[57] **CLAIM**

The ornamental design for an electric guitar body, as shown  
and described.

## DESCRIPTION

FIG. 1 is a front view of the electric guitar body of the  
present invention;

FIG. 2 is a right (with reference to FIG. 1) side view of the  
electric guitar body of the present invention;

FIG. 3 is a back view of the electric guitar body of the  
present invention;

FIG. 4 is a left (with reference to FIG. 1) side view of the  
electric guitar body of the present invention;

FIG. 5 is a top end view taken from the neck of the guitar;  
and,

FIG. 6 is a bottom end view taken from the butt of the guitar.  
The broken lines around the periphery of the neck portion in  
FIGS. 1 which define the bounds of the claimed design form  
no part thereof.

The broken lines showing of a head and tuning pegs in FIG.  
1 is for illustrative purposes only and forms no part of the  
claimed design.
