[57] CLAIM

The ornamental design for a support for a camera, as shown and described.

#### **DESCRIPTION**

FIG. 1 shows a perspective view of the top, rear and left side of a camera showing our new design, with the camera and power supply cable shown in broken lines for illustrative purposes only and form no part of the claimed design.

FIG. 2 shows a perspective view of the bottom, front and right side of the support.

FIG. 3 shows a rear elevational view thereof;

FIG. 4 shows a front elevational view thereof;

FIG. 5 shows a top plan thereof;

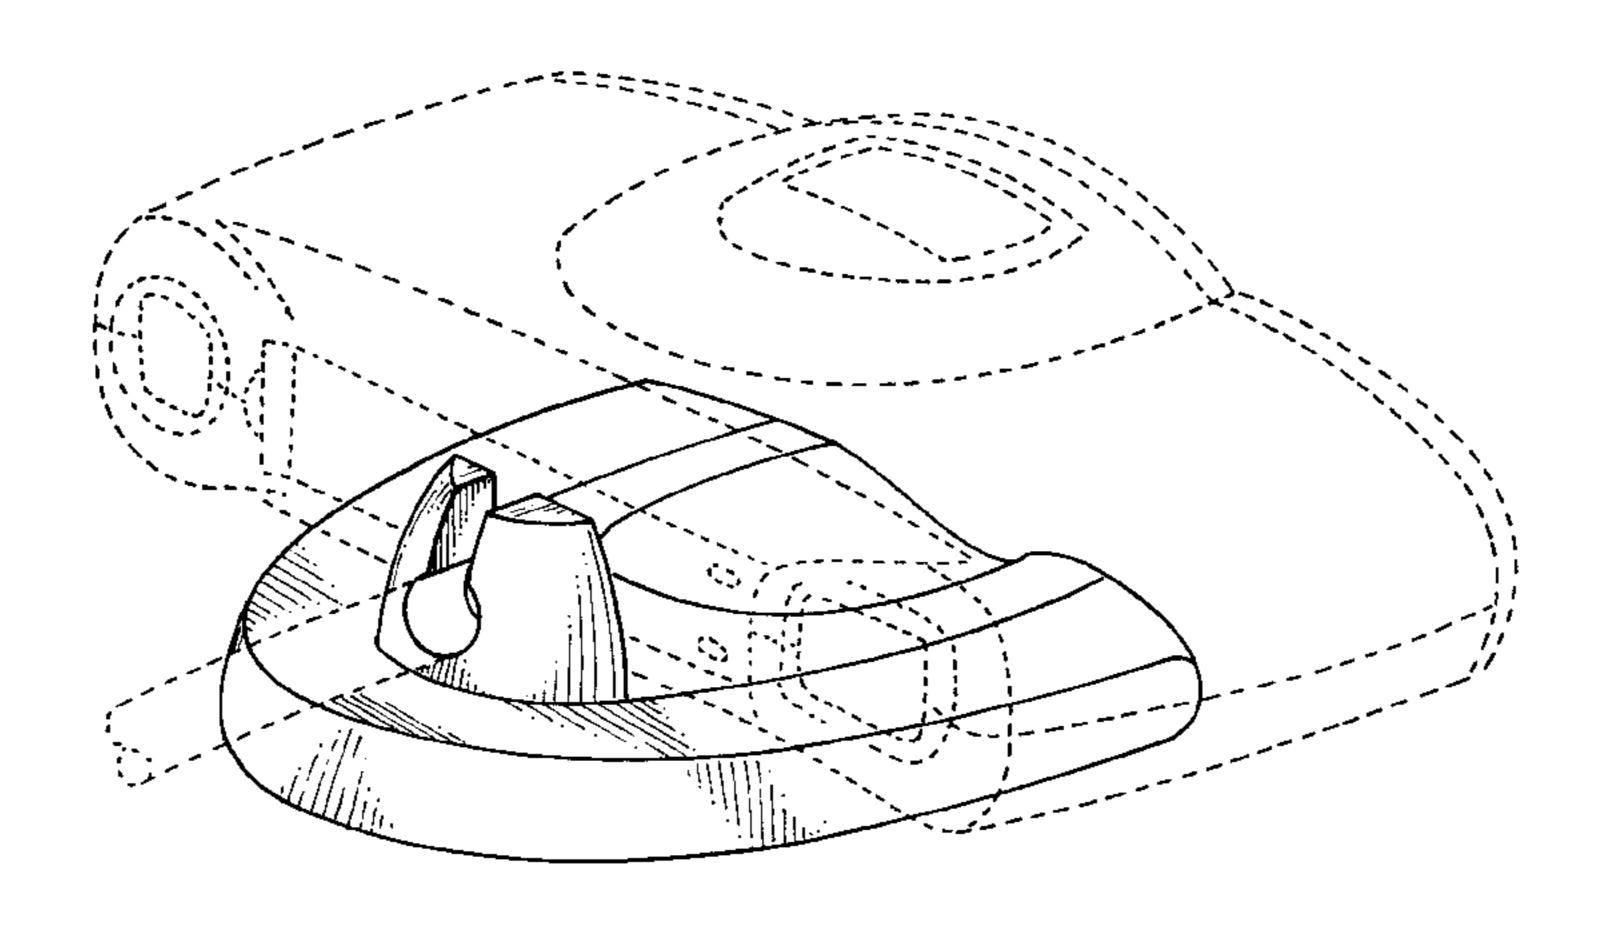

FIG. 6 shows a bottom plan thereof;

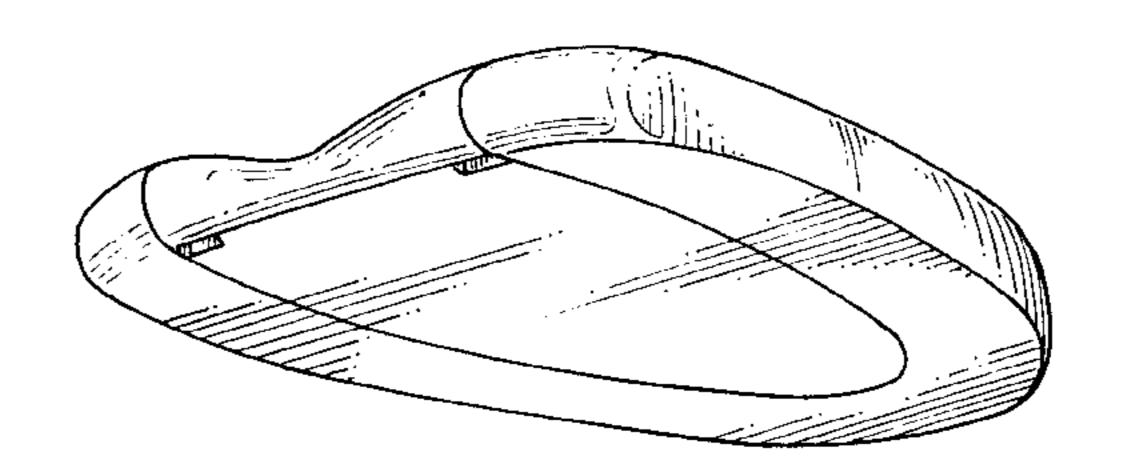

FIG. 7 shows a side elevational view with an inner portion of the support; and,

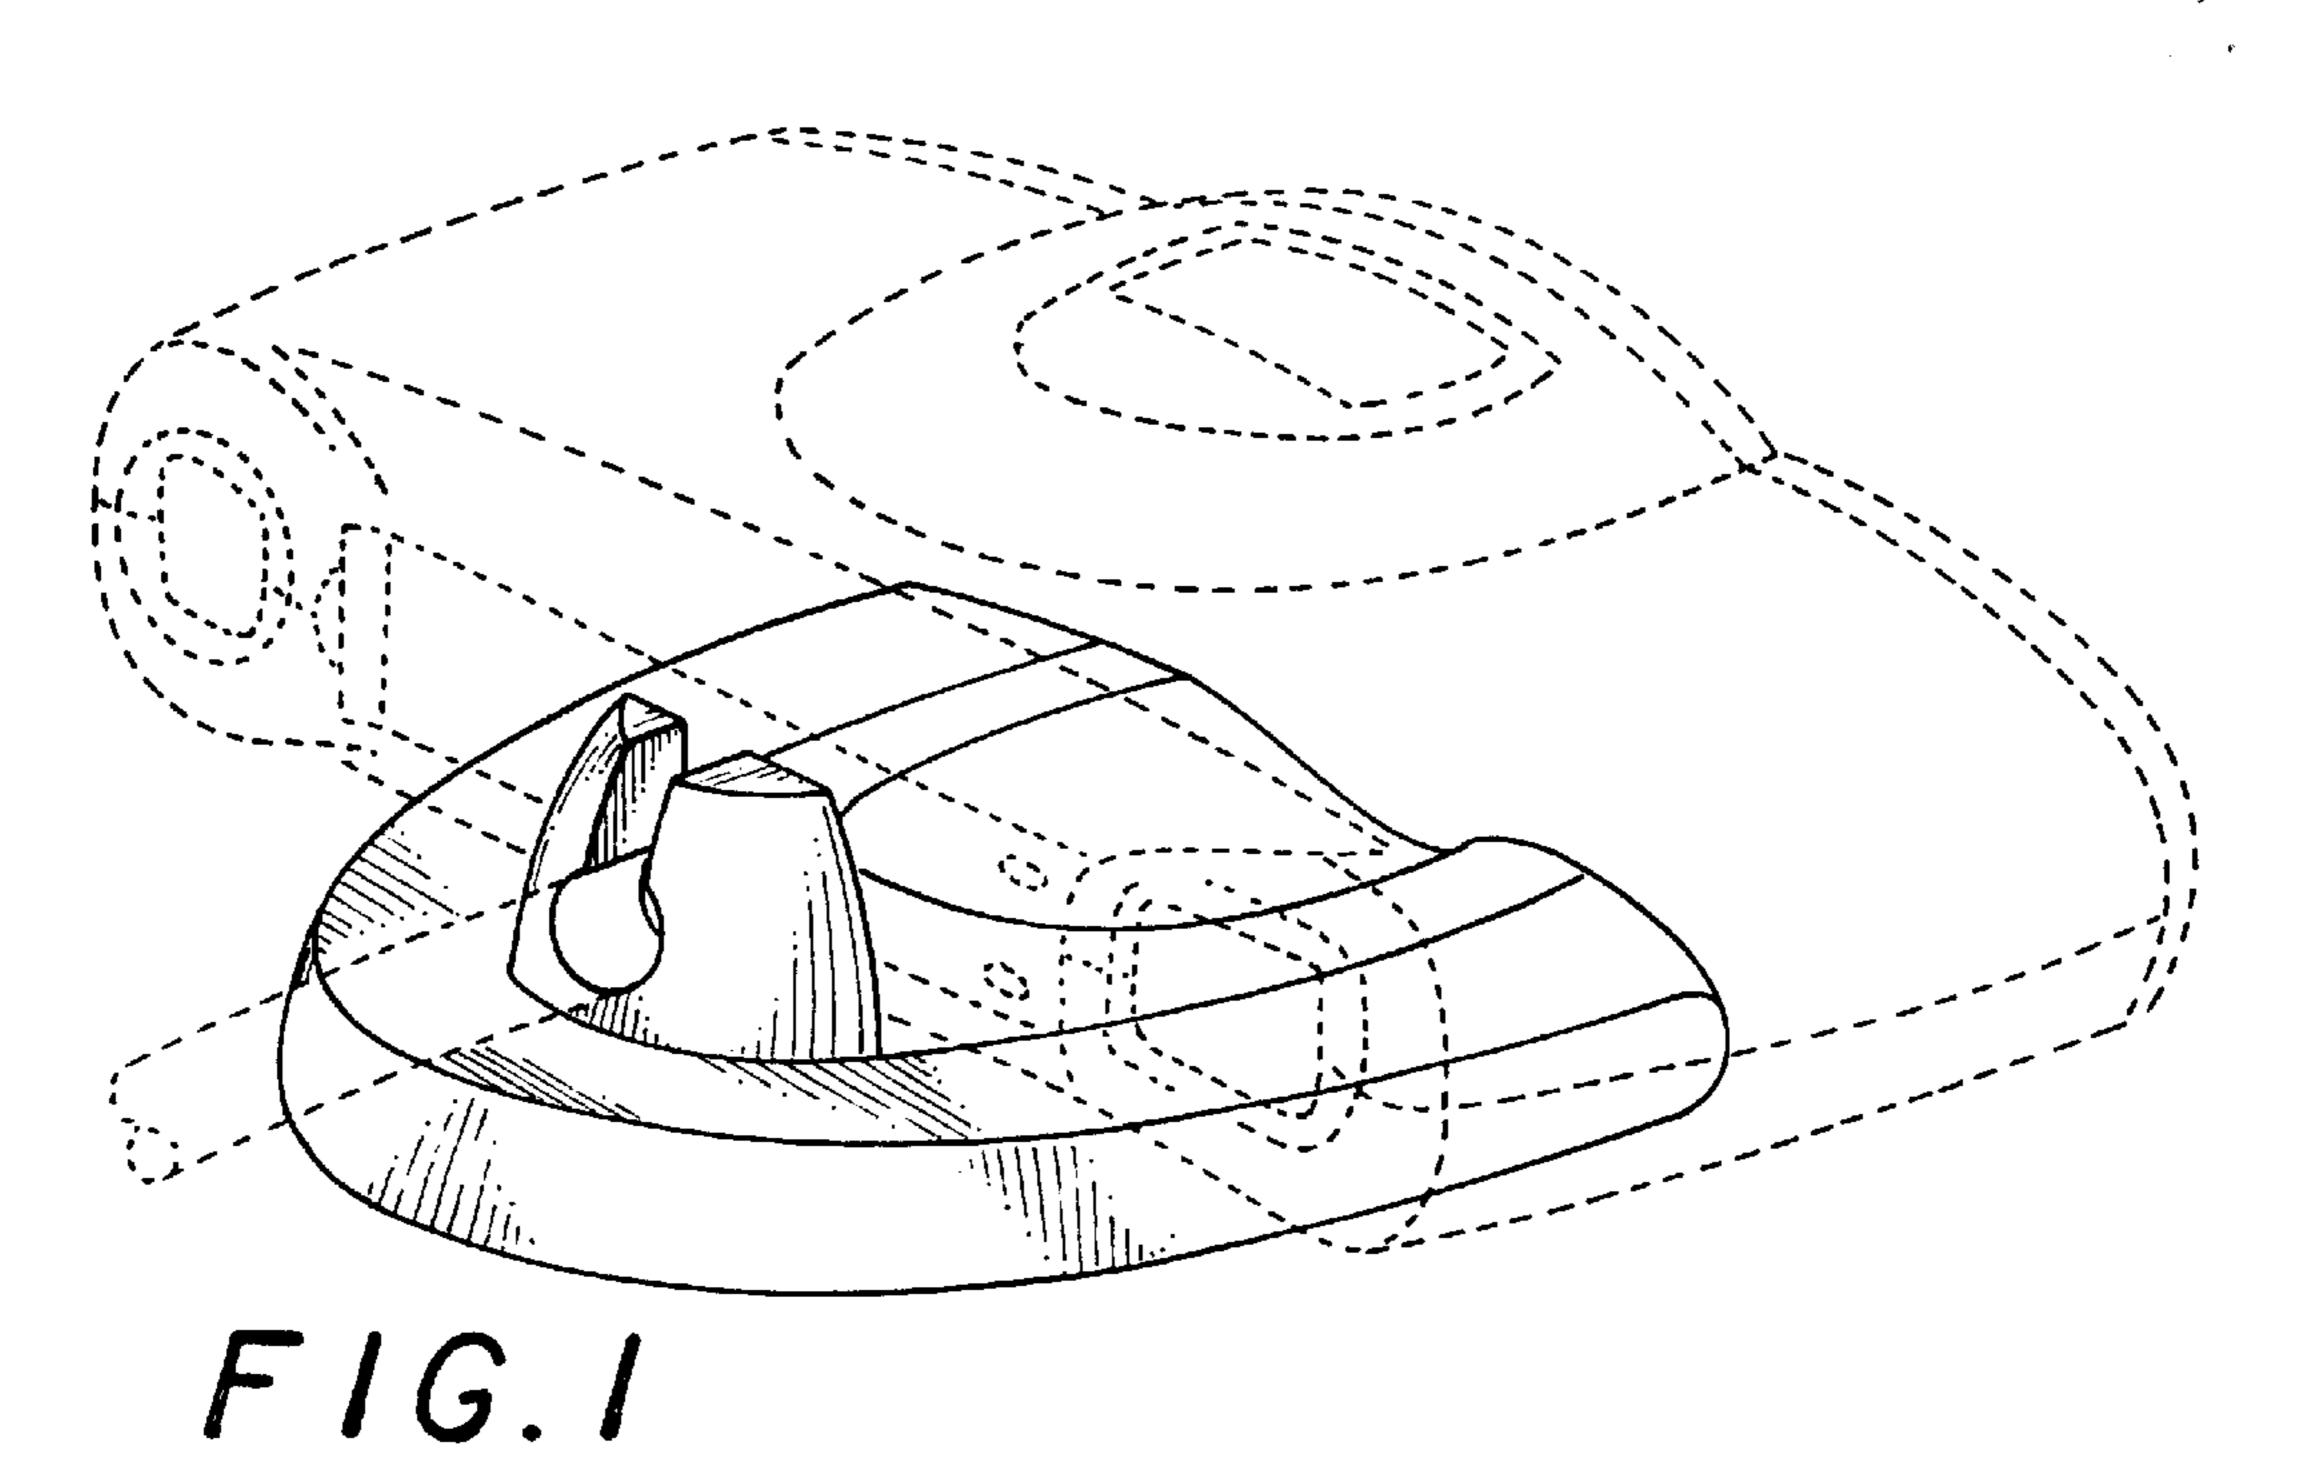

FIG. 8 shows a side elevational view with an inner portion of the support shown pivoted up from its original position to one possible alternate position as shown in FIG. 7.

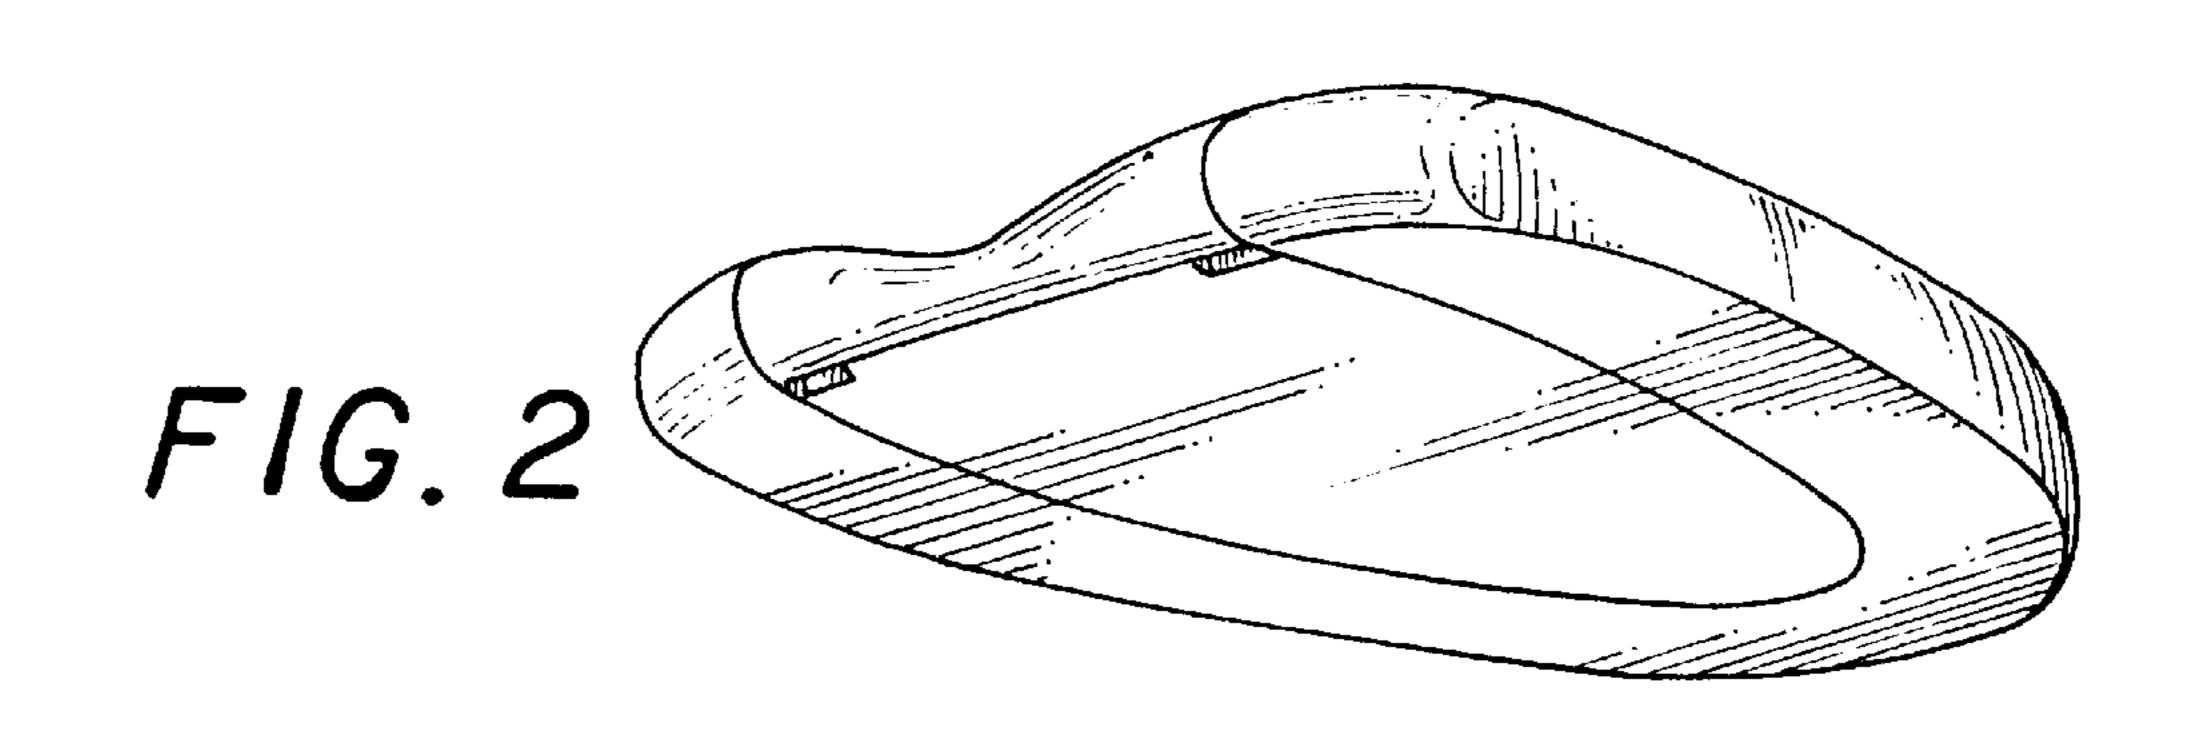

An opposite view of the support which is shown in FIG. 7 is not included, as the opposite view is a mirror image of the side shown in FIG. 7. Similarly, an opposite view of the support which is shown in FIG. 8 is not included, as the opposite view is also a mirror image of the side shown in FIG. 8.
