[57] **CLAIM**

The ornamental design for one piece closure with re-closable punch out lid, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the one piece closure with re-closable punch out lid of my new design installed on a container, the tab in the closed position and the sides not shown being identical to those shown;

FIG. 2 is a perspective view of the one piece closure with re-closable punch out lid installed on a container with the tab in the open position;

FIG. 3 is a top plan view of the one piece closure with re-closable punch out lid;

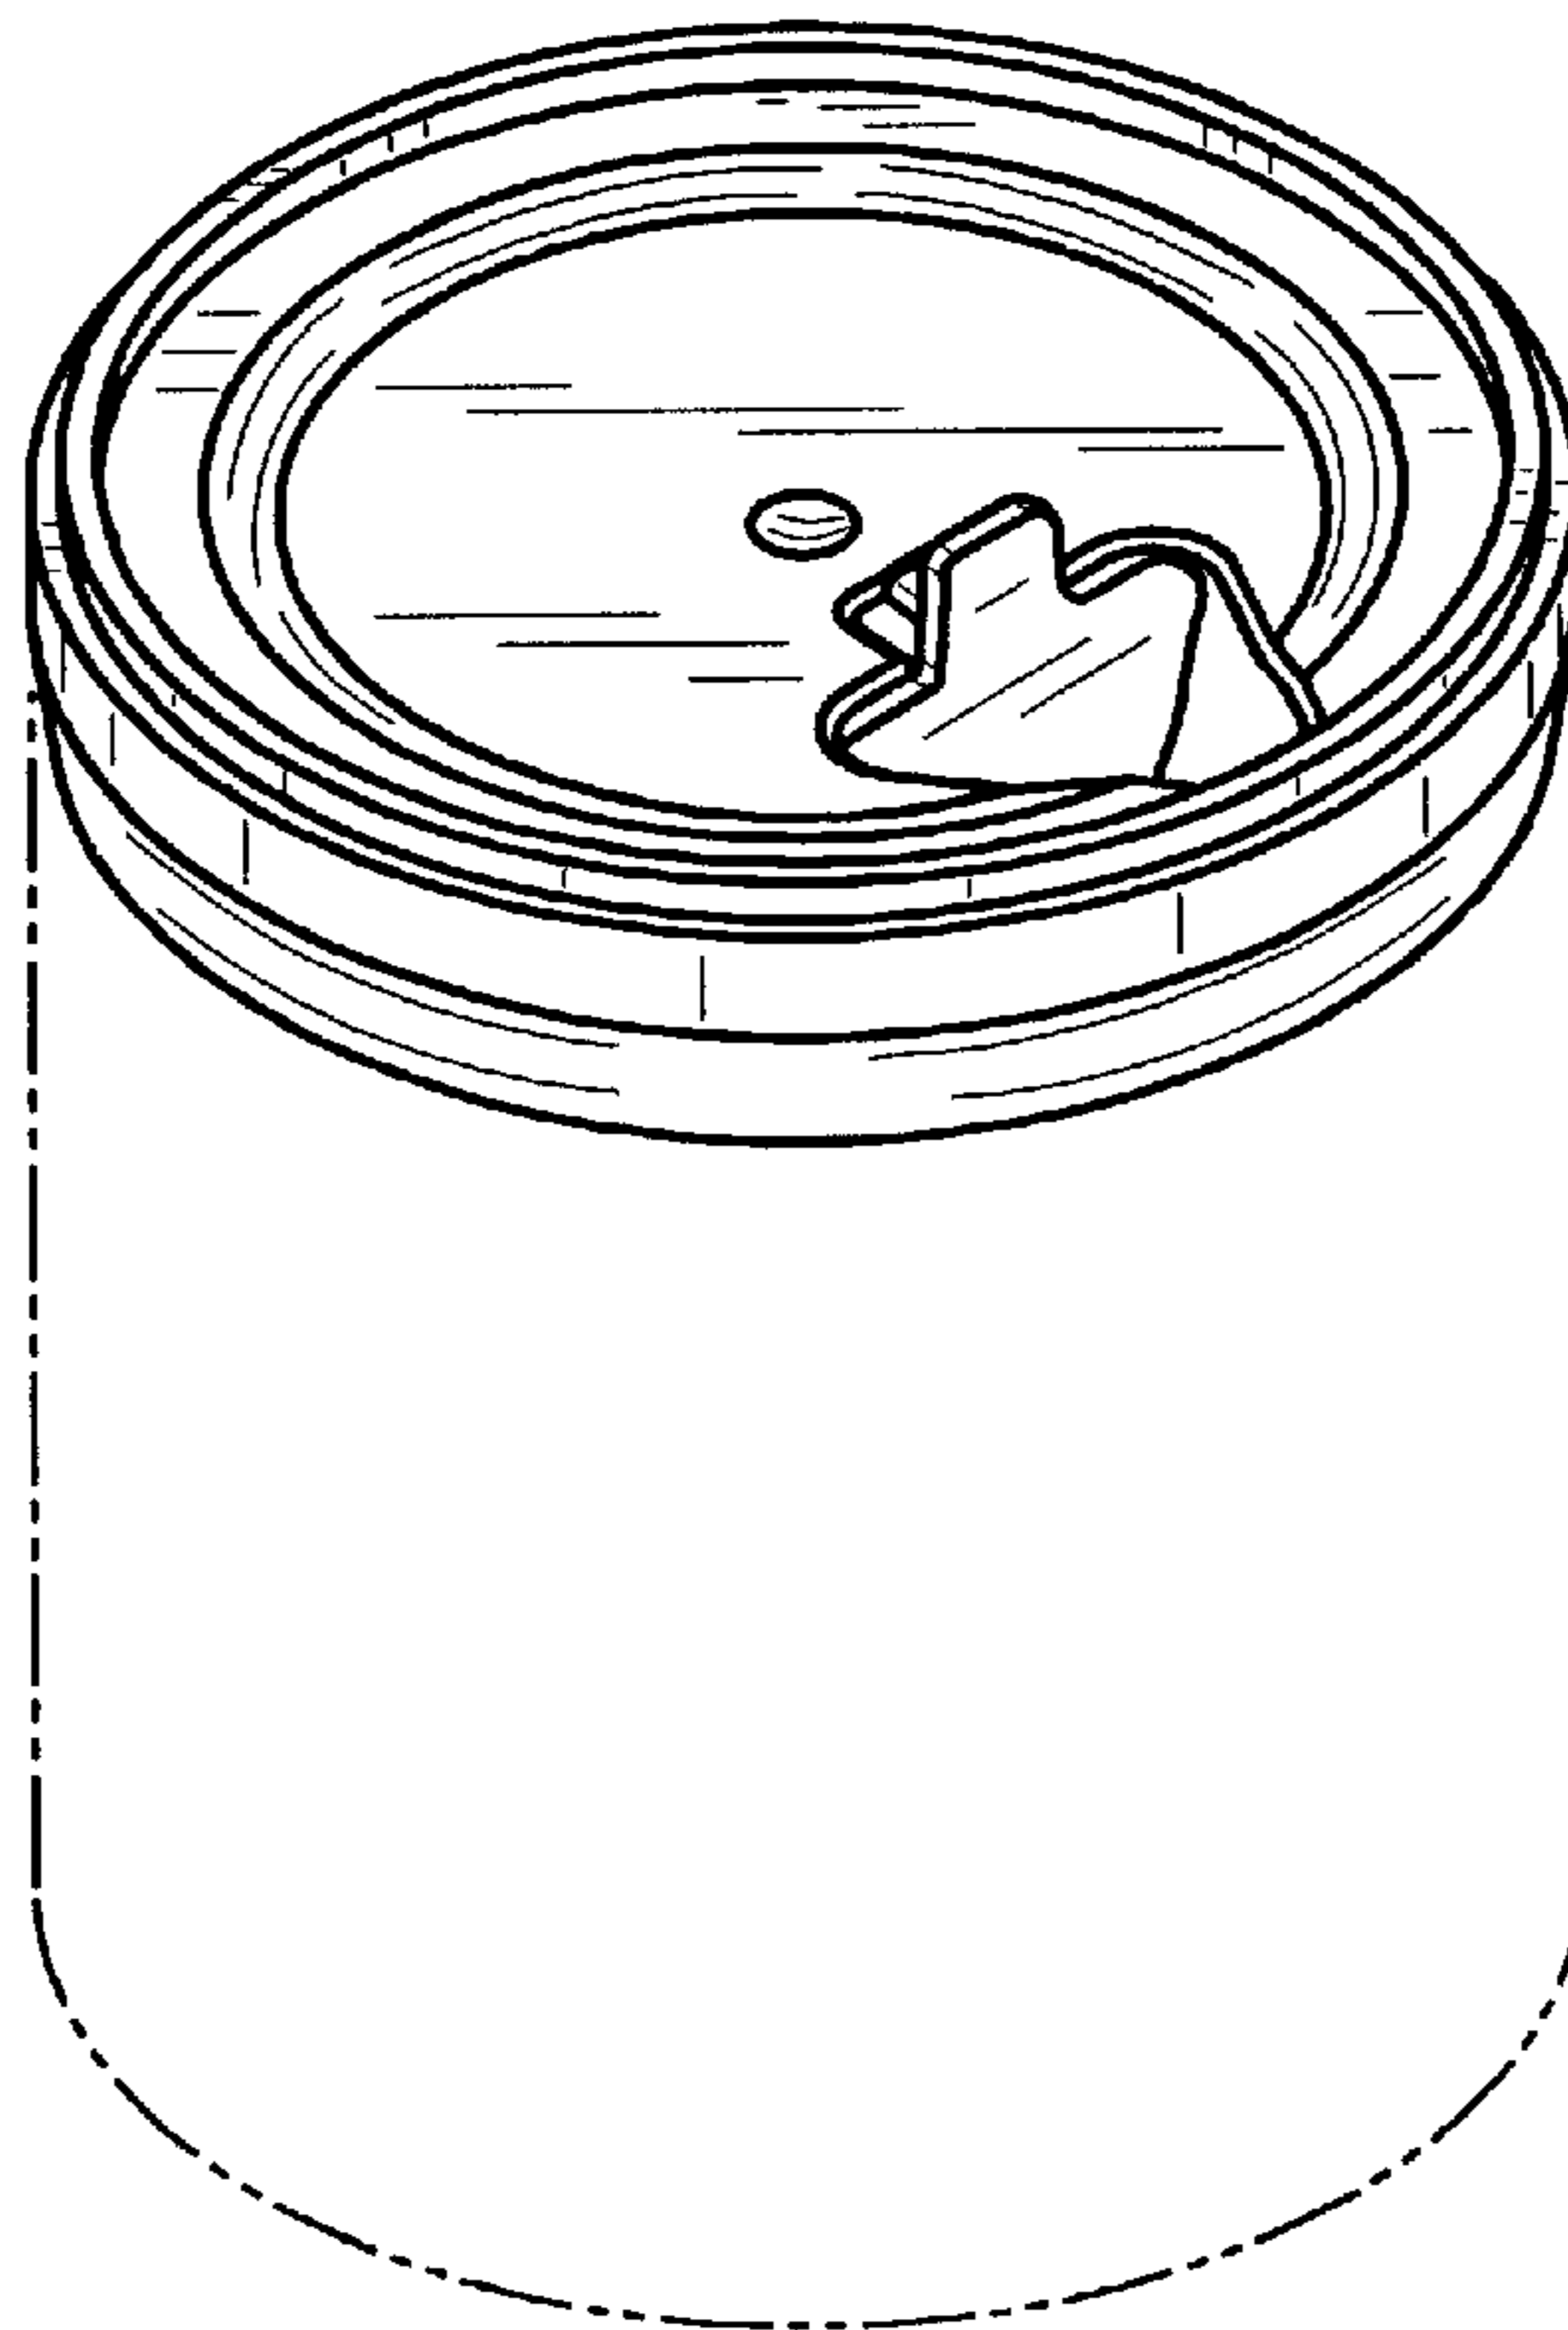

FIG. 4 is a top plan view of a second embodiment of my new design, the sole difference residing in the concave ring on the top surface; and,

FIG. 5 is a perspective view of FIG. 4.

The bottom of the closure forms no part of the claimed design.

The broken line showing of a container is for illustrative purposes only and forms no part of the claimed design.
