[57] CLAIM

The ornamental design for a gas-fired artificial log fireplace unit with two logs having the split side facing out, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a gas-fired artificial log fireplace unit with two logs having the split side facing out showing our new design;

FIG. 2 is a front elevational view of the gas-fired artificial log fireplace unit with two logs having the split side facing out of FIG. 1;

FIG. 3 is a left side elevational view of the gas-fired artificial log fireplace unit with two logs having the split side facing out of FIG. 1;

FIG. 4 is a rear elevation view of the gas-fired artificial log fireplace unit with two logs having the split side facing out of FIG. 1;

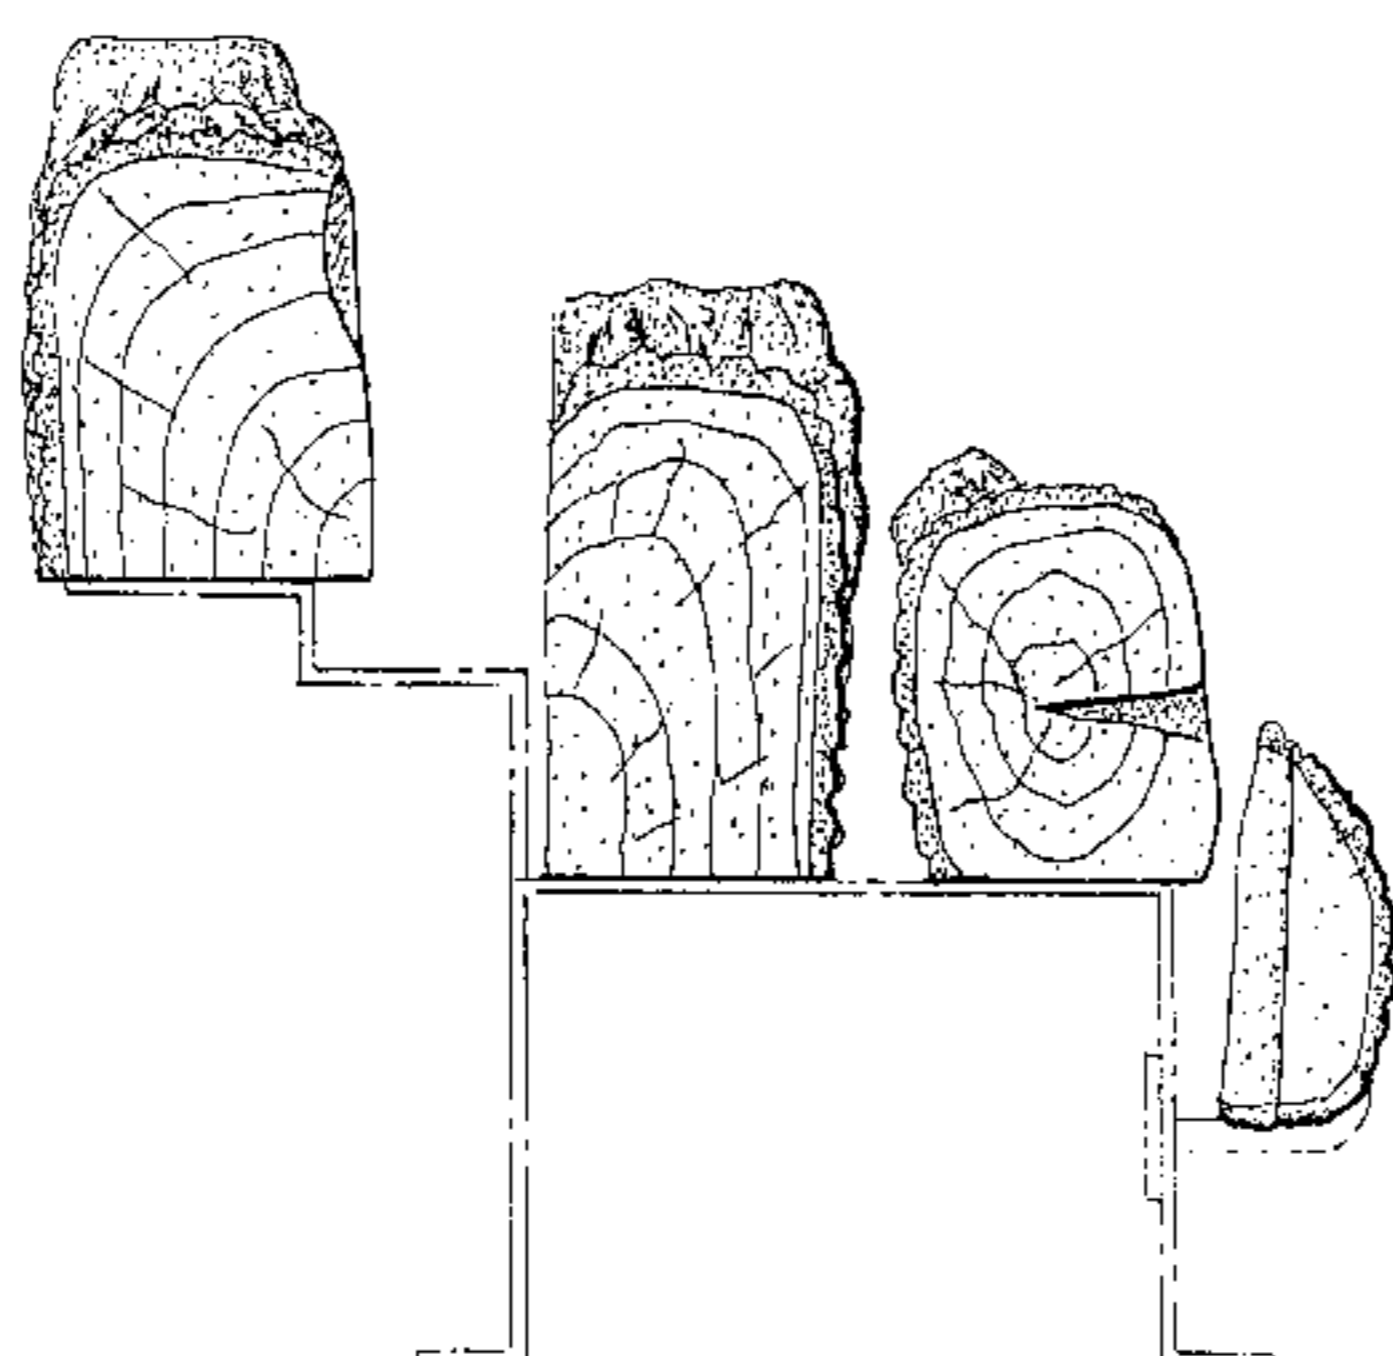

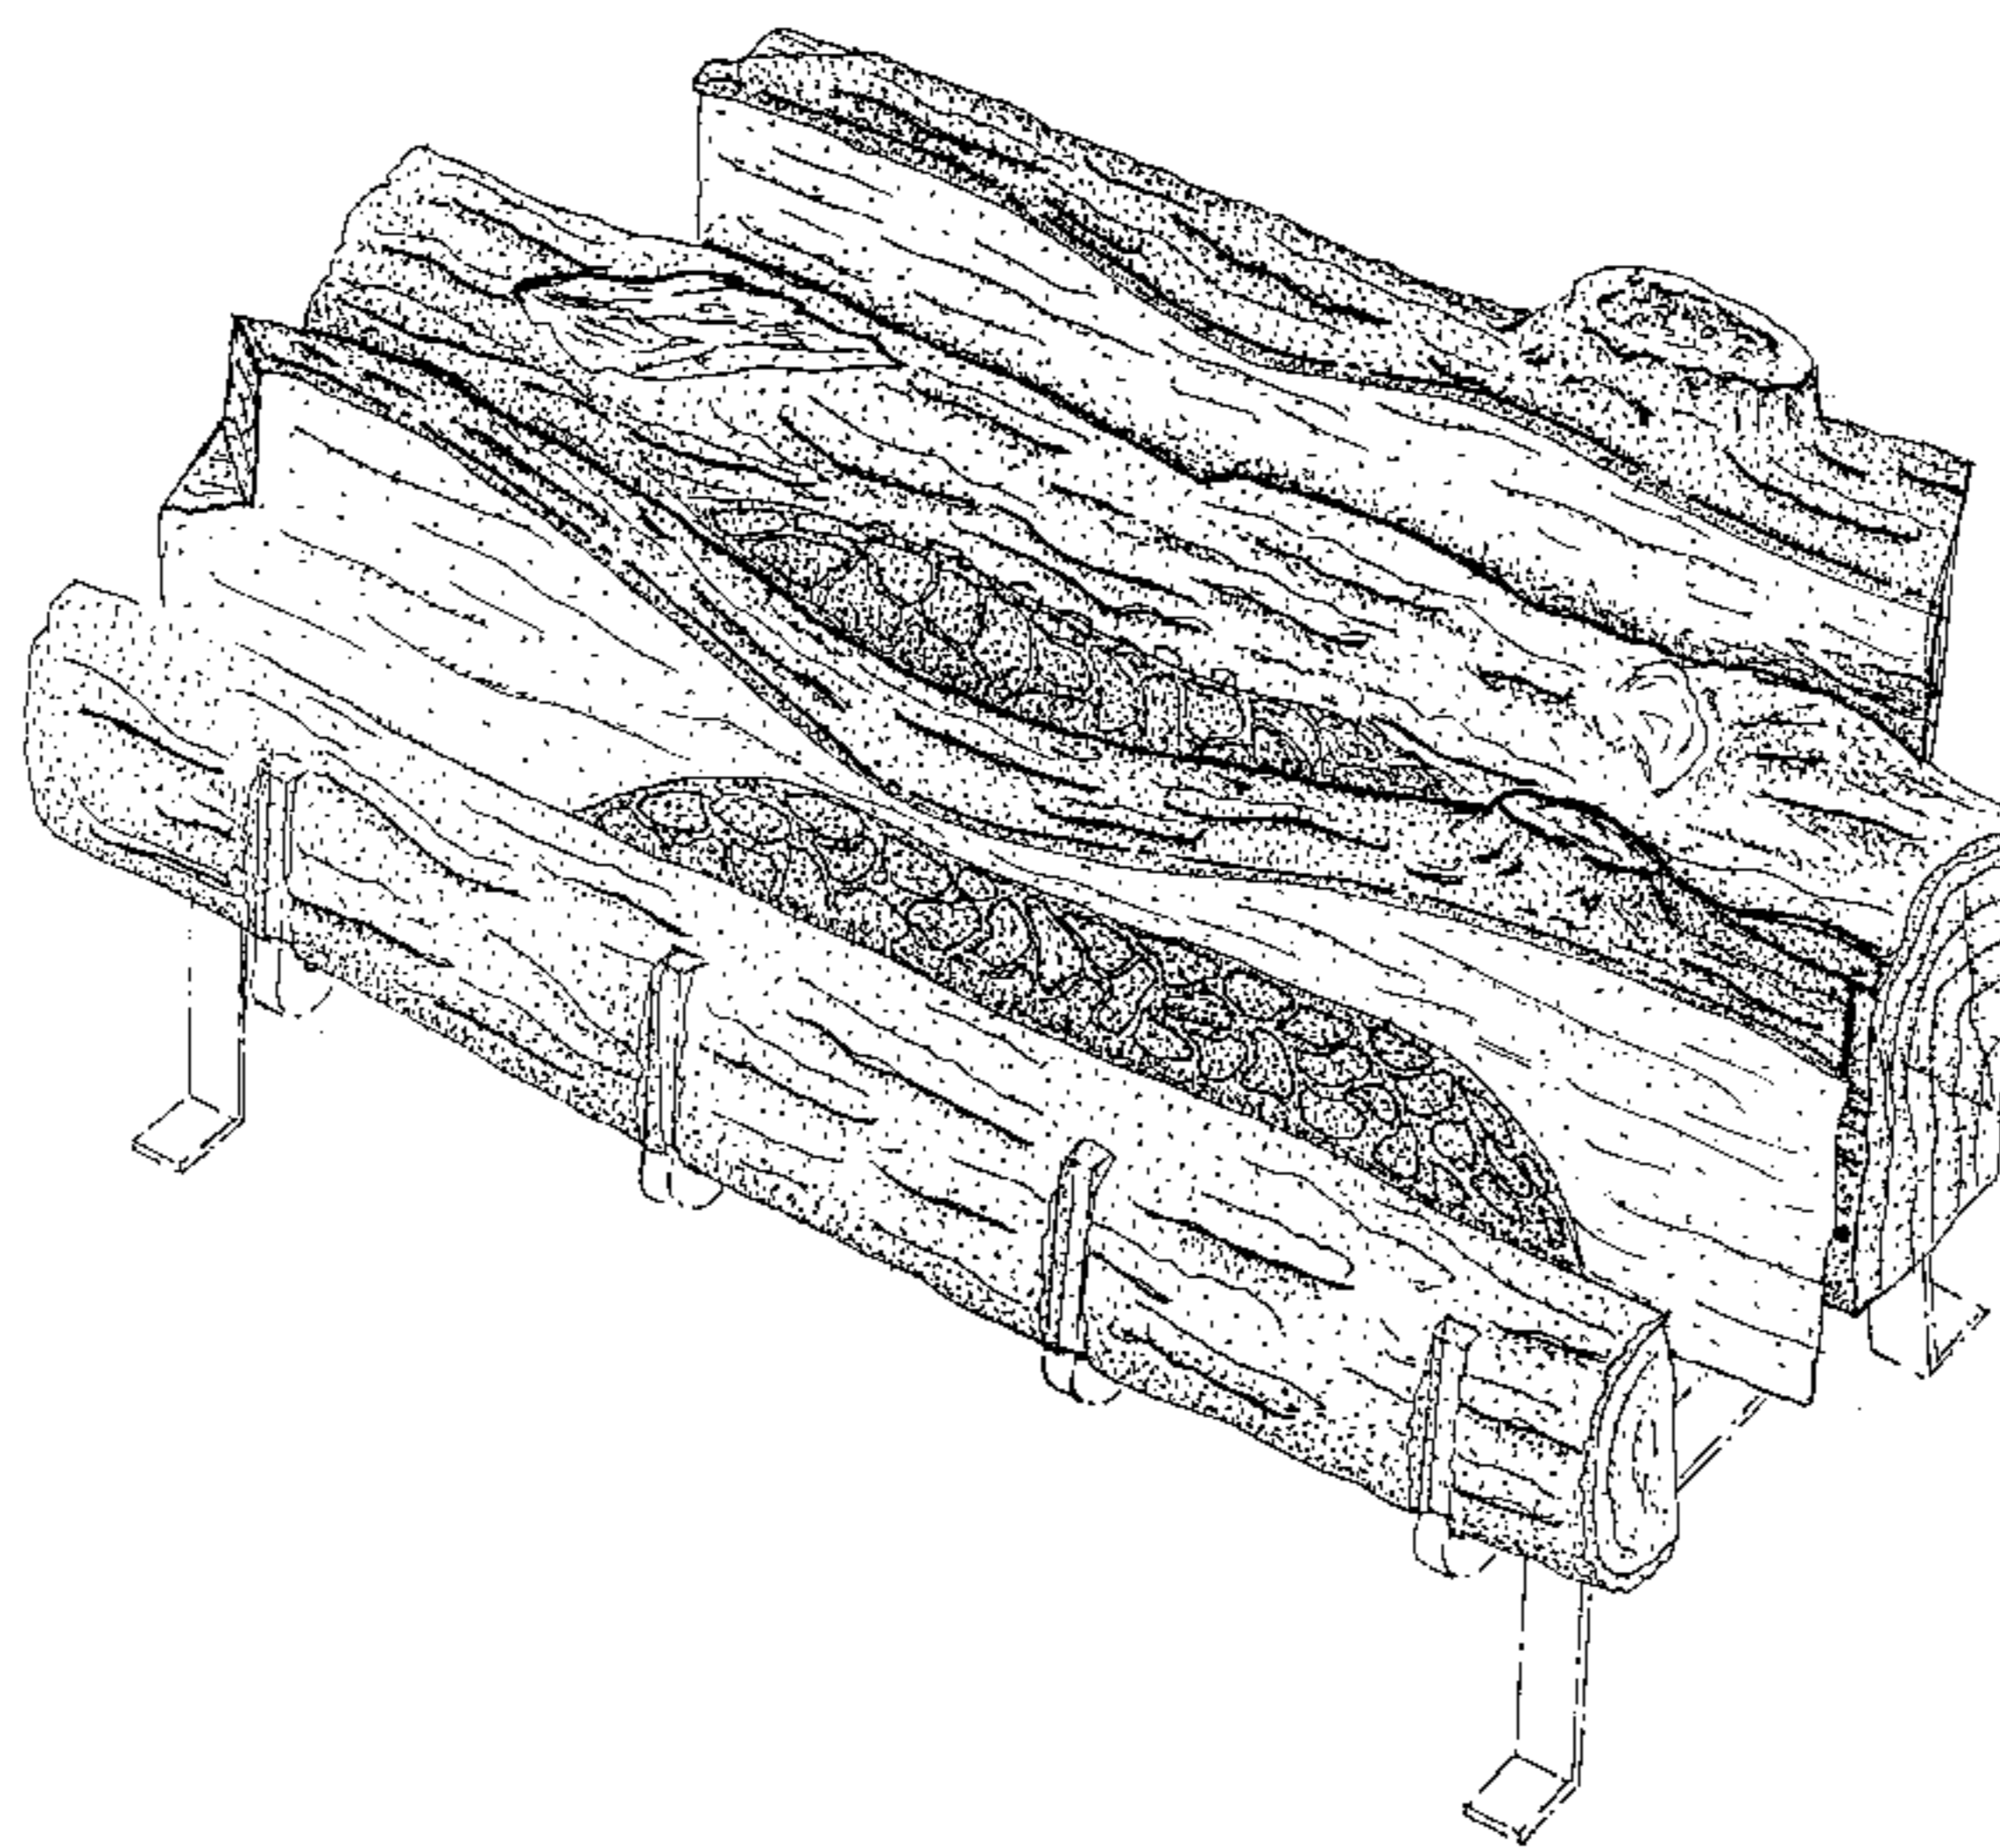

FIG. 5 is a right side elevational view of the gas-fired artificial log fireplace unit with two logs having the split side facing out of FIG. 1;

FIG. 6 is a top plan view of the gas-fired artificial log fireplace unit with two logs having the split side facing out of FIG. 1; and,

FIG. 7 is a bottom plan view of the gas-fired artificial log fireplace unit with two logs having the split side facing out of FIG. 1.

The broken-line showing of environmental structure is for illustrative purposes only and forms no part of the claimed design.
