[57] **CLAIM**

The ornamental design of a power input transfer panel, as shown and described.

DESCRIPTION

FIG. 1 is an isometric view showing a power input transfer panel incorporating my new design, with the phantom lines indicating environment and forming no part of the claimed design;

FIG. 2 is a front elevation view thereof;

FIG. 3 is a top plan view thereof, with the phantom lines representing components forming no part of the claimed design;

FIG. 4 is a side elevation view thereof, with the phantom lines representing components forming no part of the claimed design; and,

FIG. 5 is a bottom plan view thereof, with the phantom lines showing components forming no part of the claimed design.
