[57] **CLAIM**

An ornamental design for a headliner handle cap with integrated coathook, as shown and described.

**DESCRIPTION**

FIG. 1 is a contextual top view of a headliner handle cap with integrated coathook according to a preferred embodiment of the design;

FIG. 2 is a top view of a headliner handle cap with integrated coathook of the design that is depicted in FIG. 1;

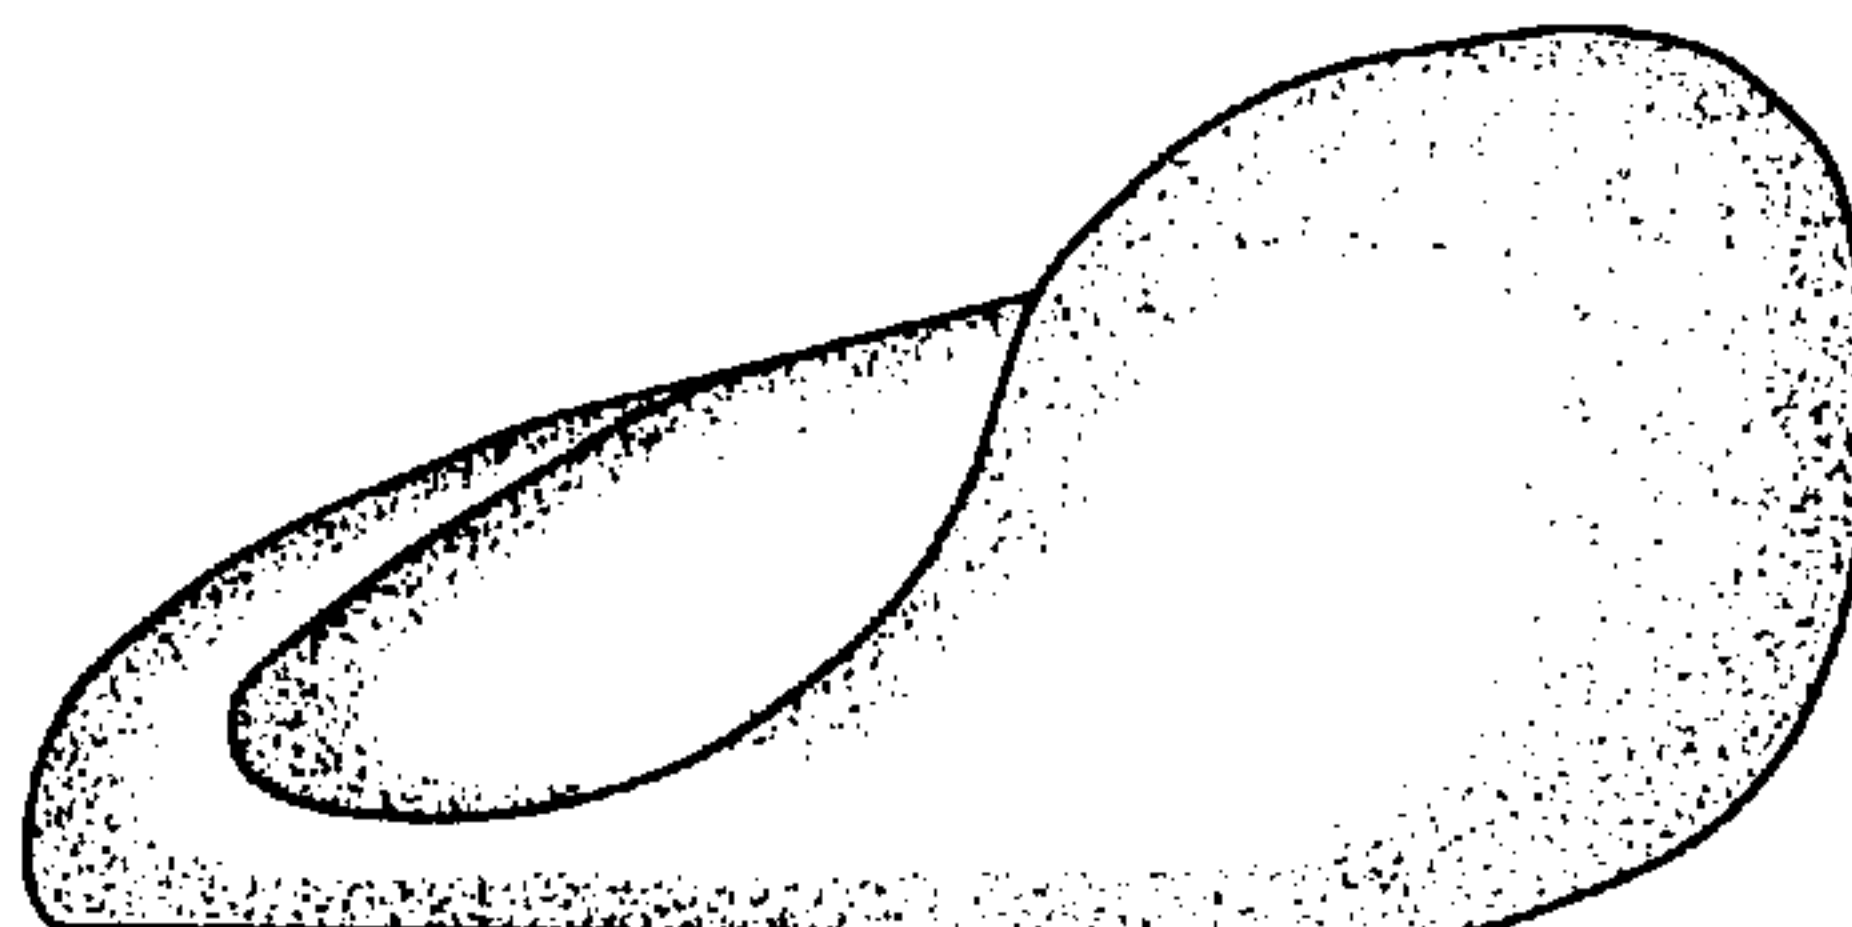

FIG. 3 is a back end view of a headliner handle cap with integrated coathook of the design that is depicted in FIG. 1; FIG. 4 is a front end view of a headliner handle cap with integrated coathook of the design that is depicted in Figure; and,

FIG. 5 is a side view of a headliner handle cap with integrated coathook of the design that is depicted in FIG. 1, where the opposite side is a mirror image.

The bottom view of the embodiment of the design that is depicted in FIGS. 1-5 is unornamented and is not part of the claimed design.

The broken lines are shown in the views for illustrative purposes only and form no part of the claimed design.
