[57] **CLAIM**

The ornamental design for a tire tread, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a tire tread showing our new design, it being understood that the pattern repeats uniformly throughout the circumference of the tread;  
 FIG. 2 is a front elevational view thereof;  
 FIG. 3 is a side elevational view thereof, the opposite side elevational view being identical thereto; and,  
 FIG. 4 is an enlarged fragmentary front elevational view thereof.  
 In the drawings, the broken lines defining the inner bead and sidewall of a tire are for illustrative purposes only and form no part of the claimed design.
