[57] CLAIM

The ornamental design for an uninterruptible power supply, as shown and described.

DESCRIPTION

FIG. 1 is a top, front, and left perspective and exploded view of an uninterruptible power supply showing our new design; FIG. 2 is a front elevation view thereof; FIG. 3 is a left side elevation view thereof, the right side view being a mirror image; FIG. 4 is a rear elevation view thereof; FIG. 5 is a top plan view thereof; FIG. 6 is a front assembled view thereof; FIG. 7 is a left side assembled view thereof, the right side assembled view being a mirror image; FIG. 8 is a rear assembled view thereof; FIG. 9 is a top assembled view thereof; FIG. 10 is a bottom assembled view thereof; FIG. 11 is a front, top, and left perspective and exploded view of a second embodiment of our new design; FIG. 12 is a front elevation view thereof; FIG. 13 is a front, top, and right perspective and exploded view of a third embodiment of our new design; and, FIG. 14 is a front elevation view thereof.

Except for the appearance of the front panel, all other views of the second and third embodiments are the same as those shown of the first.
