[57] **CLAIM**

The ornamental design for a graduation picture frame, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a graduation picture frame, showing my new design, with raised ridges and a recessed aperture for receiving a picture, and with the backing removed for convenience of illustration;

FIG. 2 is a left side elevational view of the graduation picture frame;

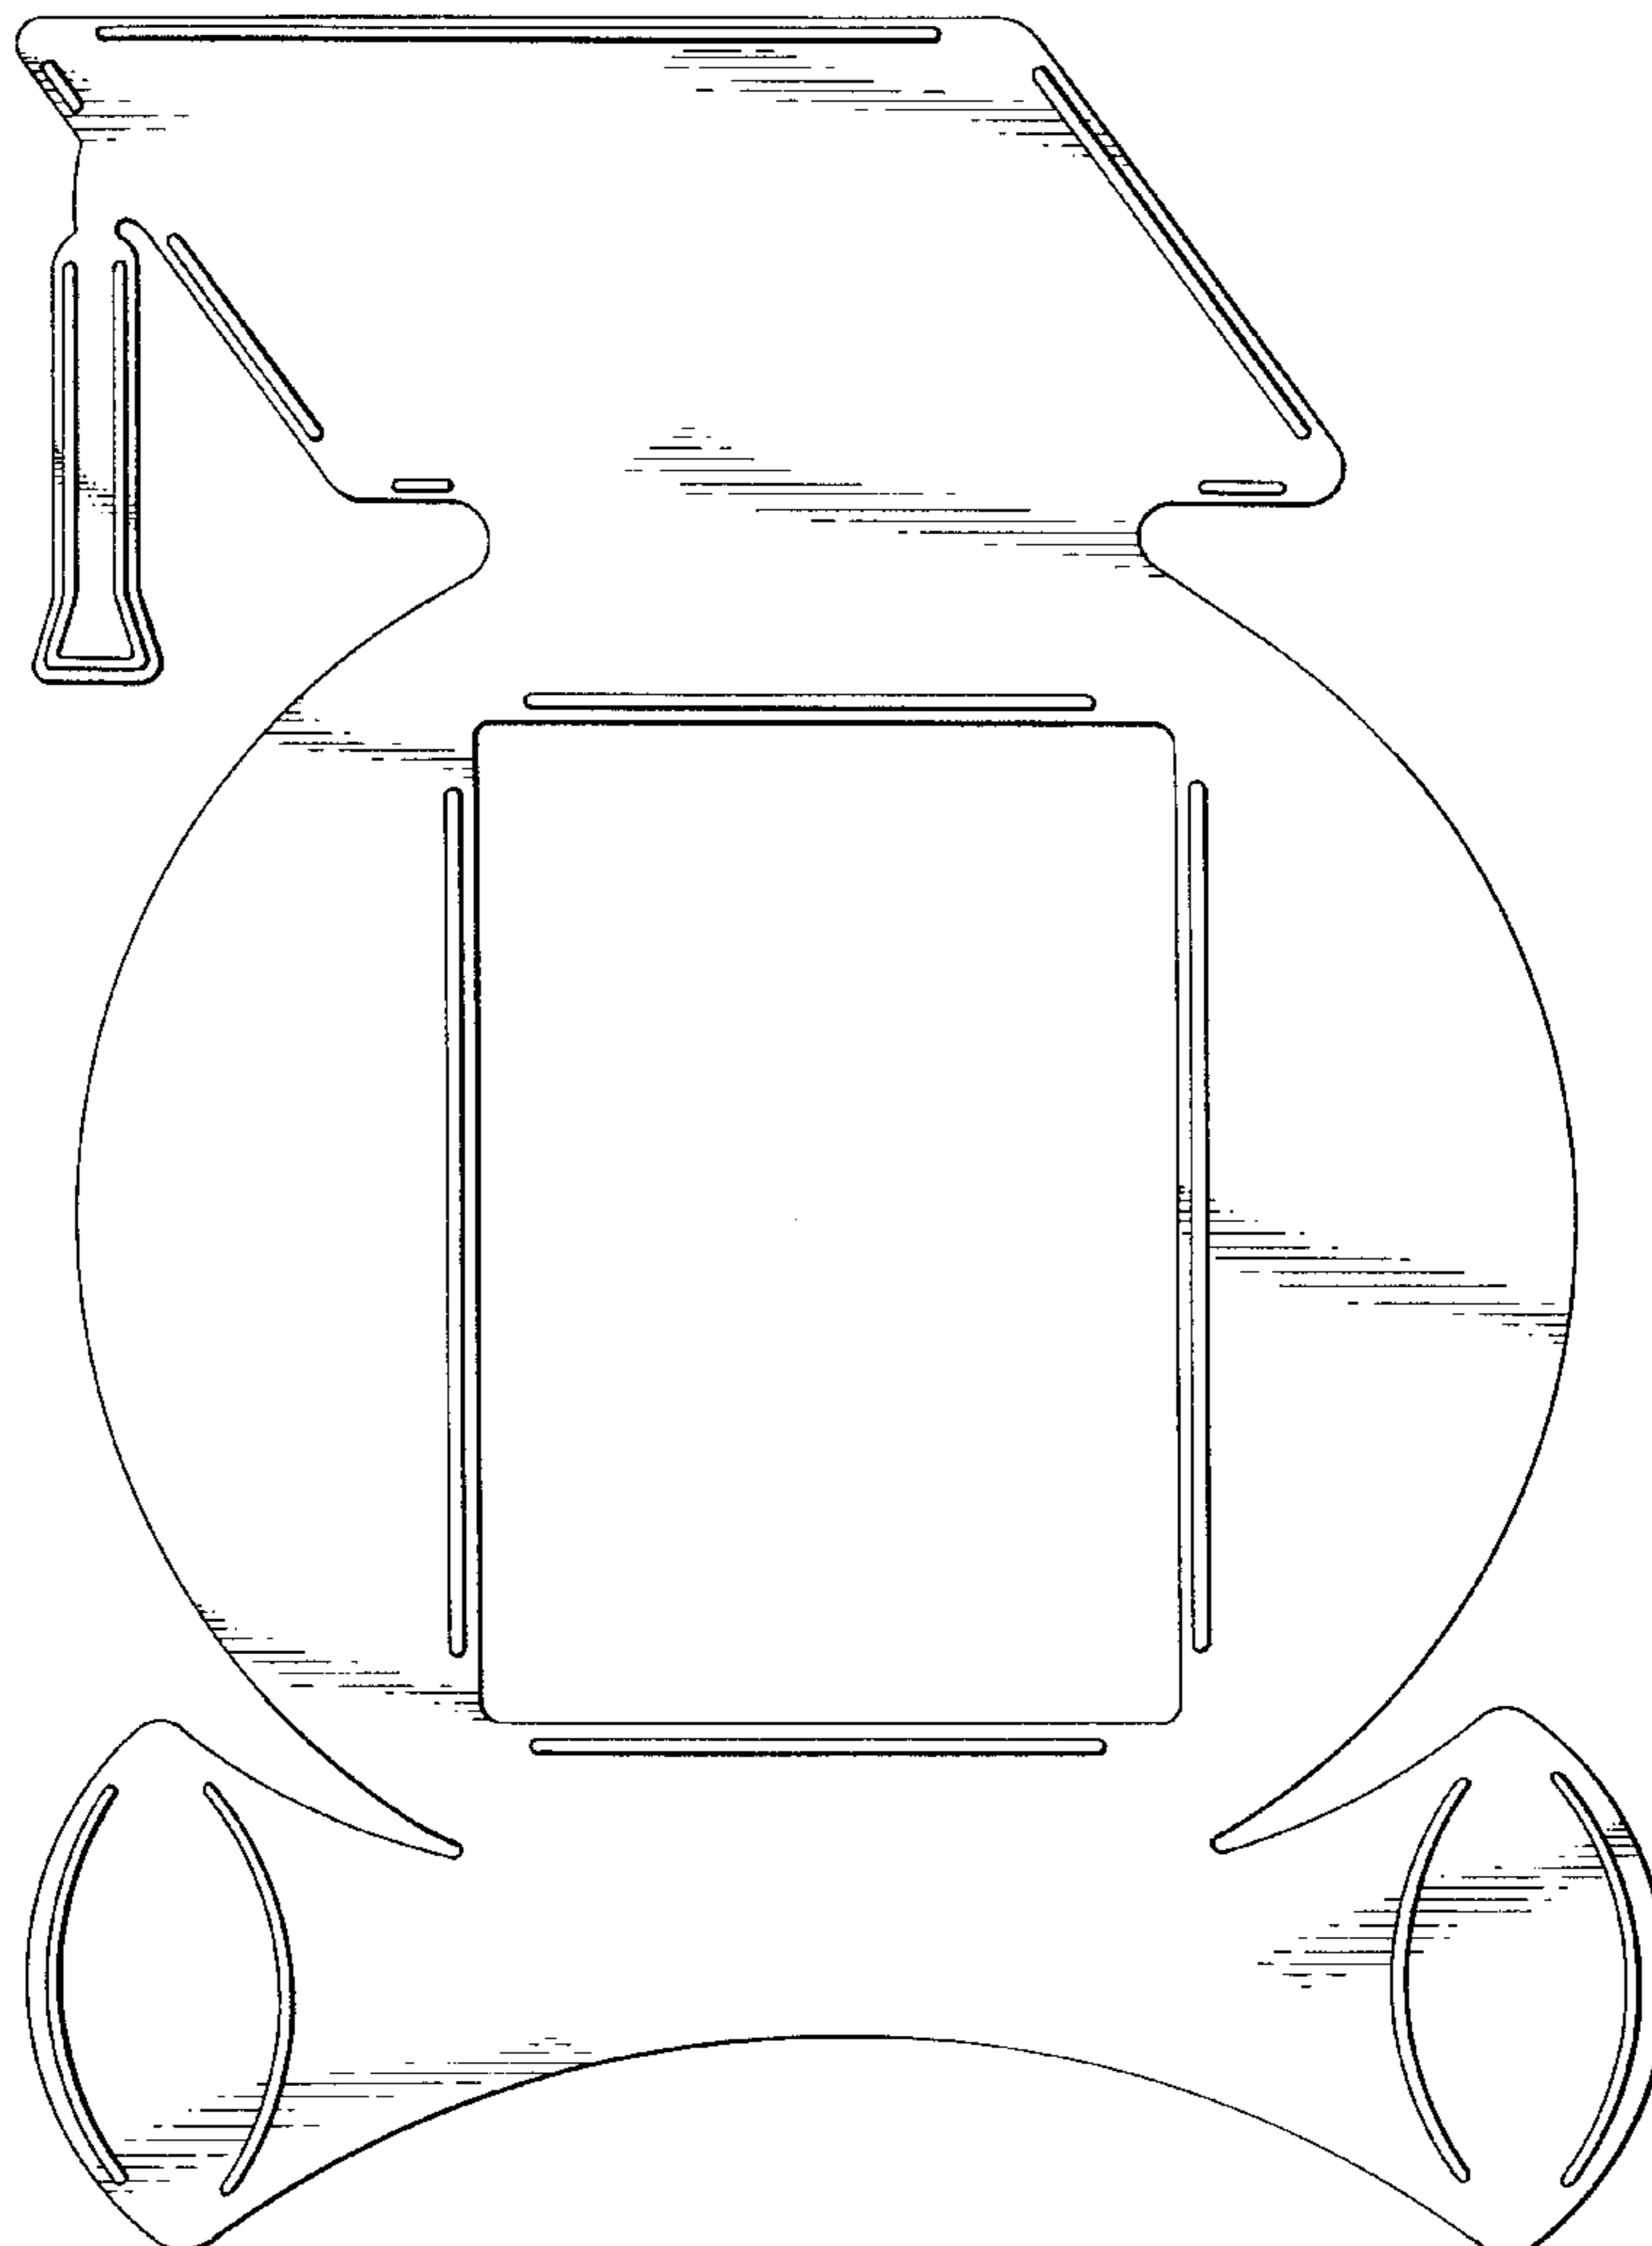

FIG. 3 is a top view of the graduation picture frame;

FIG. 4 is a rear elevational view showing the frame support members and the outline of a removable cover for placing and retaining the graduation picture in place within the recessed aperture;

FIG. 5 is a right side elevational view of the graduation picture frame; and,

FIG. 6 is a bottom view of the graduation picture frame.
