[57] **CLAIM**

The ornamental design for a pedal operated toy car for children, as shown and described.

DESCRIPTION

FIG. 1 is a left side view of a pedal operated toy car for children, according to my novel design;
 FIG. 2 is a right side view of the pedal operated toy car for children, according to my design;
 FIG. 3 is a rear view of the pedal operated toy car for children, according to my novel design;
 FIG. 4 is front view of the pedal operated toy car for children, according to my novel design;
 FIG. 5 is a perspective view from above and the front left side showing the pedal operated toy car for children, according to my novel design;
 FIG. 6 is a perspective view from above and the rear right side showing the pedal operated toy car for children, according to my novel design;
 FIG. 7 is a perspective view from above and the front right side showing the pedal operated toy car for children, according to my novel design;
 FIG. 8 is a perspective view from above and the rear left side showing the pedal operated toy car for children, according to my novel design; and,
 FIG. 9 is a top view showing the pedal operated toy car for children, according to my novel design.
 Features shown in dash lines depict the environment and do not form part of the claimed design.
