[57] CLAIM

The ornamental design for a safety chain anchor arms for a gooseneck hitch assembly, as shown and described.

# **DESCRIPTION**

FIG. 1 is a top plan view of the visible portion of the safety chain anchor arms for a gooseneck hitch assembly when installed in a vehicle such as a pick-up truck;

FIG. 2 is a front elevational view thereof, the rear elevational view being substantially a mirror image;

FIG. 3 is a left side elevational view thereof;

FIG. 4 is a right side elevational view thereof;

FIG. 5 is a perspective view thereof with the safety chain anchor arms and hitch ball positioned for towing;

FIG. 6 is a front elevational view in the towing position;

FIG. 7 is a right side elevational view in the towing position;

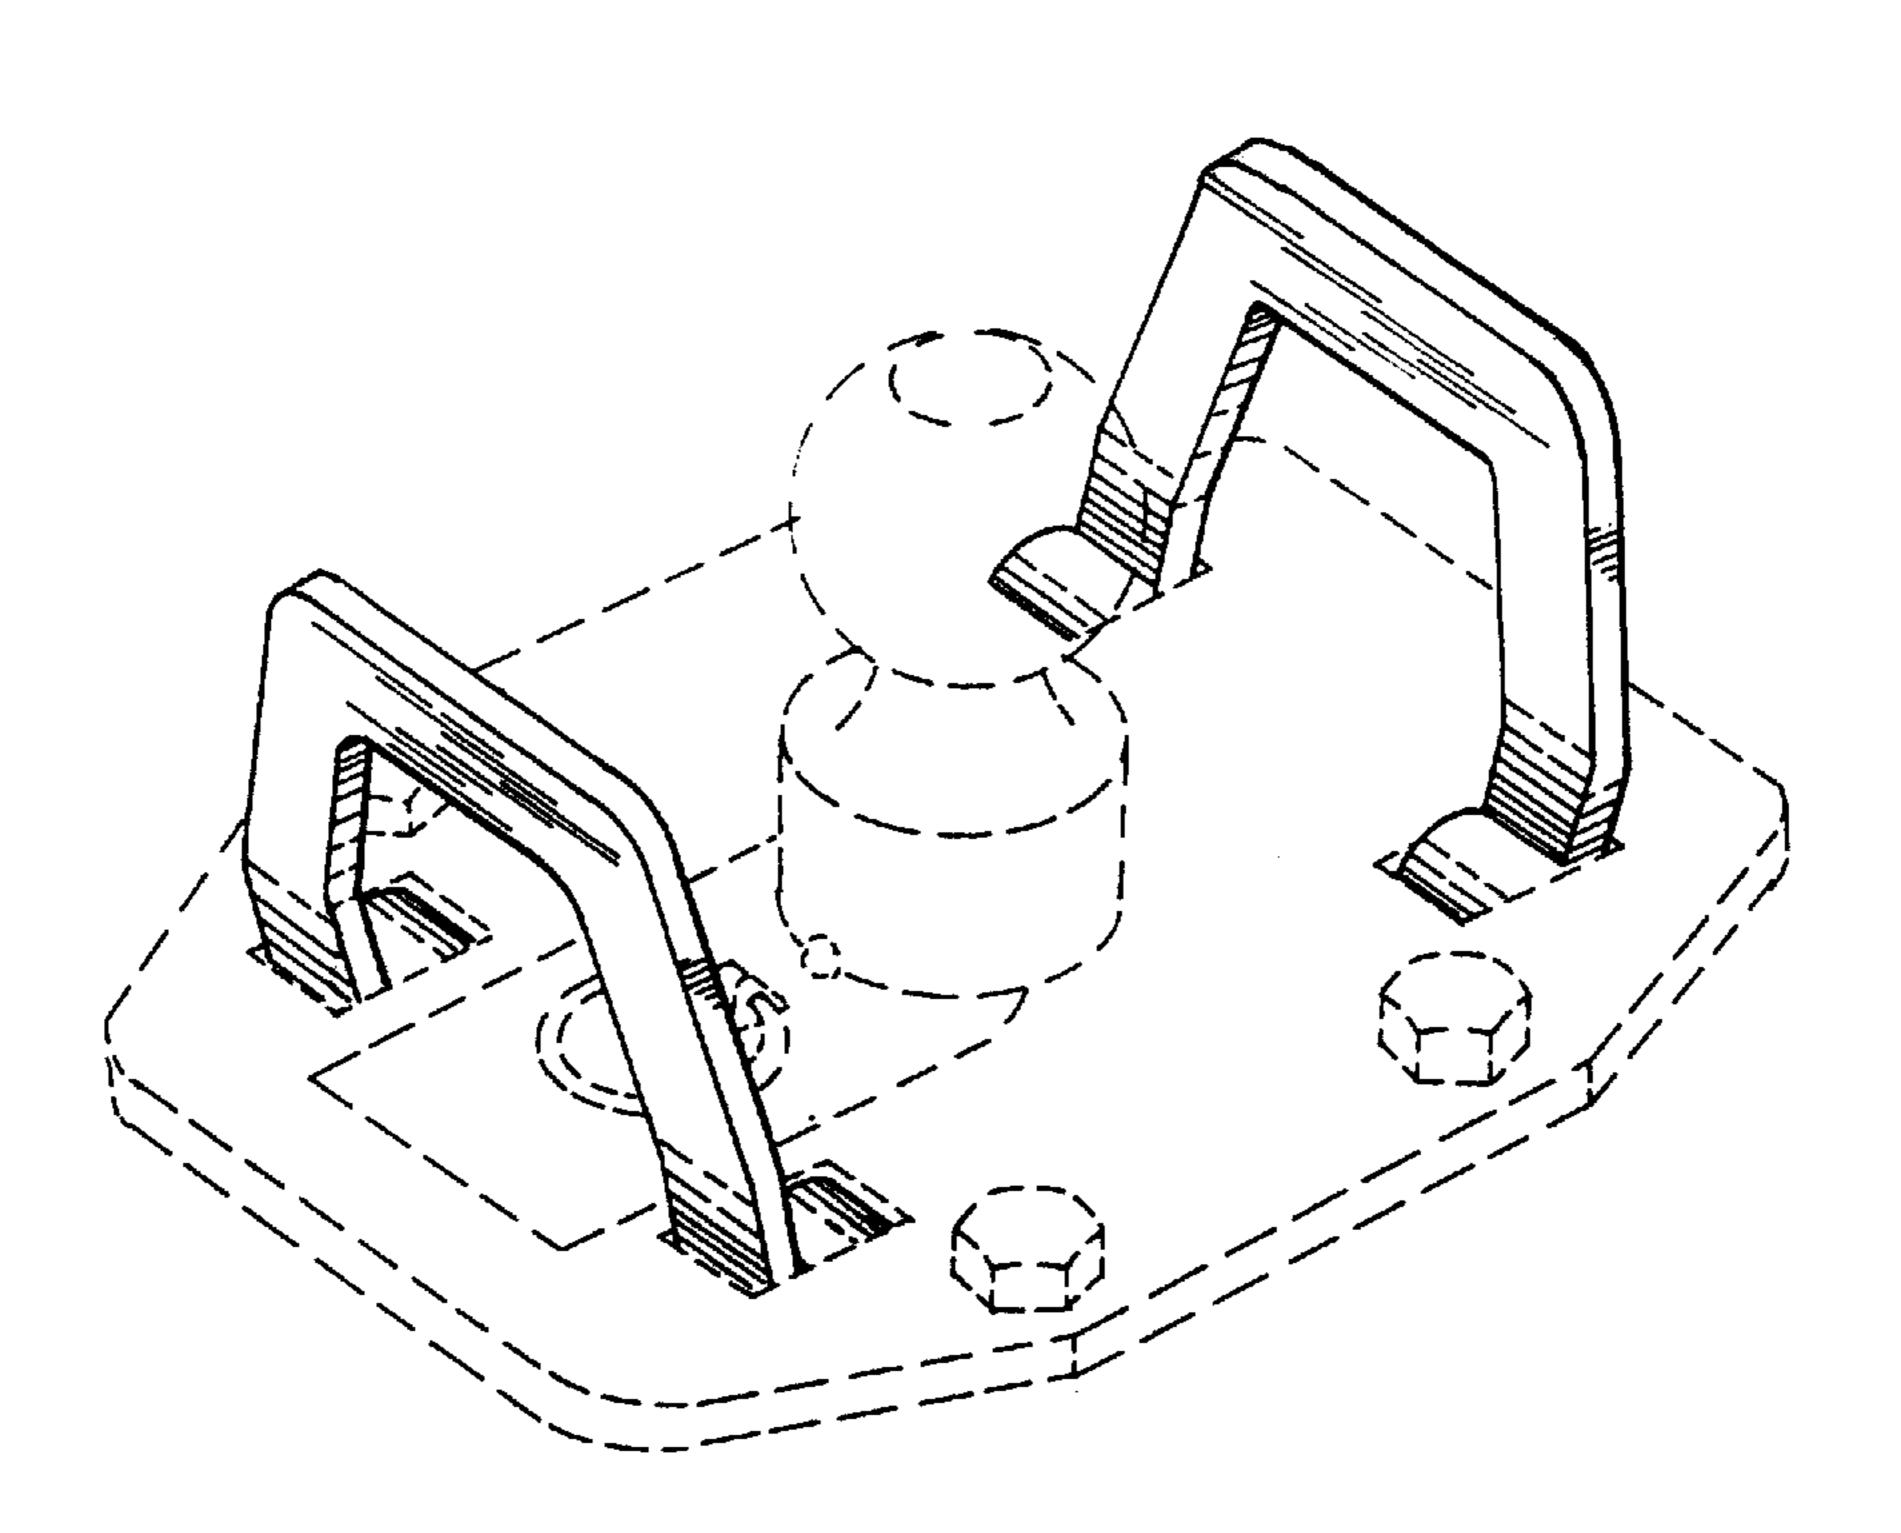

FIG. 8 is a rear elevational view of the towing position;

FIG. 9 is a left side elevational view of the towing position; and,

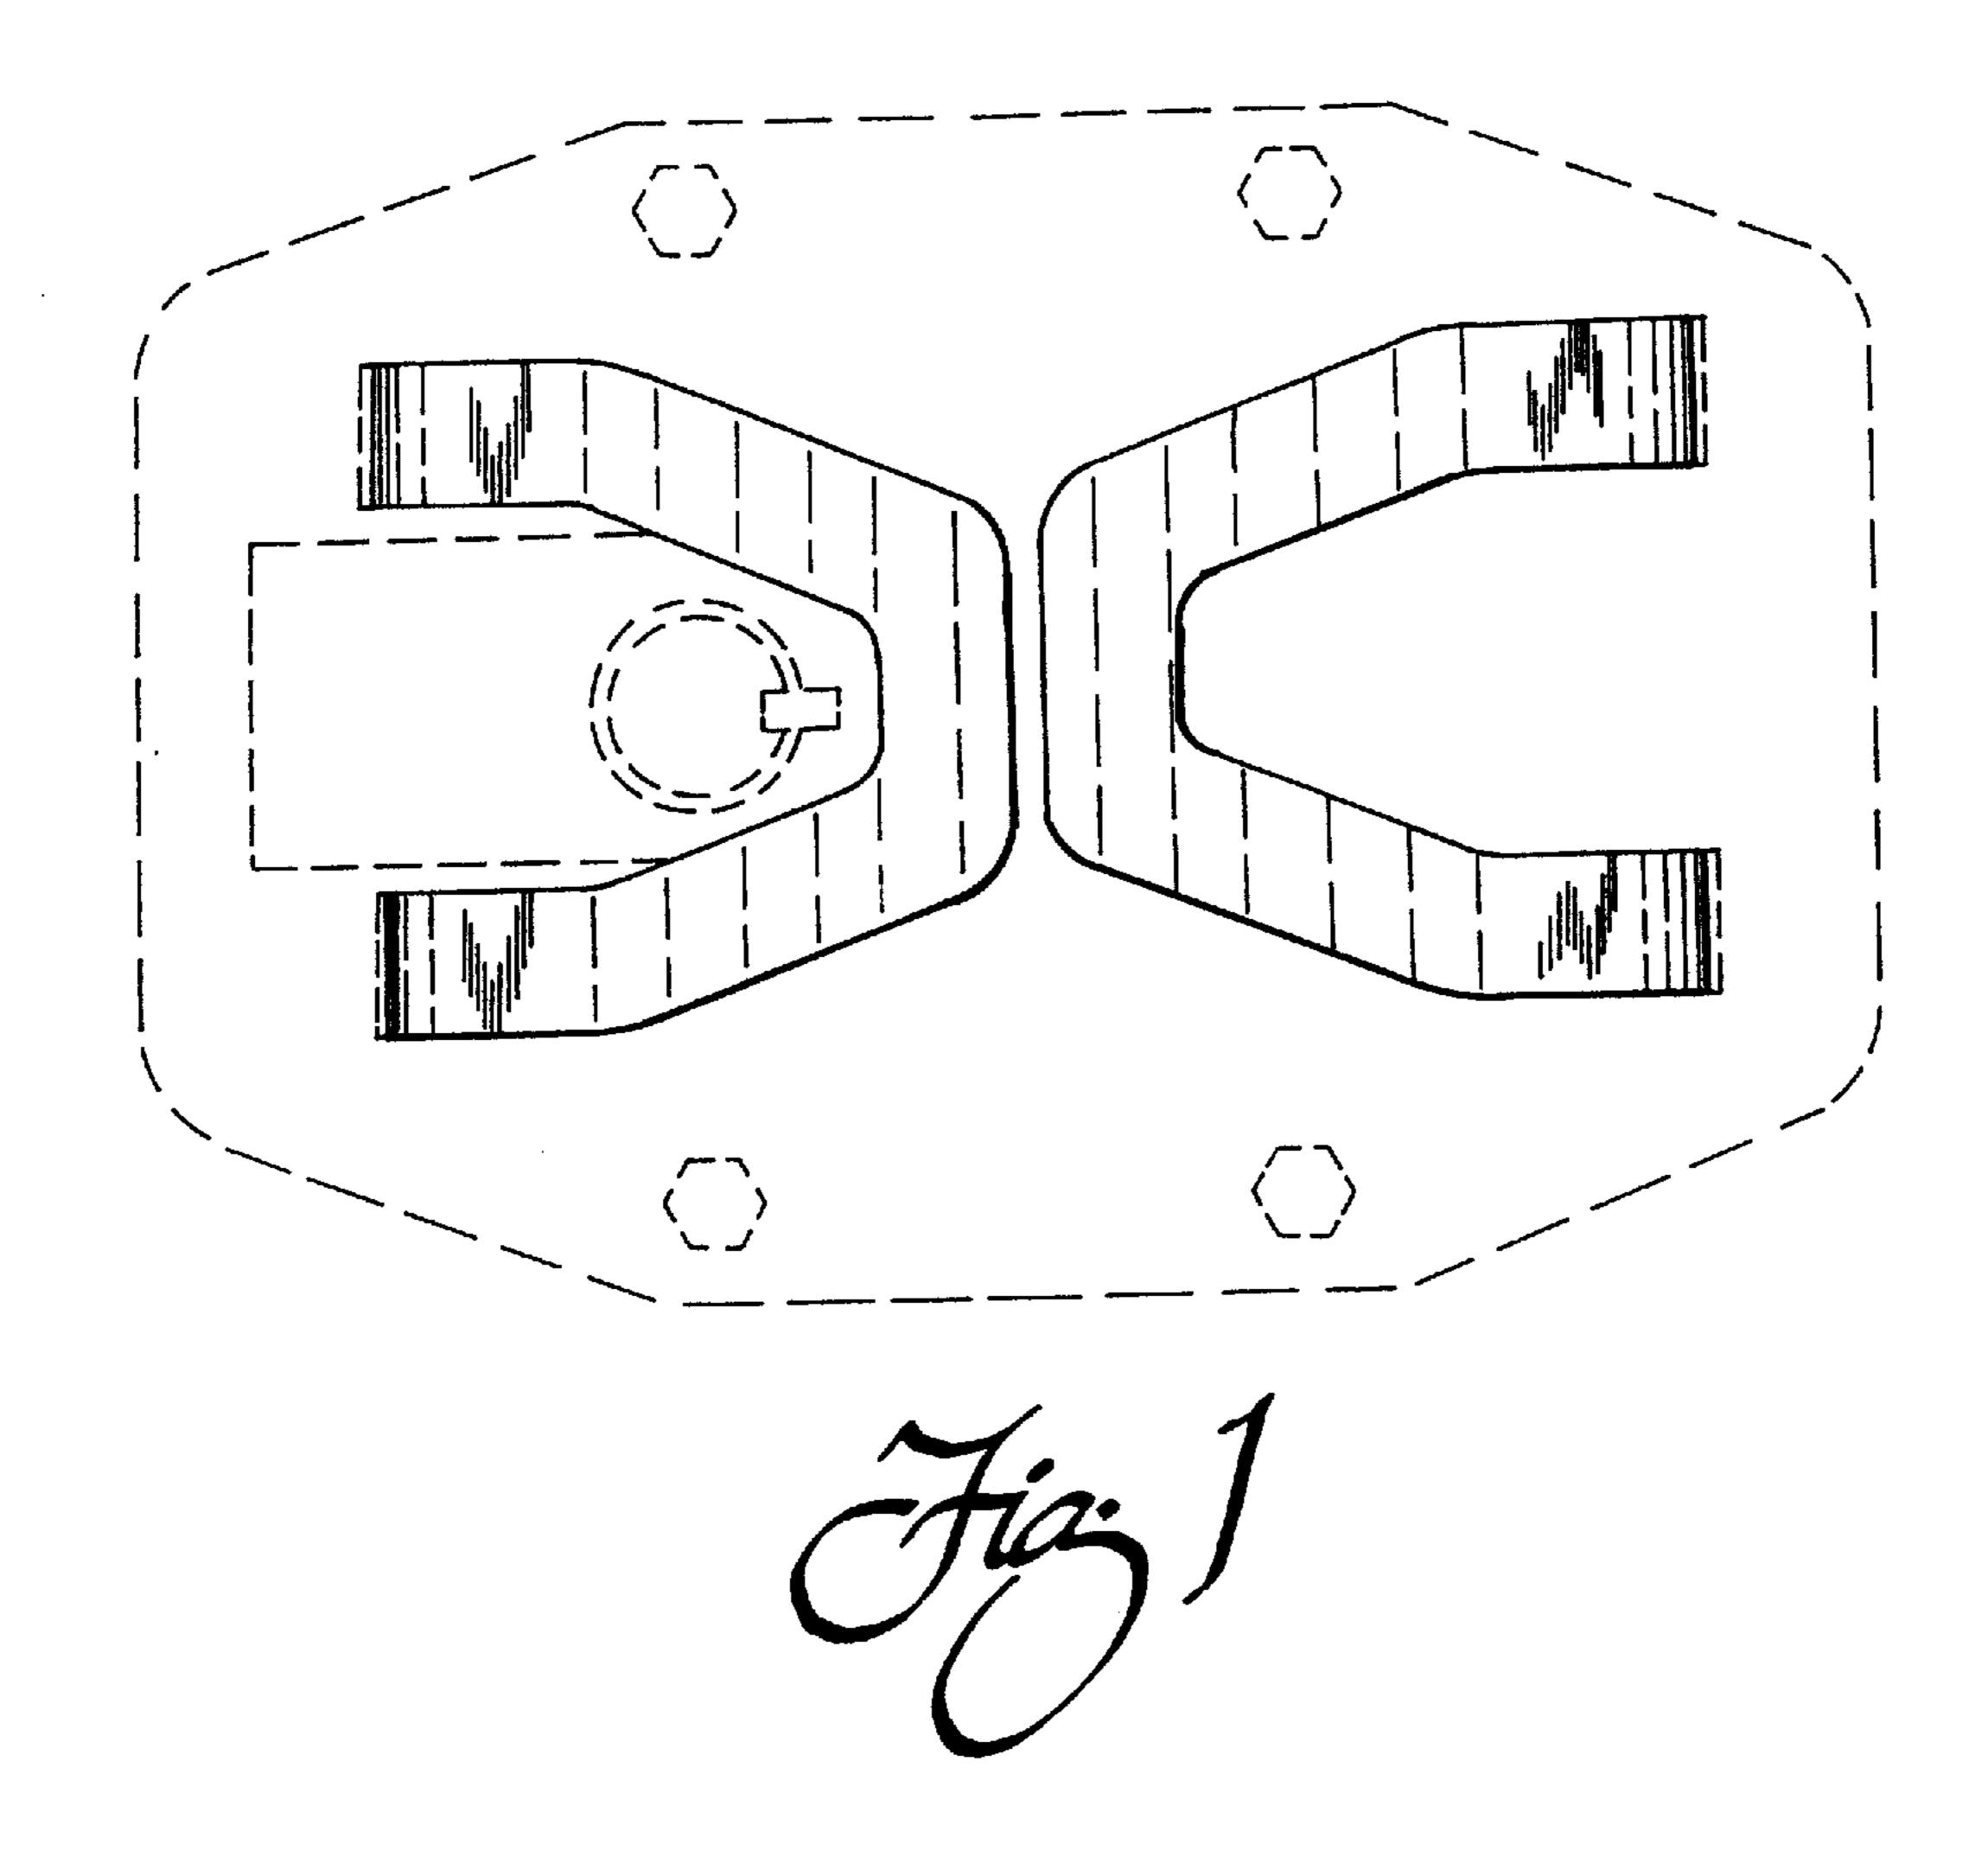

FIG. 10 is a top plan view of the towing position.

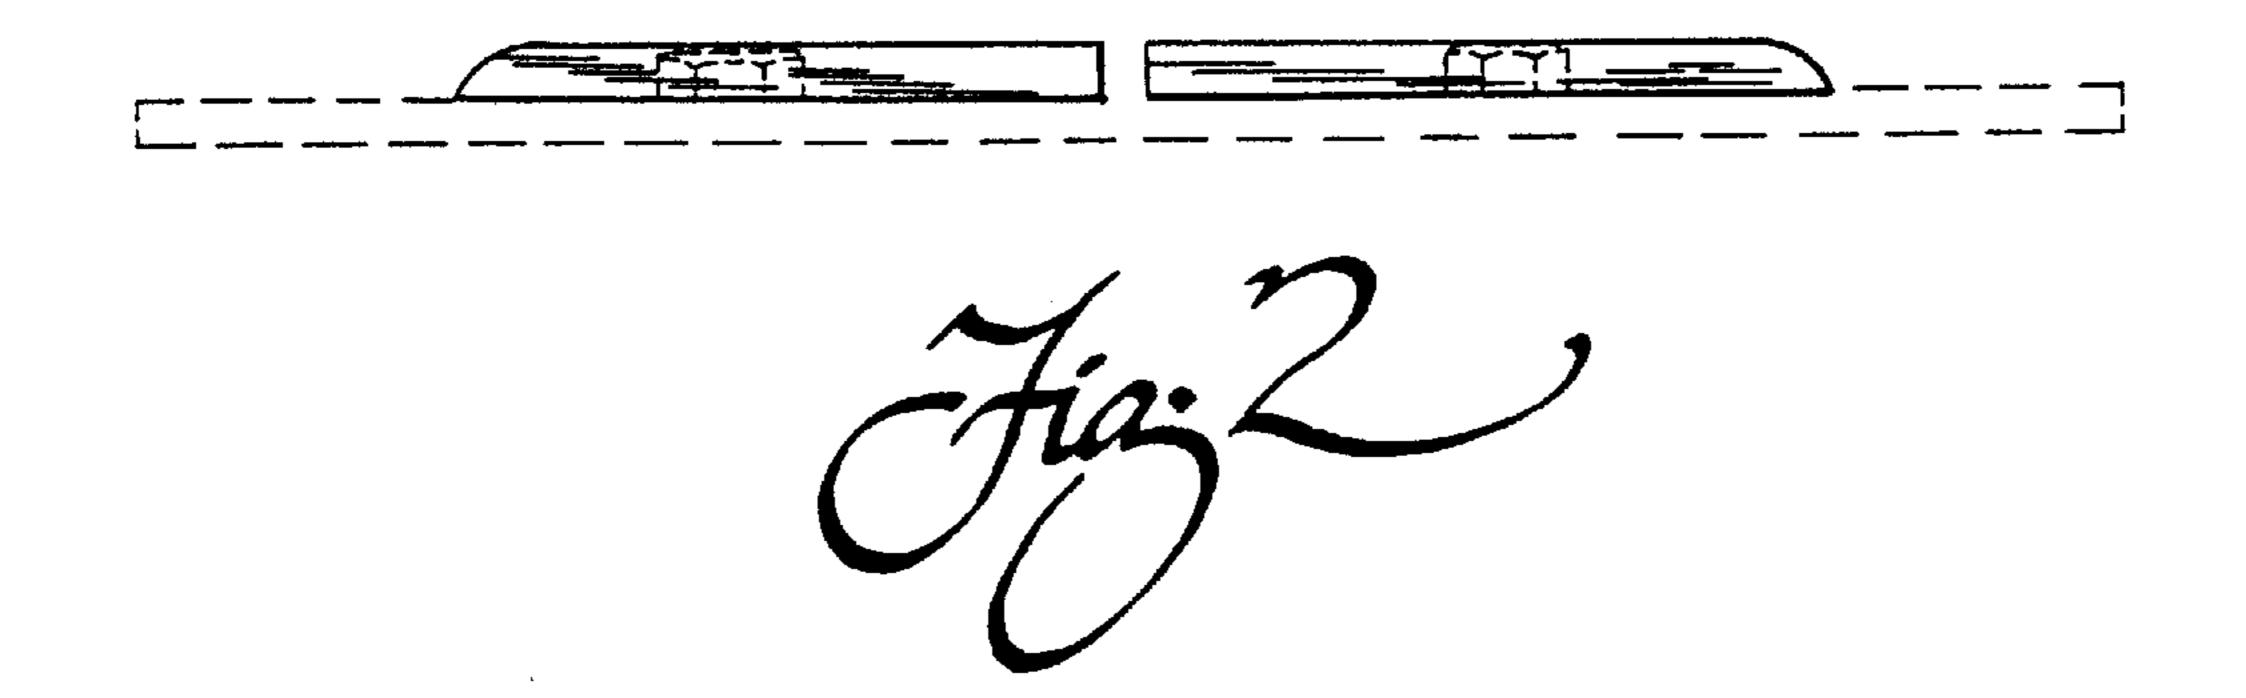

The broken line showing of environment is for illustrative purposes only and forms no part of the claimed design.
