### [57] CLAIM

The ornamental design for a Christmas tree ornament, as shown and described.

### DESCRIPTION

FIG. 1 is a front elevational view of a Christmas tree ornament showing my new design, the ornament being approximately symmetrical about the two vertical planes, the horizontal plane bisecting it, and two planes forming an angle of approximately 60° with the vertical axis and the rear being identical; and, FIG. 2 is a top plan view thereof, the bottom being essentially identical, with valleys in place of the ridges and ridges in place of the valleys.
