[57] **CLAIM**

The ornamental design for a lamp with needlework base, as shown and described.

DESCRIPTION

FIG. 1 shows a side view of one of the side surfaces of the four-sided lamp with needlework base, provided with lamp shade and base plate;

FIG. 2 shows a close-up of the lamp with needlework base in a side view taken at an angle so as to show two adjacent side surfaces;

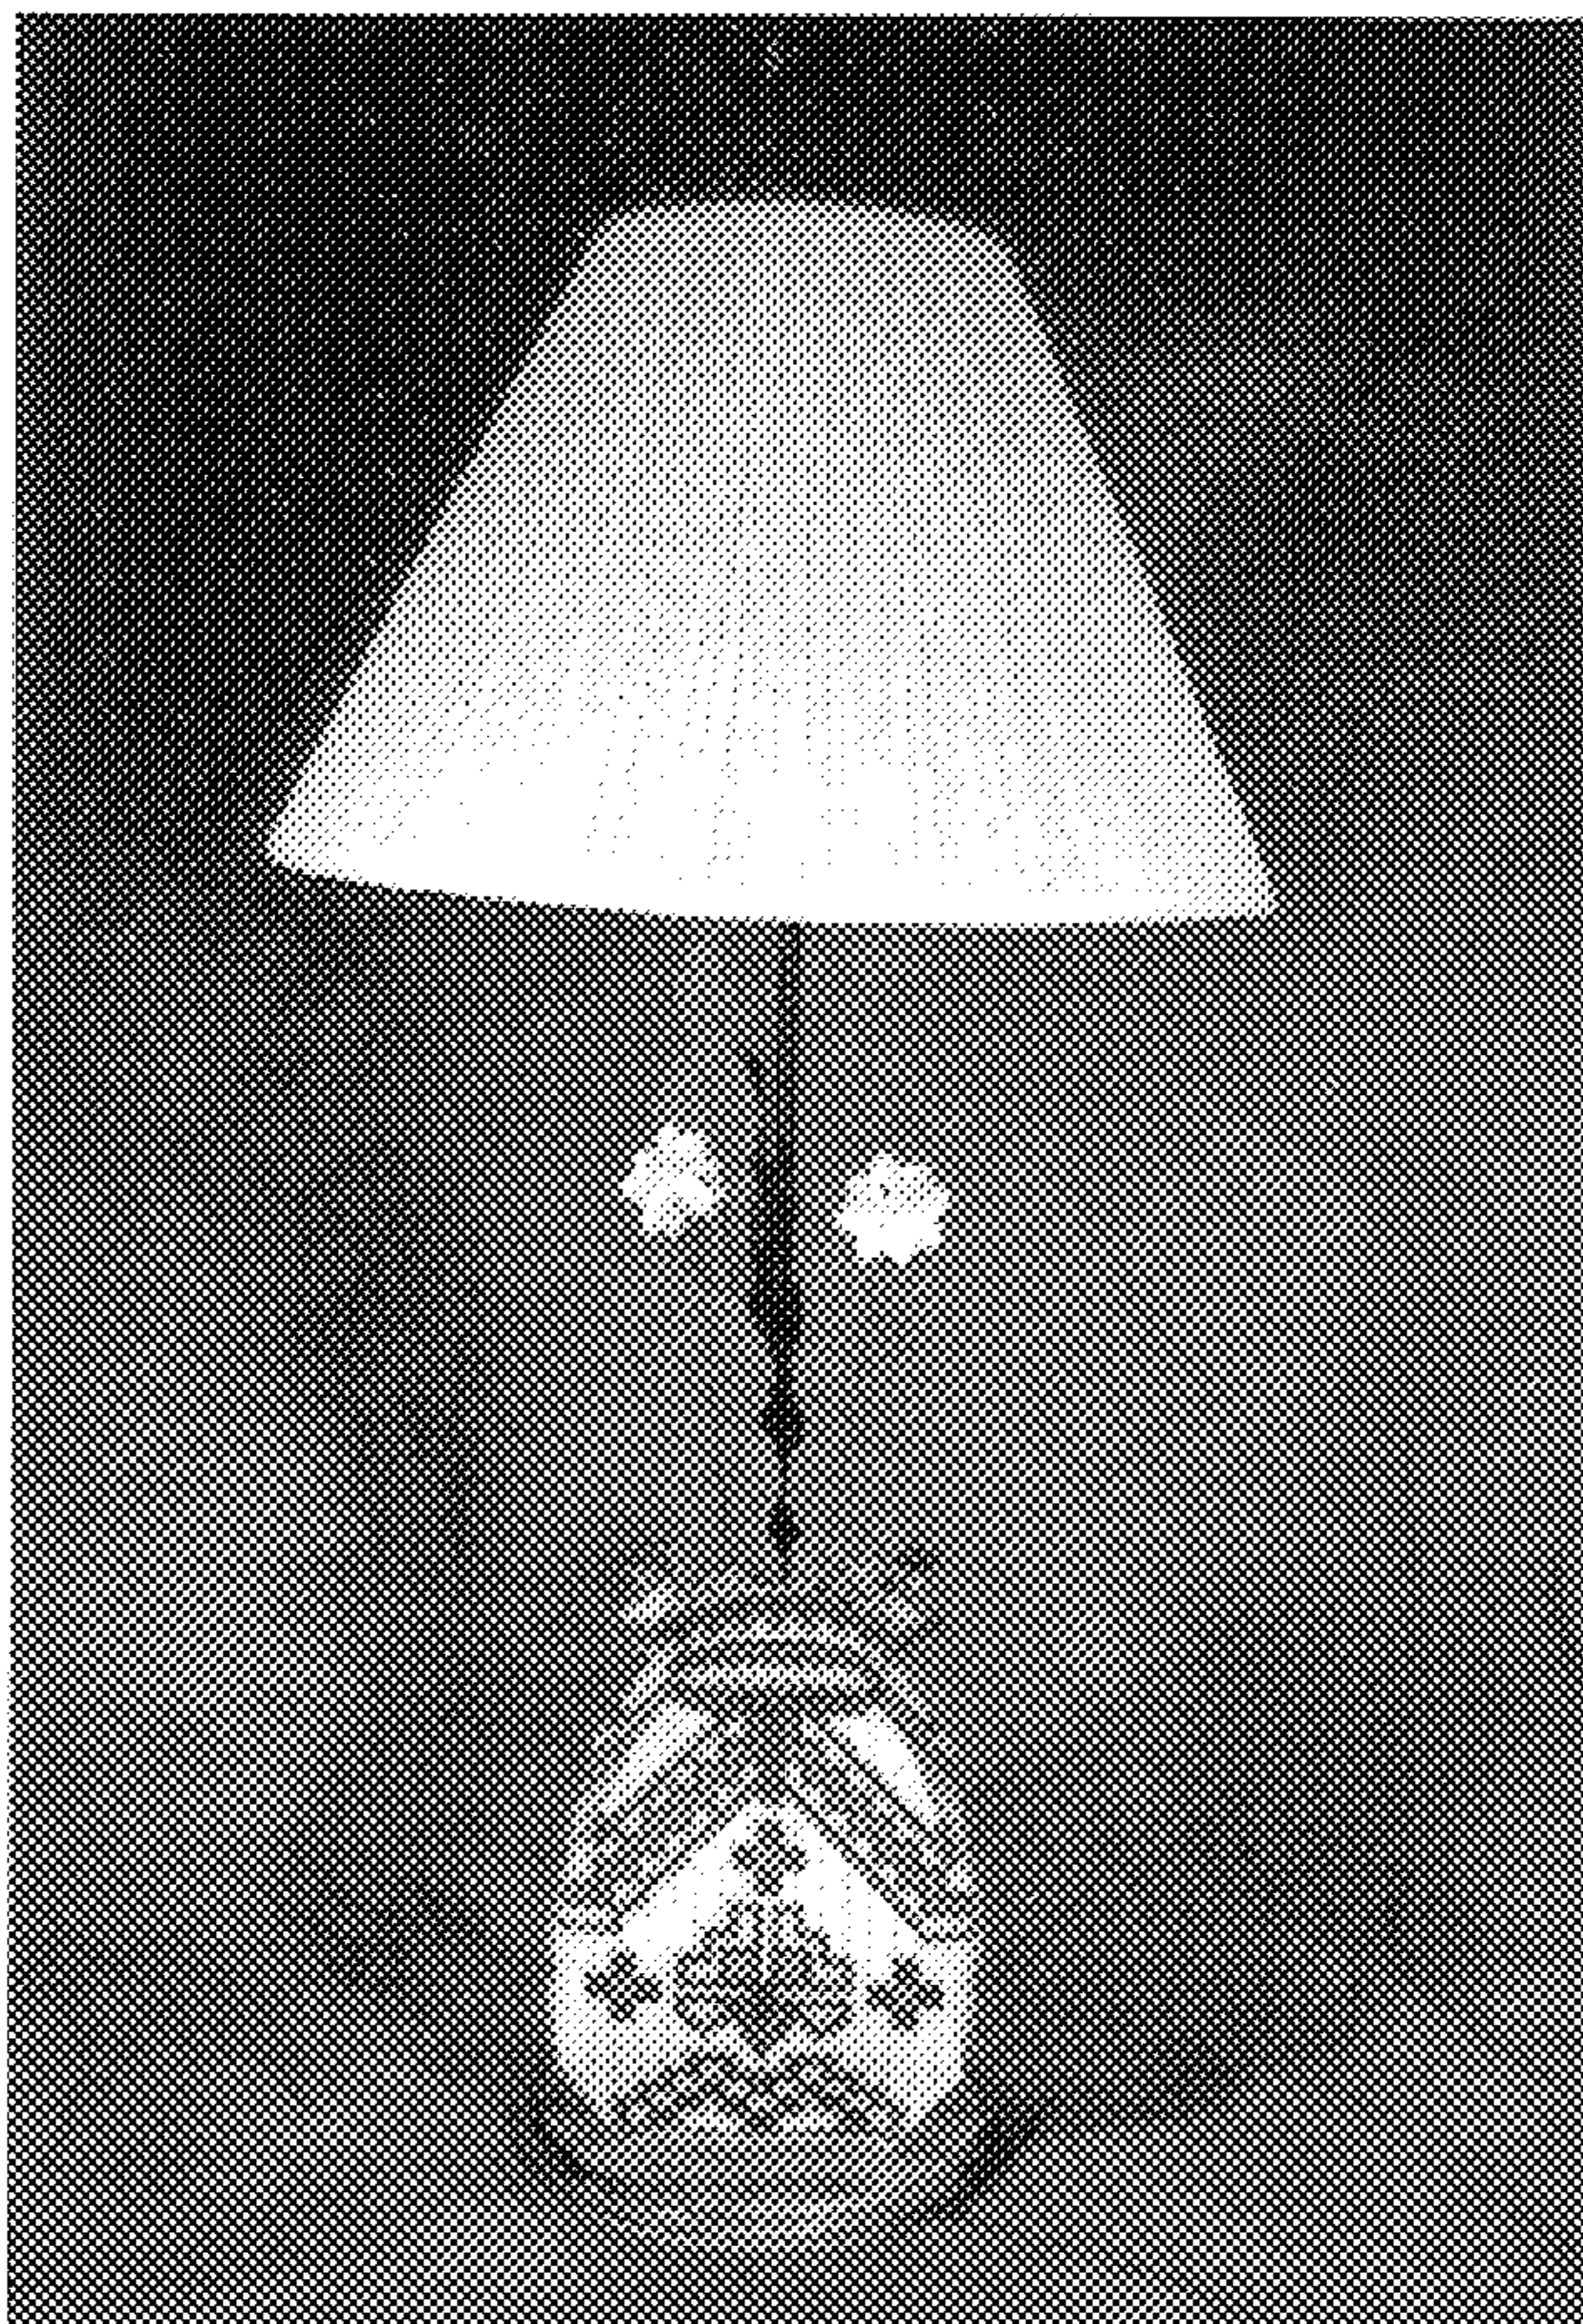

FIG. 3 shows a close-up of the top of the main body of the lamp with needlework base from which the cactus flower branches extend, also showing the curled grass-like material covering the top of the main body;

FIG. 4 shows a close-up of the three cactus flower branches in a side view;

FIG. 5 shows a perspective top view of the lamp with needlework base showing the square contour of the main body and the three cactus flower branches having a cross-sectional contour of a three-point star; and,

FIG. 6 shows a close-up of the flower portion of the cactus flowers.
