[57] CLAIM

The ornamental design for a dual vertical storage assembly for compact discs, CD-ROMS and other discs, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a dual vertical storage assembly showing our new design, the disc depicted by means of broken lines being for illustrative purposes only and forming no part of the claimed design;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a rear elevational view thereof;

FIG. 4 is an elevational view of one side thereof, the opposite side being a mirror image thereof;

FIG. 5 is a top plan view thereof;

FIG. 6 is a bottom plan view thereof; and,

FIG. 7 is a perspective view of a second embodiment of our new design, the only differences over the first embodiment being that the second embodiment is taller and is shown broken away to indicate that it is of indeterminate height.
