[57] CLAIM

The ornamental design for a bicycle accessory for warming the ears of a bicycle rider, as shown and described.

DESCRIPTION

FIG. 1 is a side elevational view of the bicycle accessory for warming the ears of a bicycle rider, with a helmet and straps shown in broken lines for purposes of illustration only and forming no part of the claimed design; FIG. 2 is an enlarged, side isometric view of the invention; FIG. 3 is a rear elevational view of FIG. 2; FIG. 4 is a left side elevational view of FIG. 2, the right side elevational view being a mirror image thereof; FIG. 5 is a top plan view of FIG. 2; and, FIG. 6 is a bottom plan view of FIG. 2. The crisscross lines which are partially shown on the surface of the bicycle accessory for warming the ears of a bicycle rider in FIGS. 1 through 7 are understood to repeat uniformly across the entire surface.
