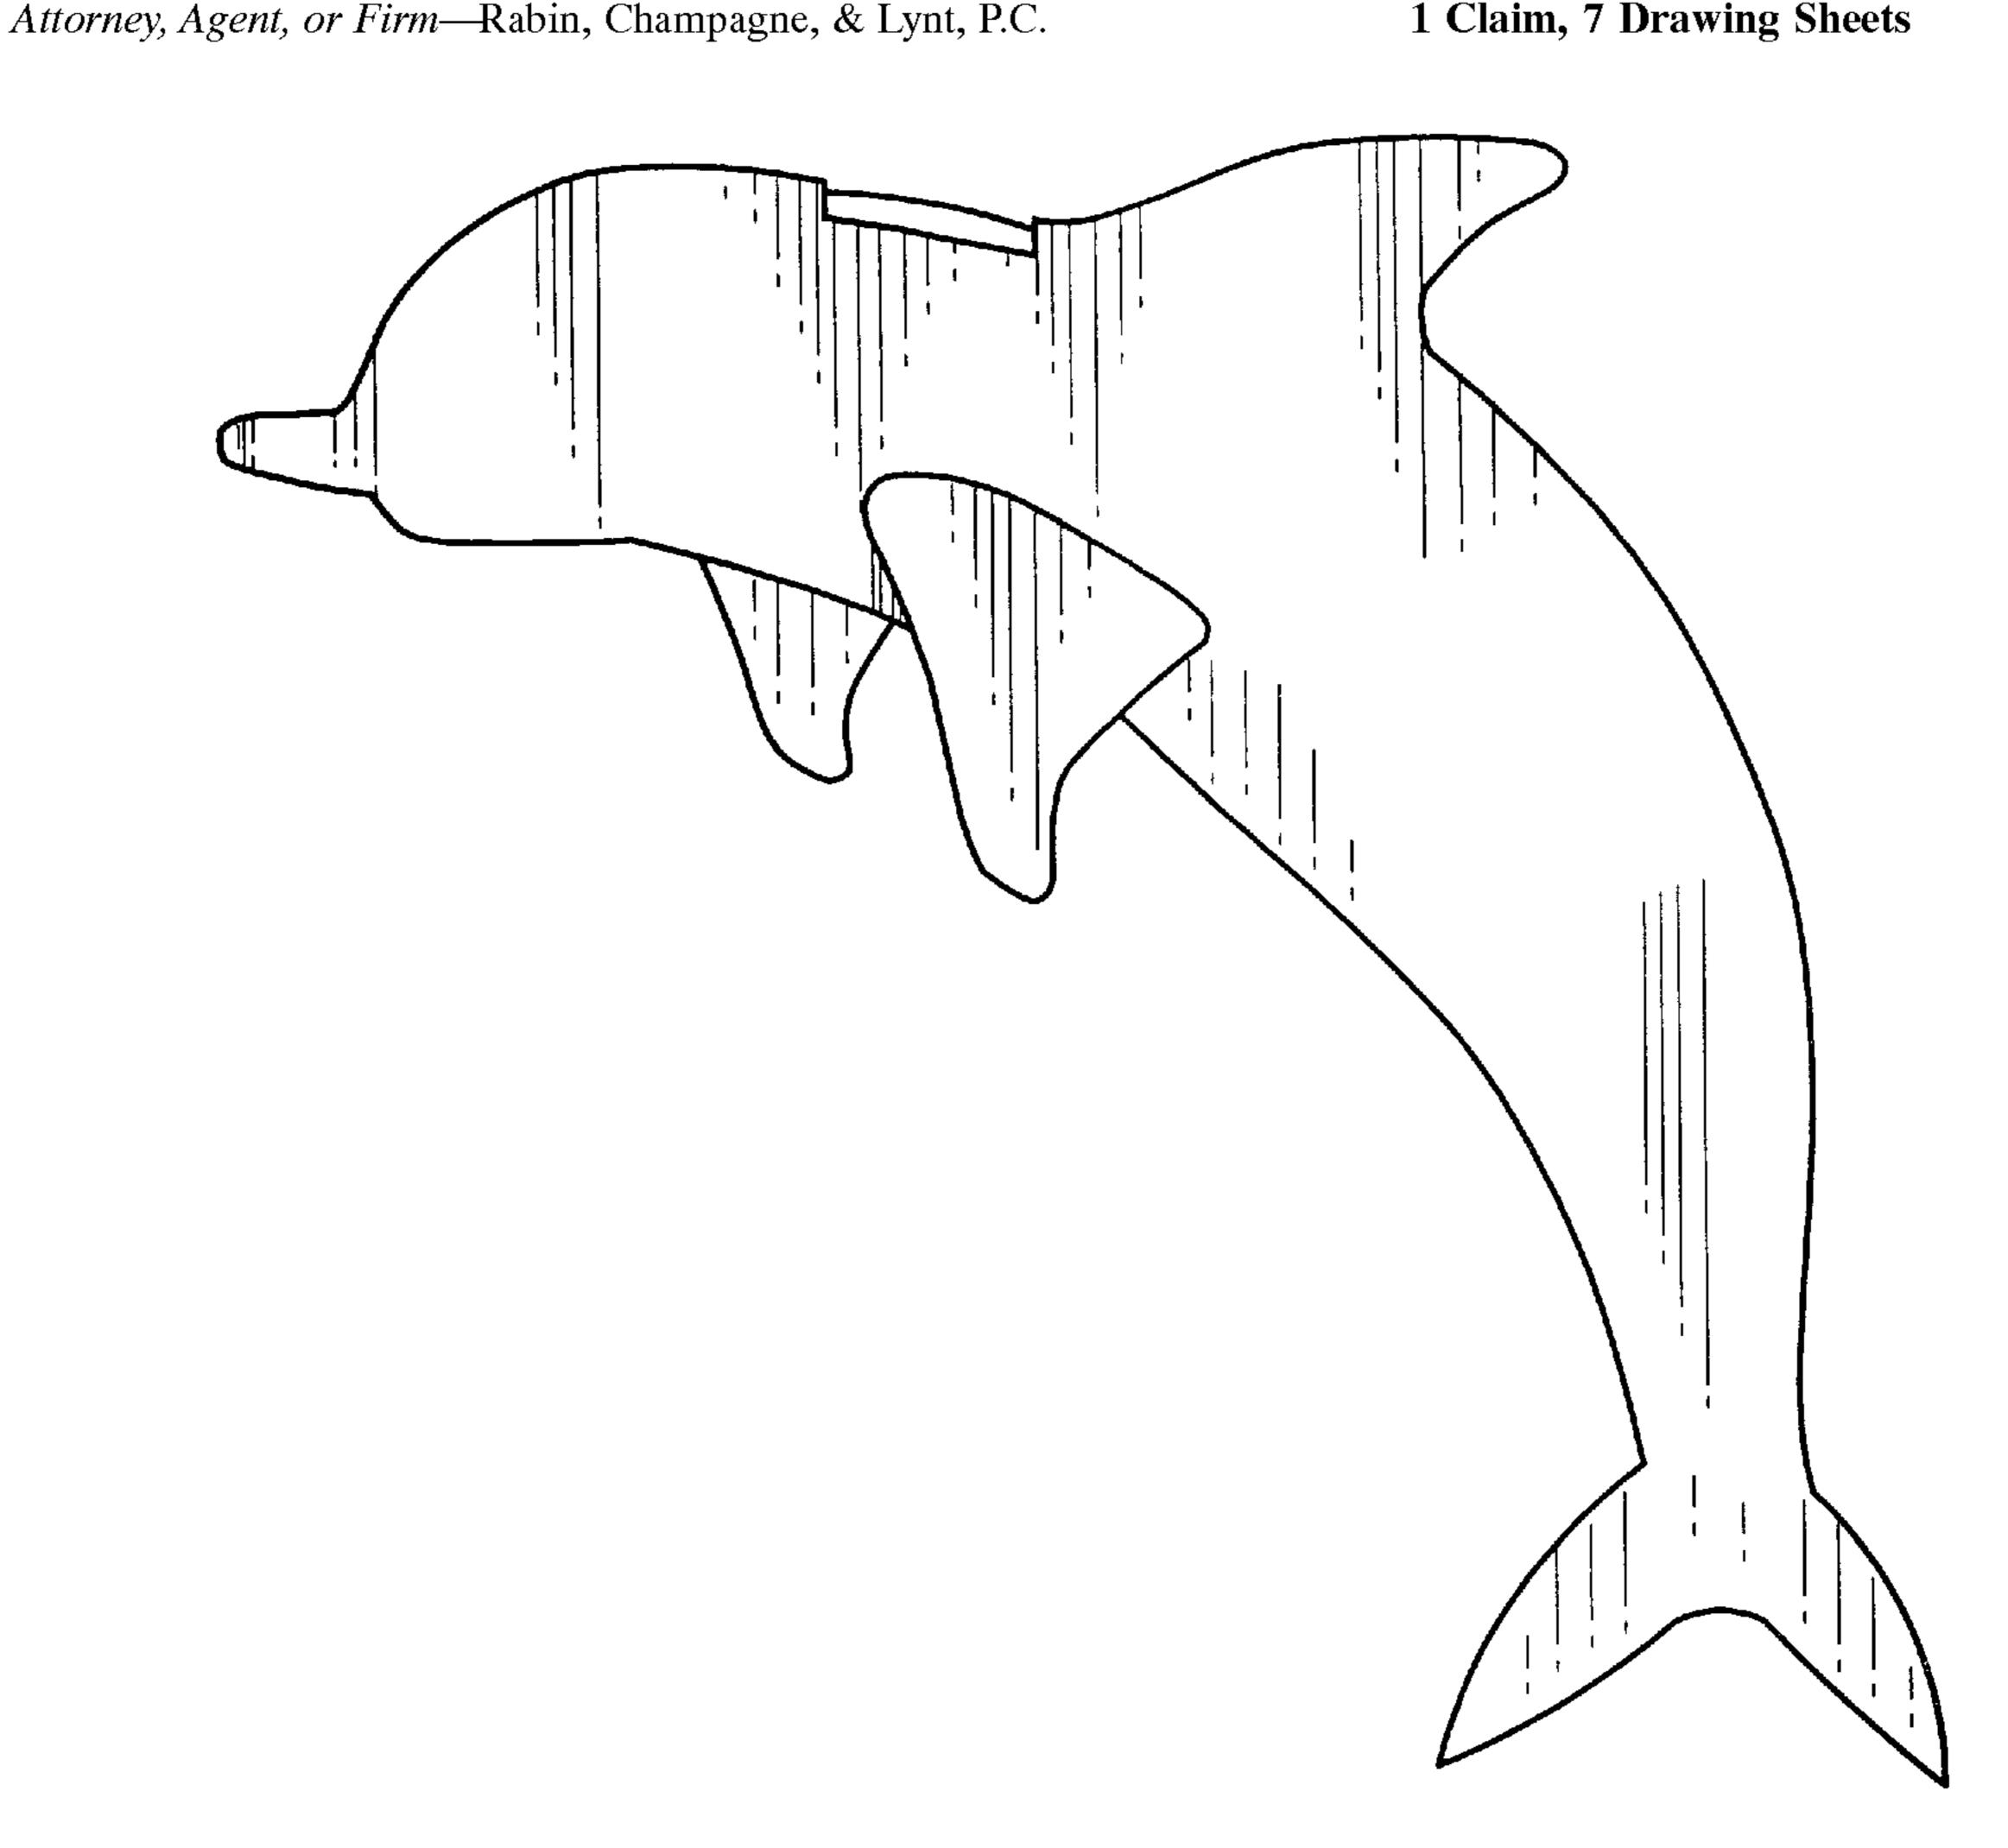

FIG. 4 is a right side elevational view thereof, wherein a protective and sanitary cover is further attached to the mouth portion of the dolphin-shaped infrared thermometer;

FIG. 5 is a left side elevational view thereof, wherein a protective and sanitary cover is further attached to the mouth portion of the dolphin-shaped infrared thermometer;

FIG. 6 is a top plan view thereof, wherein a protective and sanitary cover is further attached to the mouth portion of the dolphin-shaped infrared thermometer; and,

FIG. 7 is a bottom plan view thereof, wherein a protective and sanitary cover is further attached to the mouth portion of the dolphin-shaped infrared thermometer.
