[57] **CLAIM**

The ornamental design for an infant car seat insert, as shown and described.

DESCRIPTION

FIG. 1 is a front plan view of an infant car seat insert, showing our new design;

FIG. 2 is a left side plan view of an infant car seat insert, the right side being a mirror image of that shown;

FIG. 3 is a back plan view of an infant car seat insert;

FIG. 4 is a top plan view of an infant car seat insert;

FIG. 5 is a bottom plan view of an infant car seat insert;

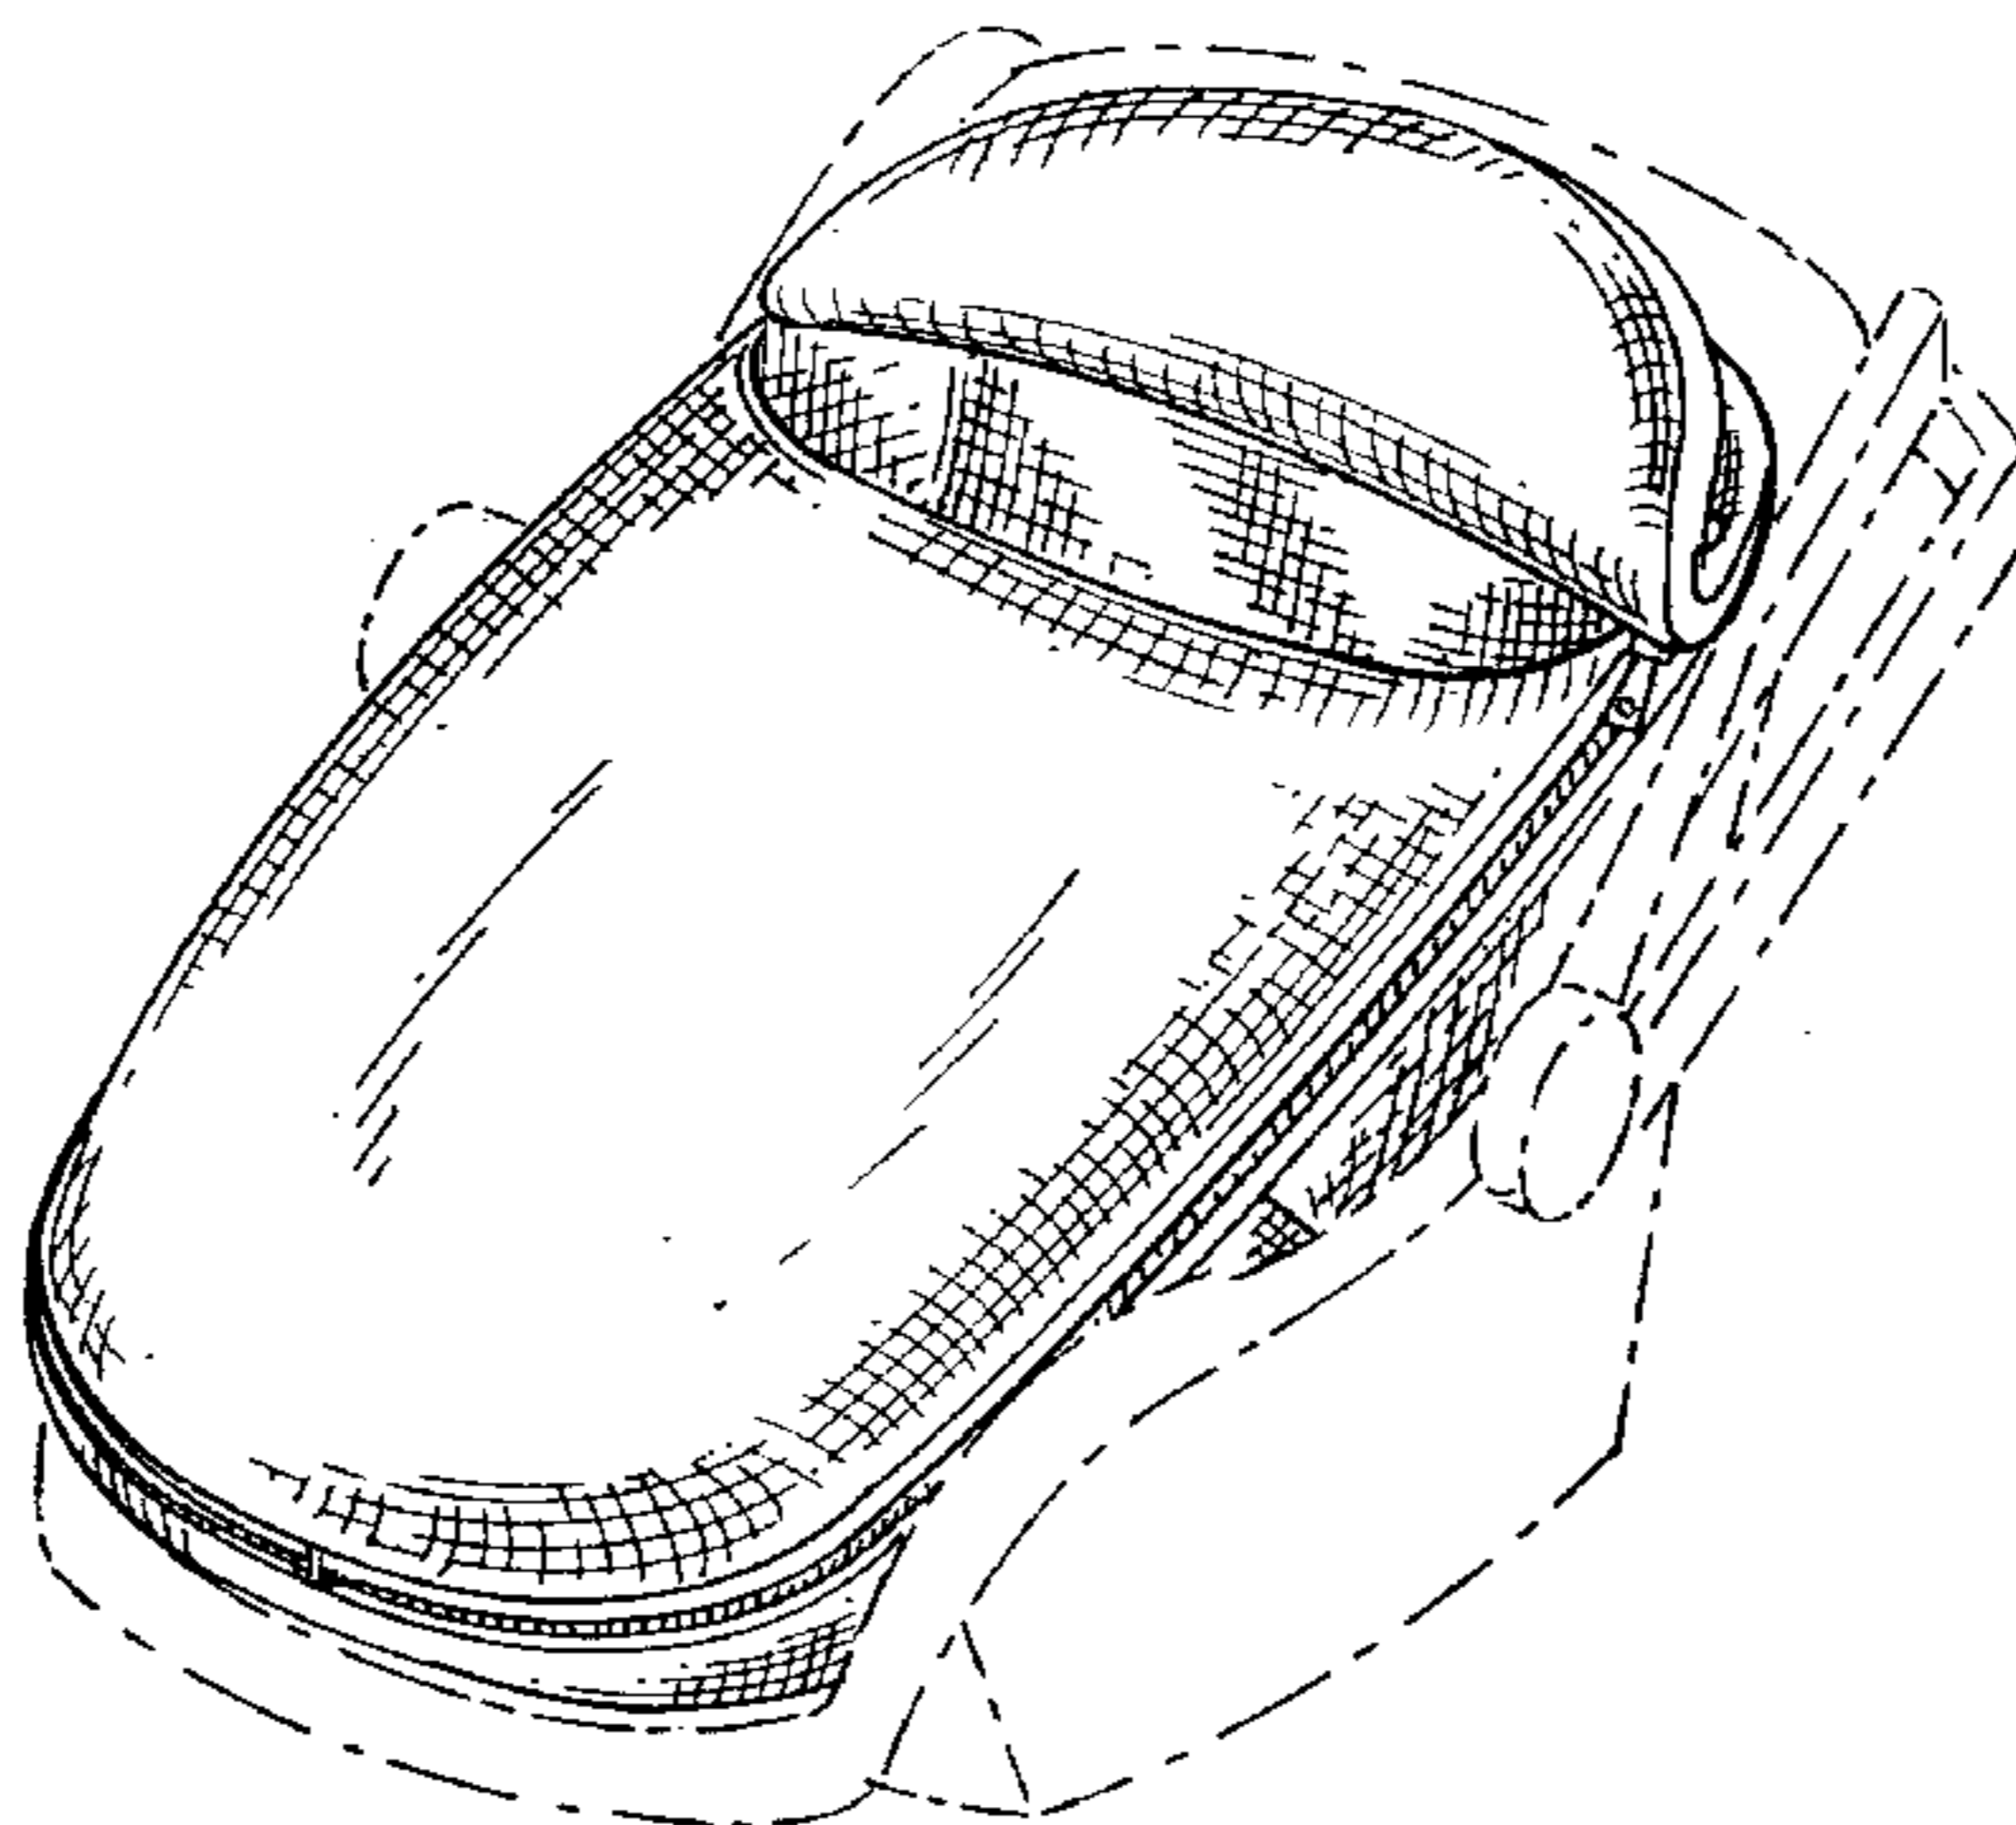

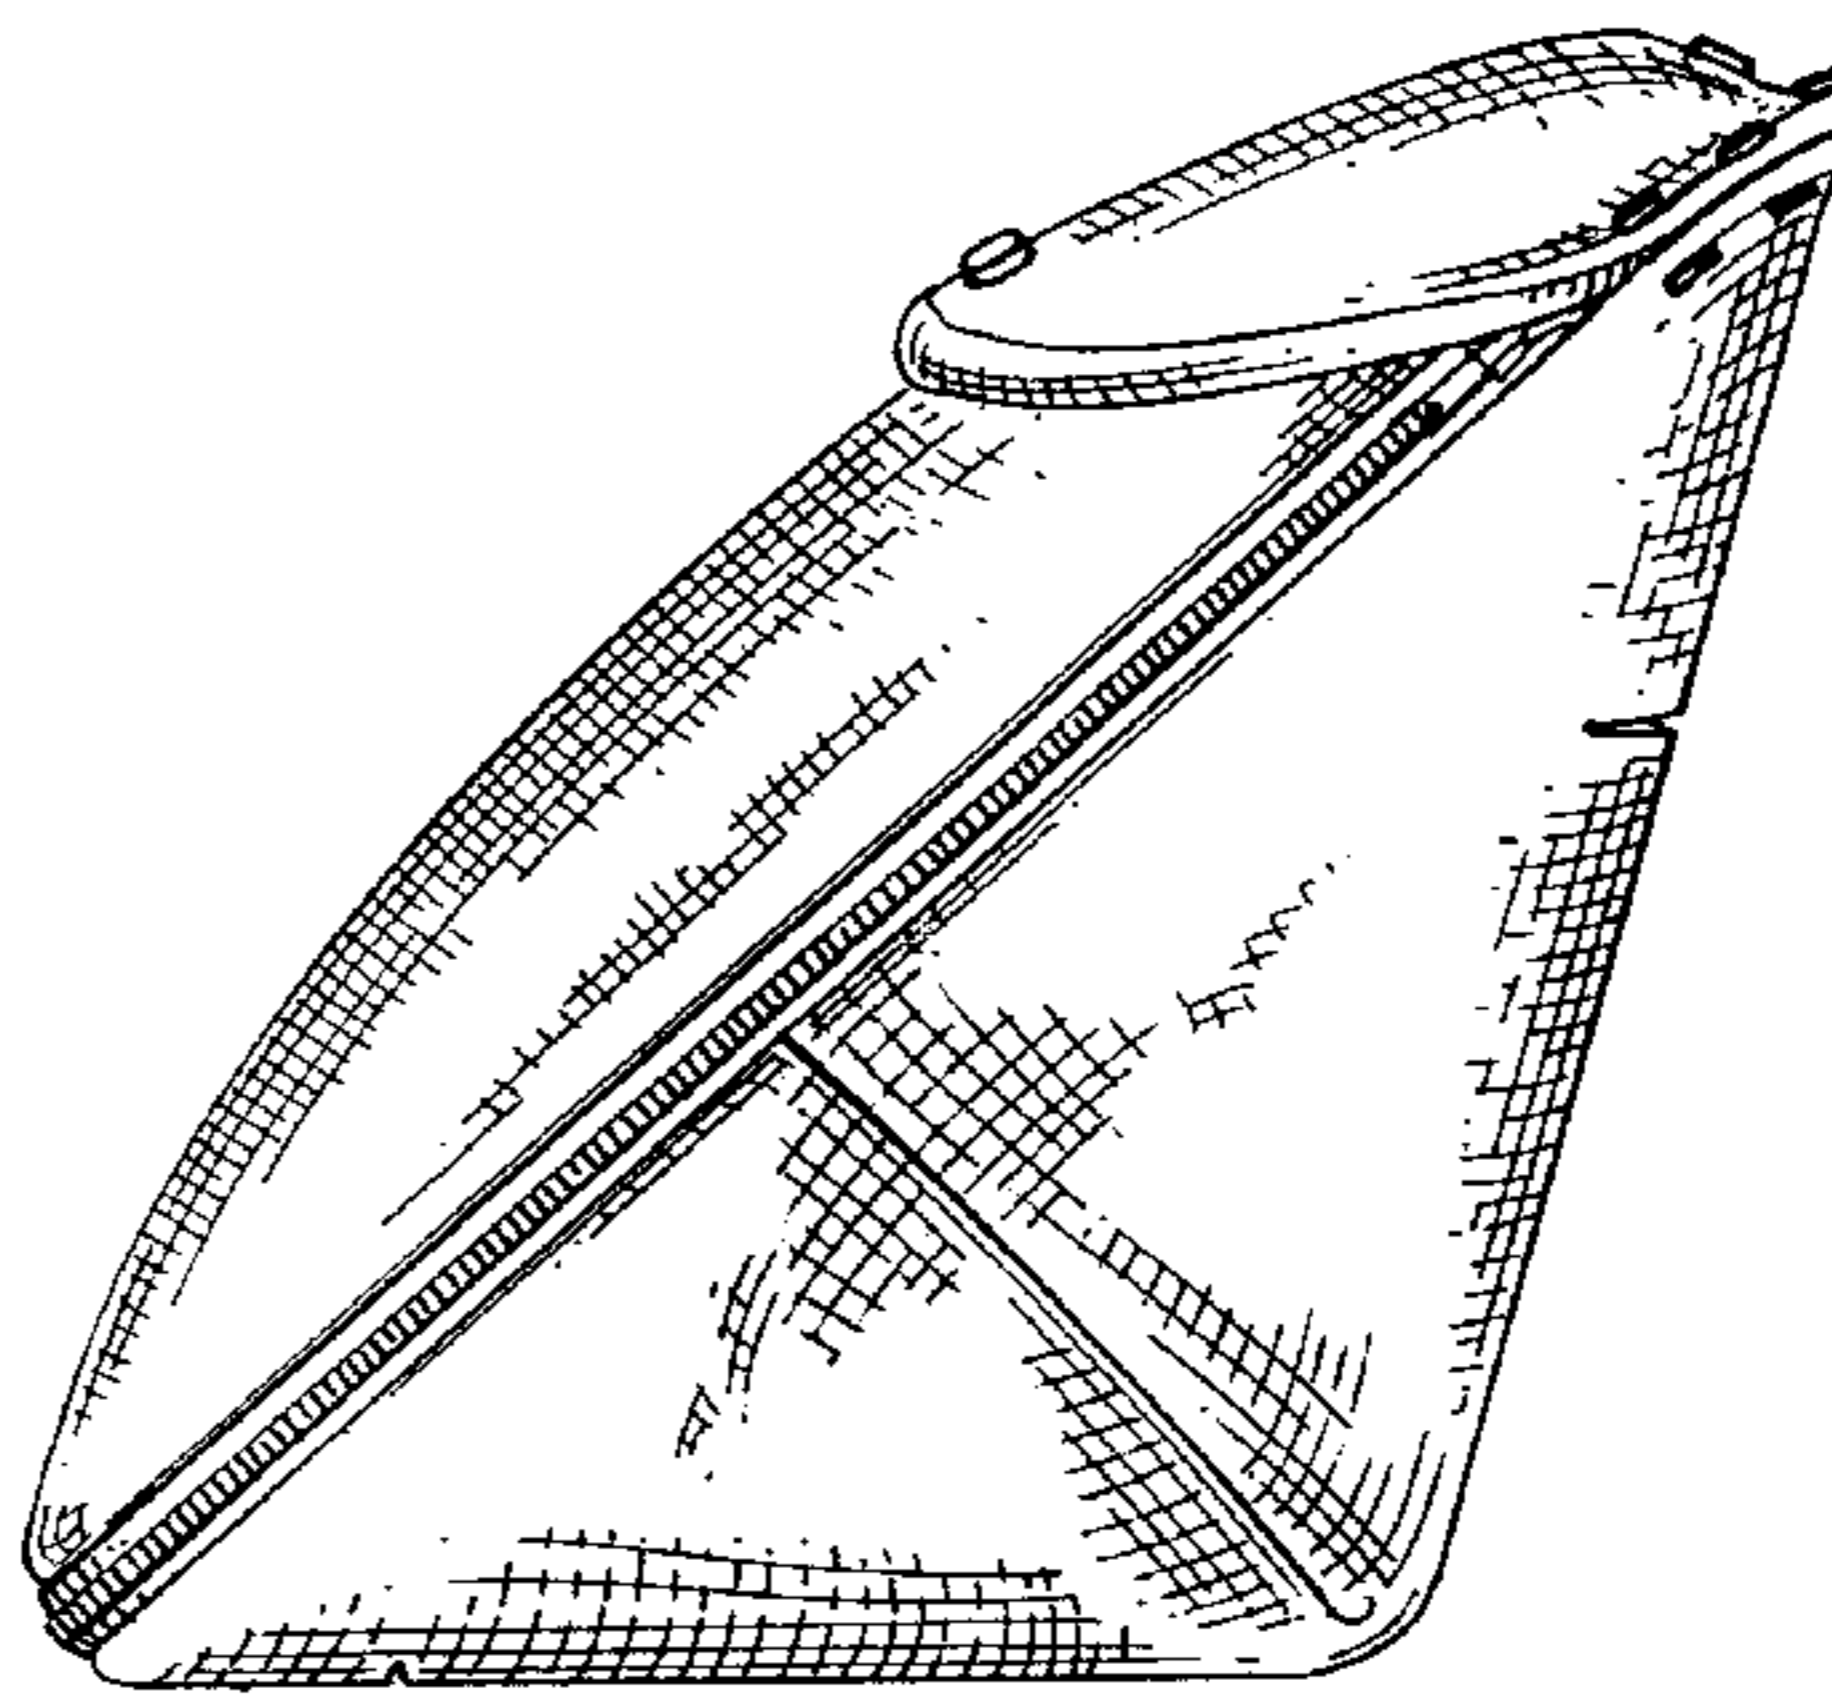

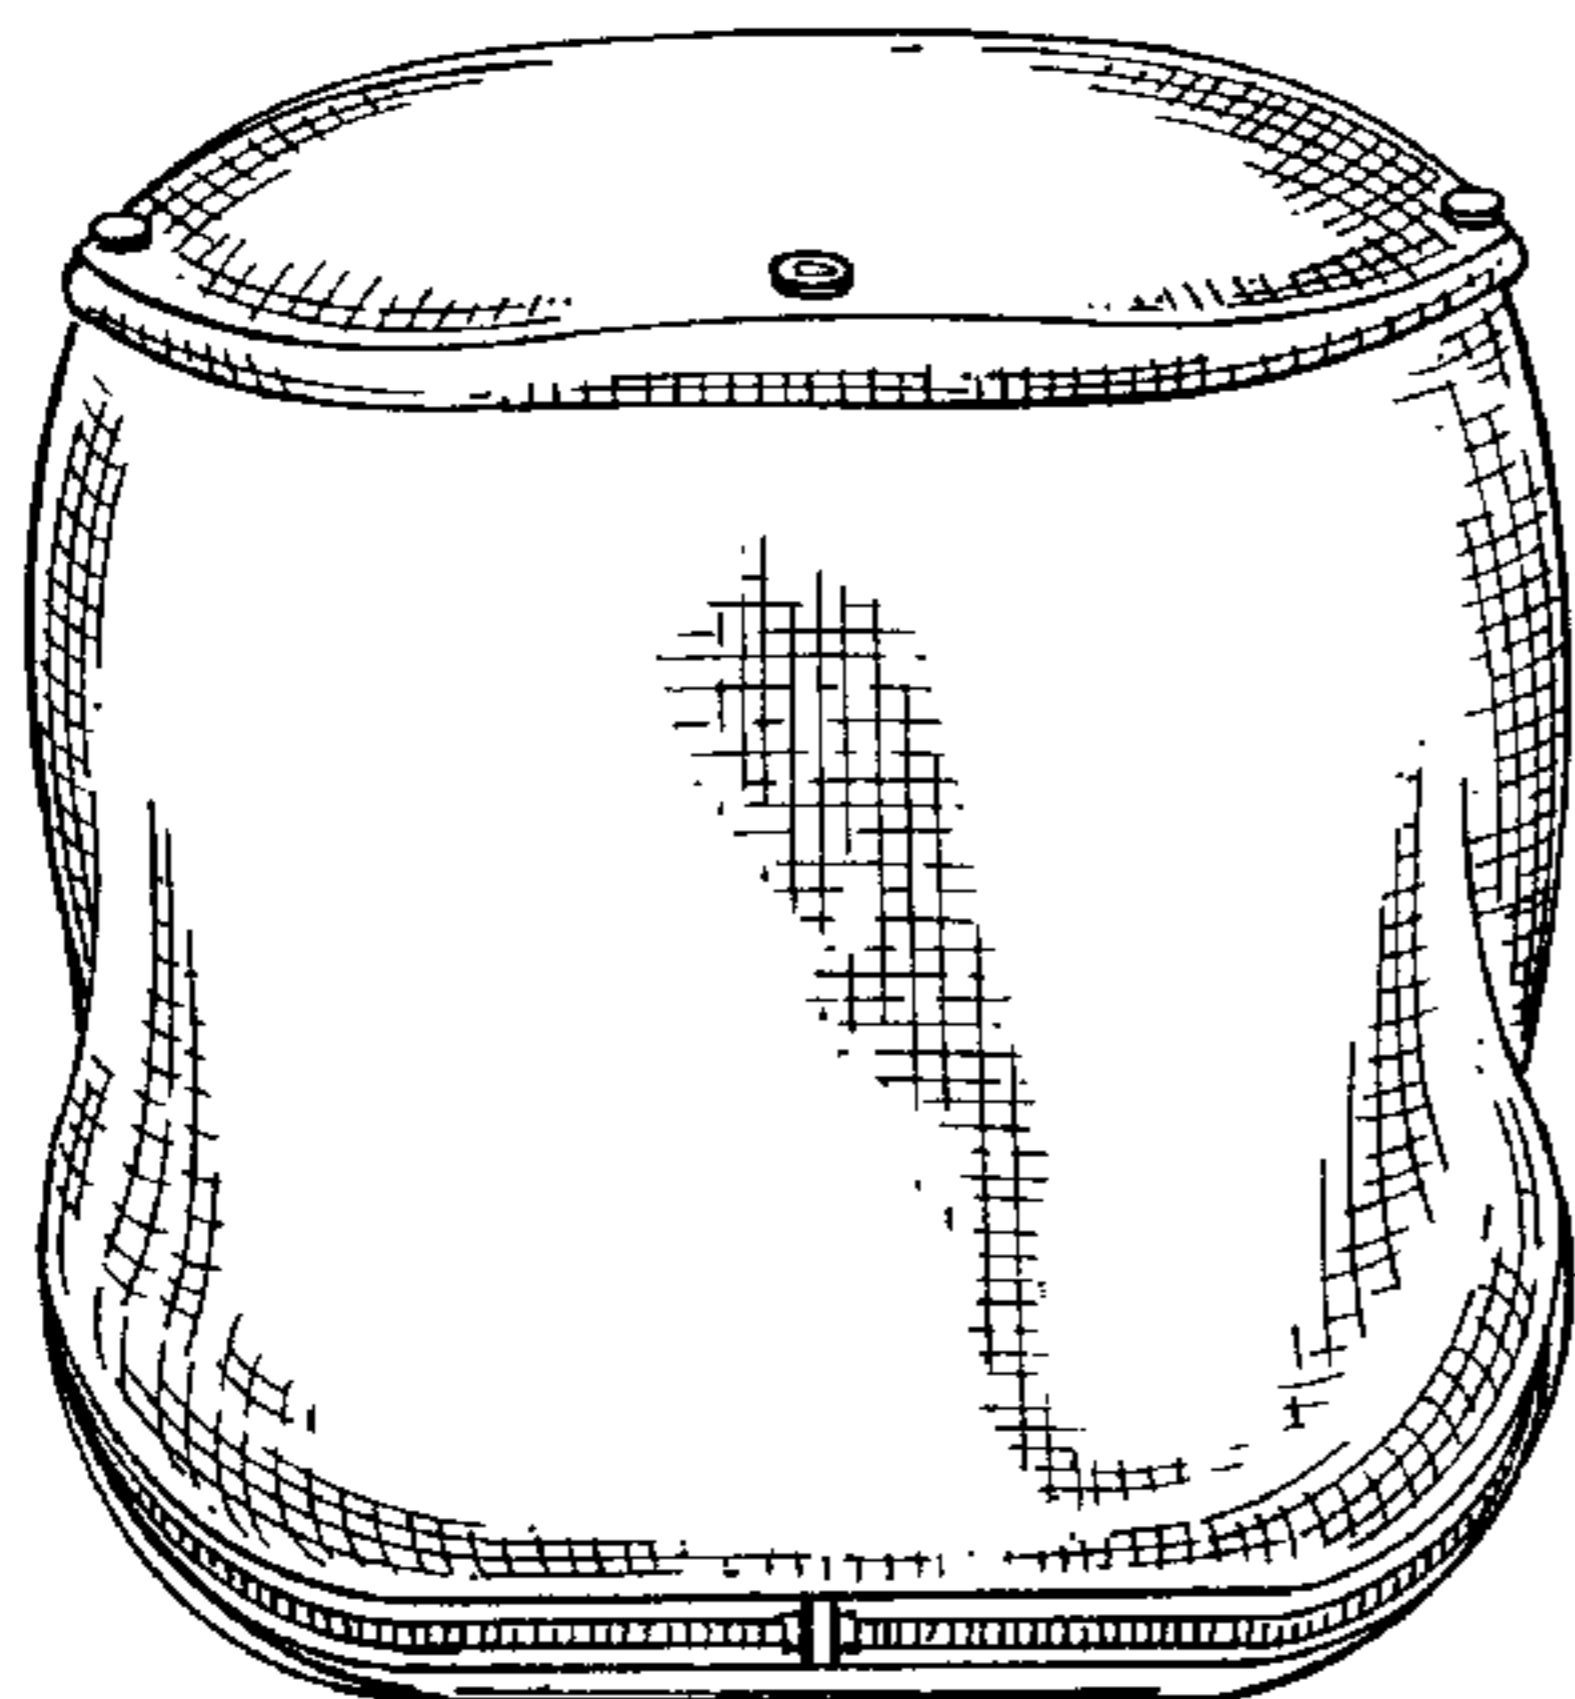

FIG. 6 is a front perspective view of an infant car seat insert with the top flap in open condition;

FIG. 7 is a left side plan view of an infant car seat insert with the top and bottom flaps in open condition; and,

FIG. 8 is a front plan view of an infant car seat insert as shown in FIG. 7.

The cross-hatching represents conventional fabric and is understood to extend uniformly throughout the areas represented. The broken-line showing of environmental structure in FIG. 6 is for illustrative purposes only and forms no part of the claimed design.
