[57] CLAIM

The ornamental design for a wall mounted shelf unit with turnable posts fitted with articulated joints, as shown and described.

DESCRIPTION

FIG. 1 is a rear perspective view of a wall mounted shelf unit with turnable posts fitted with articulated joints at the top end of the posts;

FIG. 2 is a front perspective view thereof with the articulated joints at the top end of the posts;

FIG. 3 is a rear perspective view of the wall mounted shelf unit with turnable posts fitted with articulated joints with the turnable posts turned upside down so that the articulated joints are at the bottom end of the posts and with the shelf supports in inverted position and the three shelves and enclosed storage unit in reversed condition; and,

FIG. 4 is a front perspective view of FIG. 3.
