[57] **CLAIM**

We claim the ornamental design for a fendertip trim, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a fendertip trim showing our new design;

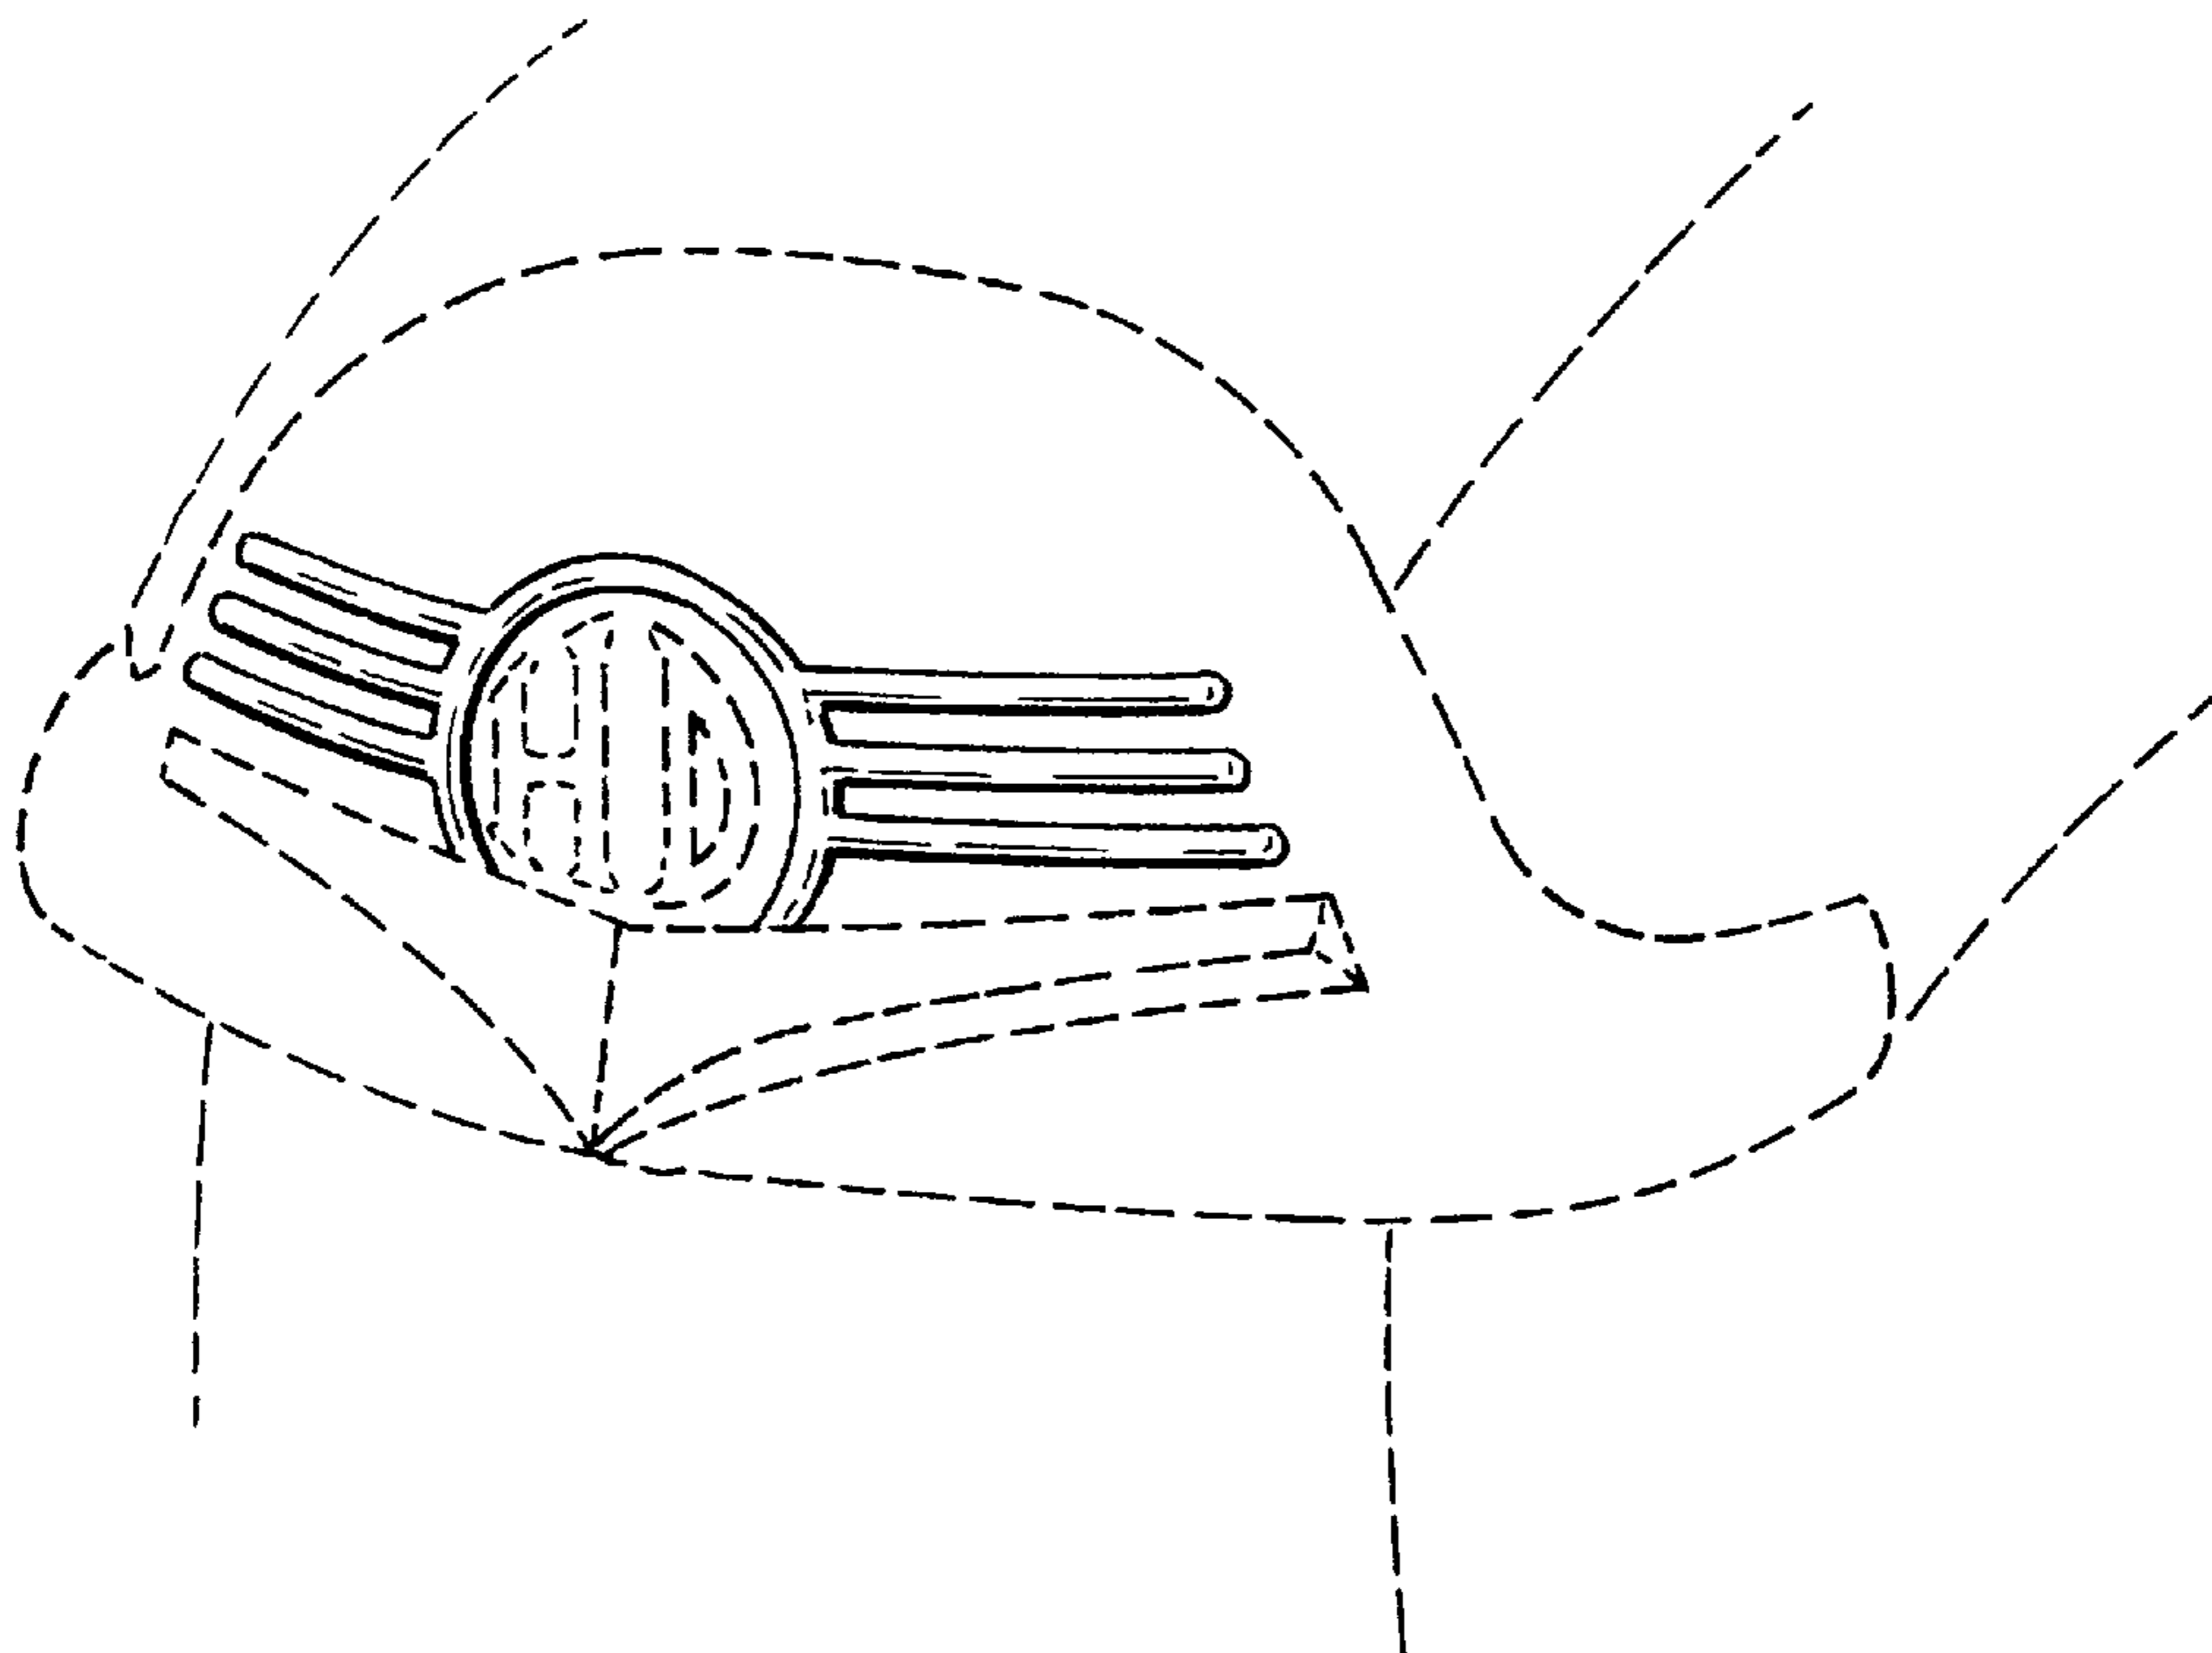

FIG. 2 is a front view of the fendertip trim of FIG. 1;

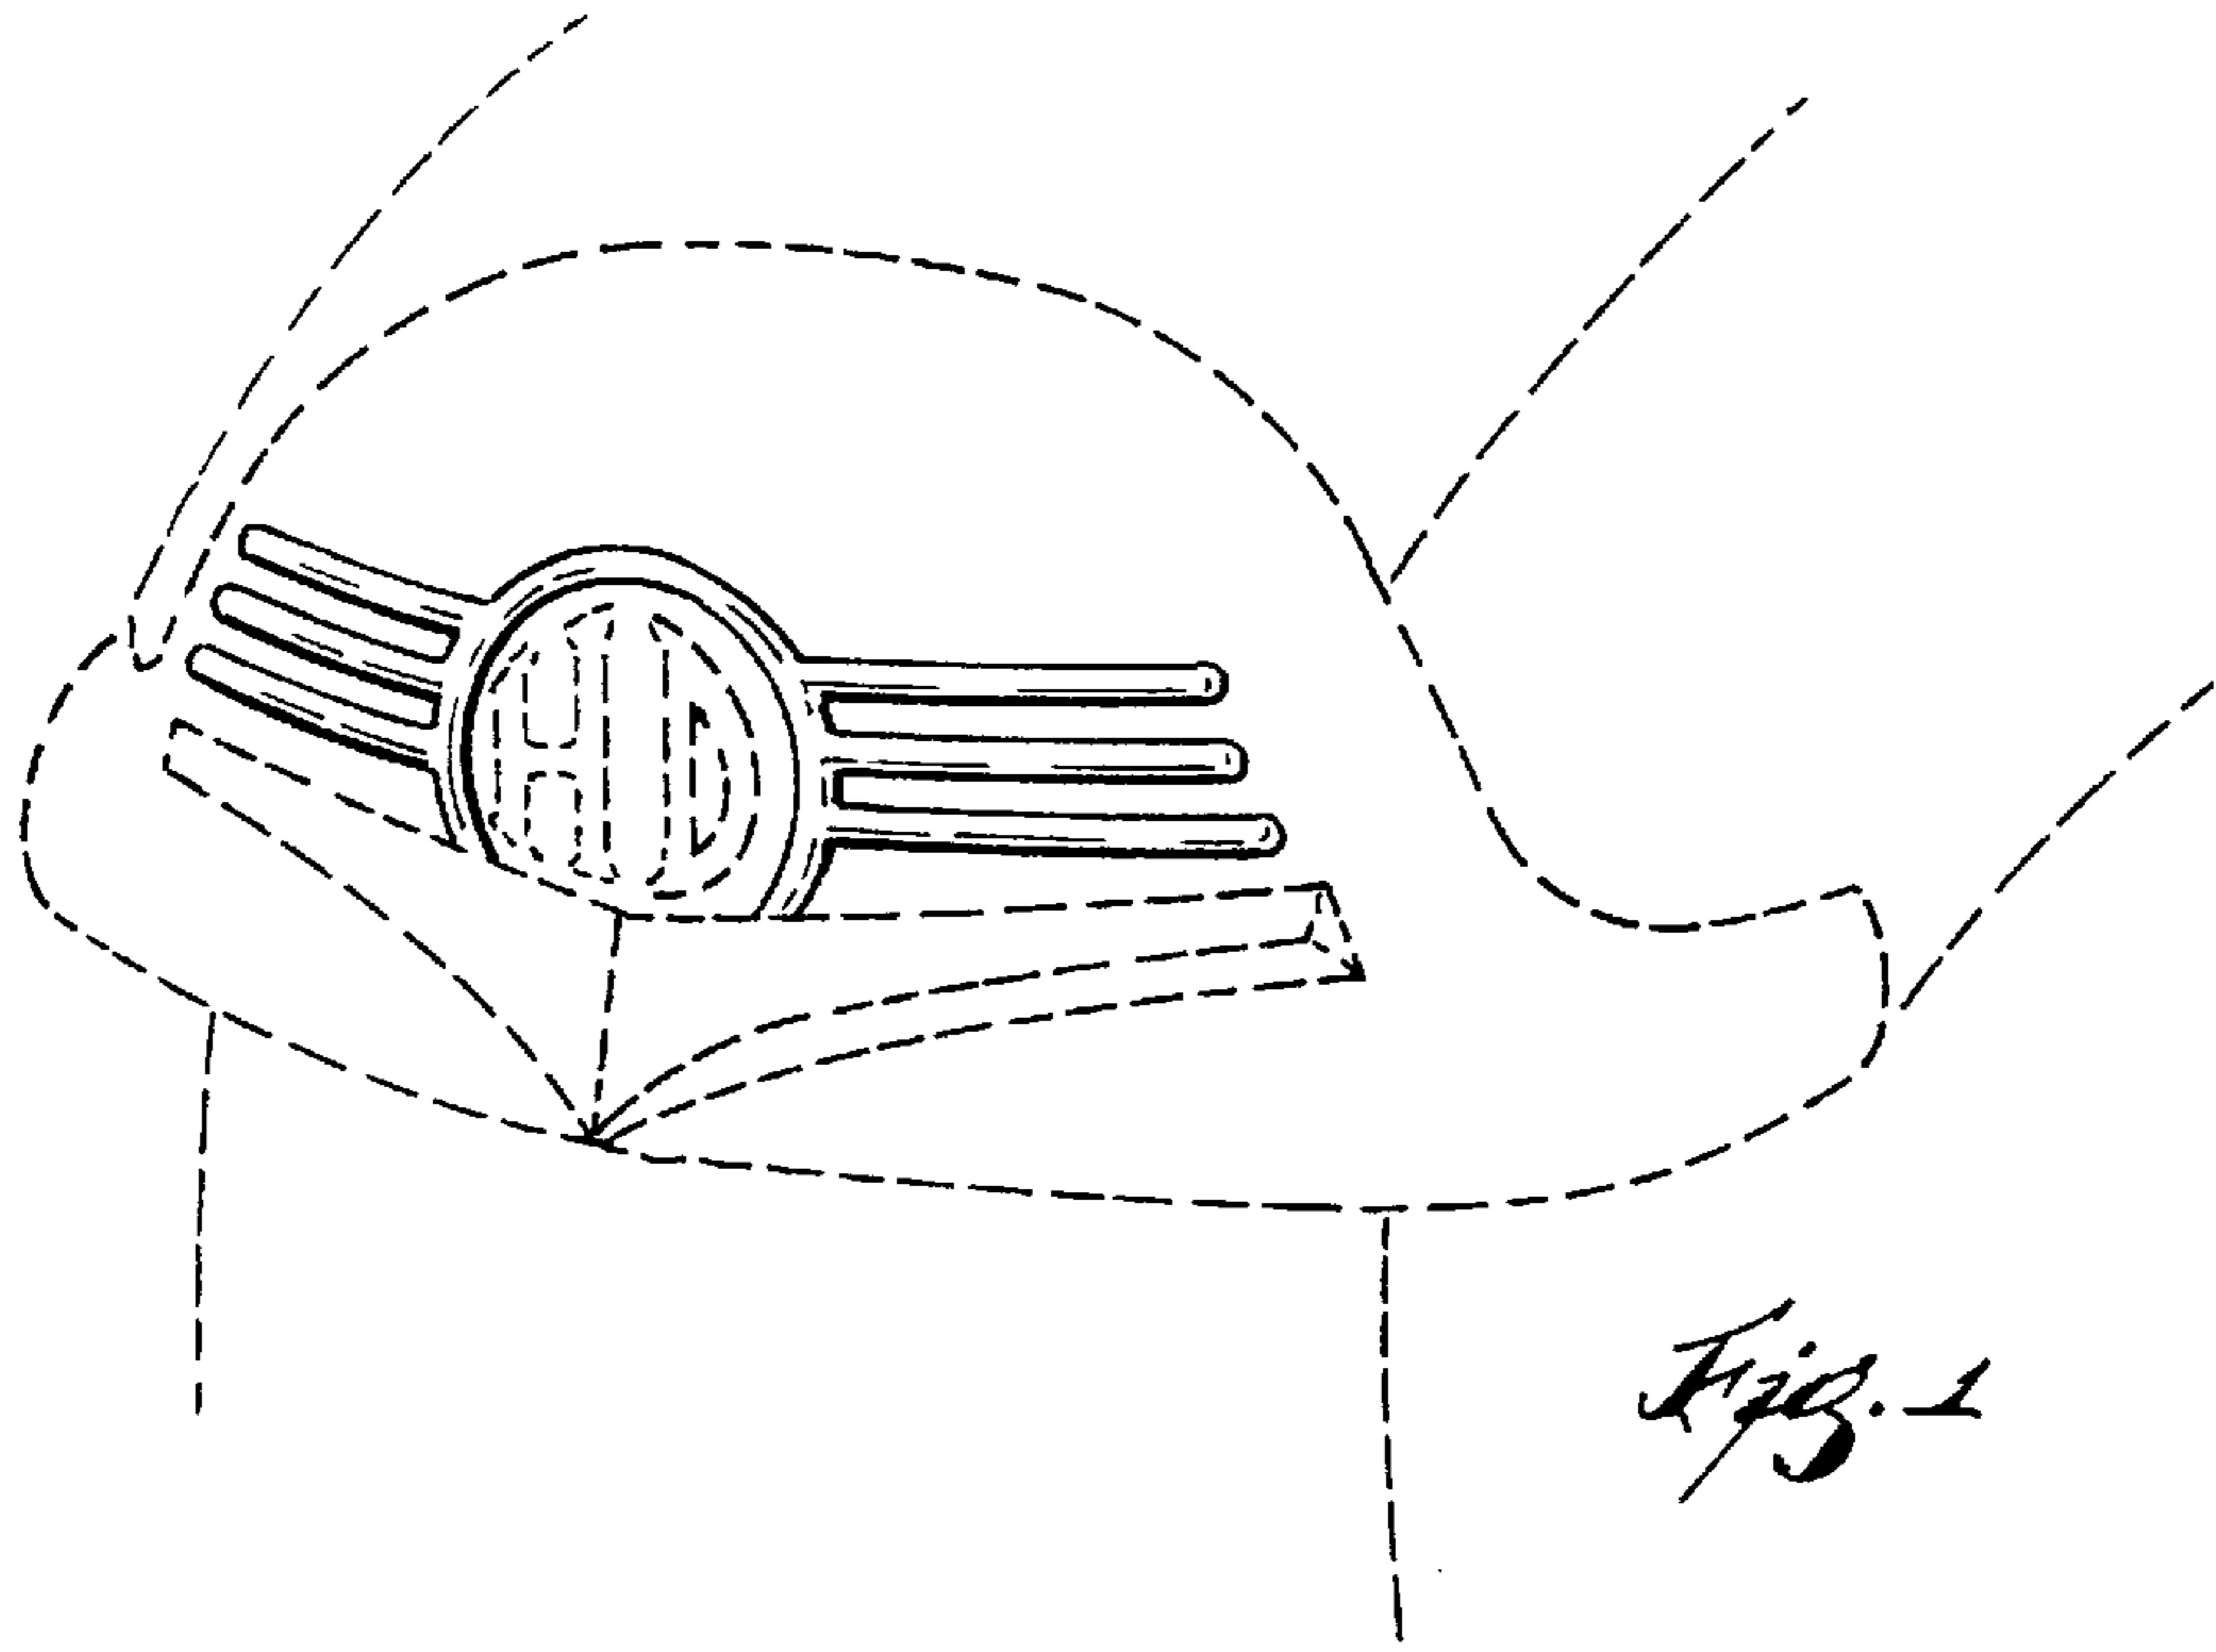

FIG. 3 is a top perspective view of the fendertip trim of FIG. 1; and,

FIG. 4 is a left side view of the fendertip trim of FIG. 1 the right side being a mirror image of that shown.

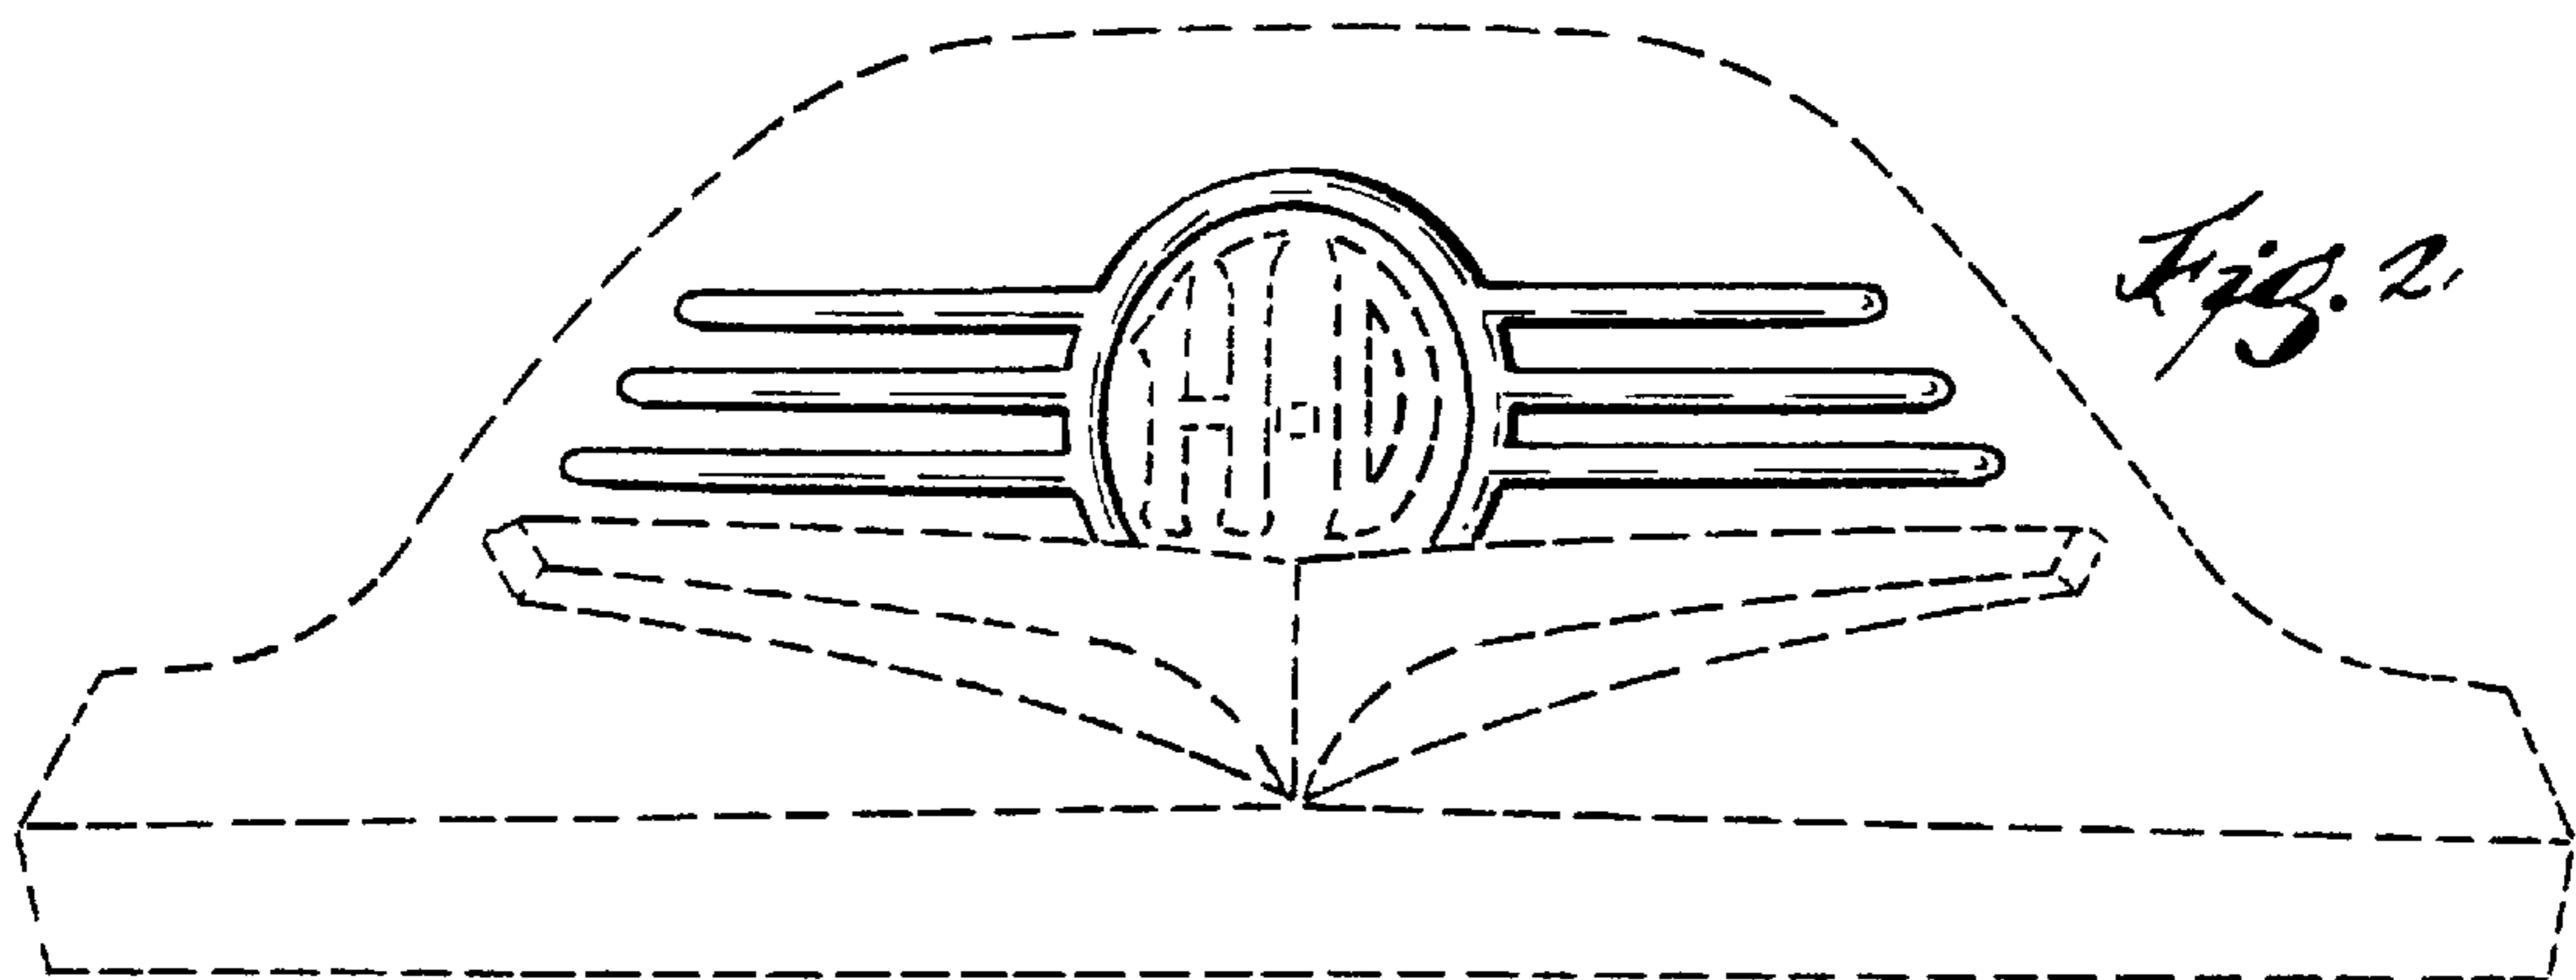

The motorcycle fender in broken lines in all drawing views are for illustrative purposes only and form no part of the claimed design. The bottom and rear of the fendertip trim are not visible in its normal and intended use because they are substantially obscured by the motorcycle fender.
