[57] CLAIM

The ornamental design for a siphon bottle, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view from the rear-right side of a siphon bottle according to my novel design;
 FIG. 2 is a perspective view from the front-left side of a siphon bottle according to my novel design;
 FIG. 3 is a front view of a siphon bottle according to my novel design;
 FIG. 4 is a rear view of a siphon bottle according to my novel design;
 FIG. 5 is a left side view of a siphon bottle according to my novel design; and,
 FIG. 6 is a top plan view of a siphon bottle according to my novel design;
 wherein the right side view is a mirror image of the left side view, and the bottom view is plain and unornamented.
