[57] **CLAIM**

The ornamental design for a cutlery handle, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a cutlery handle showing my new design and showing a portion of a knife blade in broken line, and broken away, this broken line element is for illustrative purposes only and forms no part of the claimed design;

FIG. 2 is a top plan view of the cutlery handle;

FIG. 3 is a bottom plan view of the cutlery handle;

FIG. 4 is a first side elevational view of the cutlery handle; and,

FIG. 5 is a second side elevational view of the cutlery handle.

While FIGS. 4 and 5 illustrate two side views, various other side views, of the cutlery handle would be the same, except for the knife blade, shown in broken line, which is for illustrative purposes only and forms no part of the claimed design.

While a dotted outline of a knife blade is shown, it is to be understood that other forms of flatware could be provided.
