Old pediatric catheter connector.

Primary Examiner—Susan J. Lucas

Assistant Examiner—Cynthia E. Ramirez

[57] **CLAIM**

The ornamental design for a pediatric catheter connector, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a first embodiment of a pediatric catheter connector embodying my design;

FIG. 2 is a right side elevational view thereof, the left side being a mirror image thereof;

FIG. 3 is a rear elevational view thereof;

FIG. 4 is a top plan view thereof;

FIG. 5 is a rear elevational view of another embodiment having three tubing openings, the other views thereof being identical to FIGS. 1, 2, and 4; and,

FIG. 6 is a rear elevational view of another embodiment having four tubing openings, the other views thereof being identical to FIGS. 1, 2, and 4.
