[57] CLAIM

The ornamental design for a combined base and support for a medical examining lamp, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an ornamental design of a combined base and support for a medical examining lamp according to my invention;

FIG. 2 is a front view thereof;

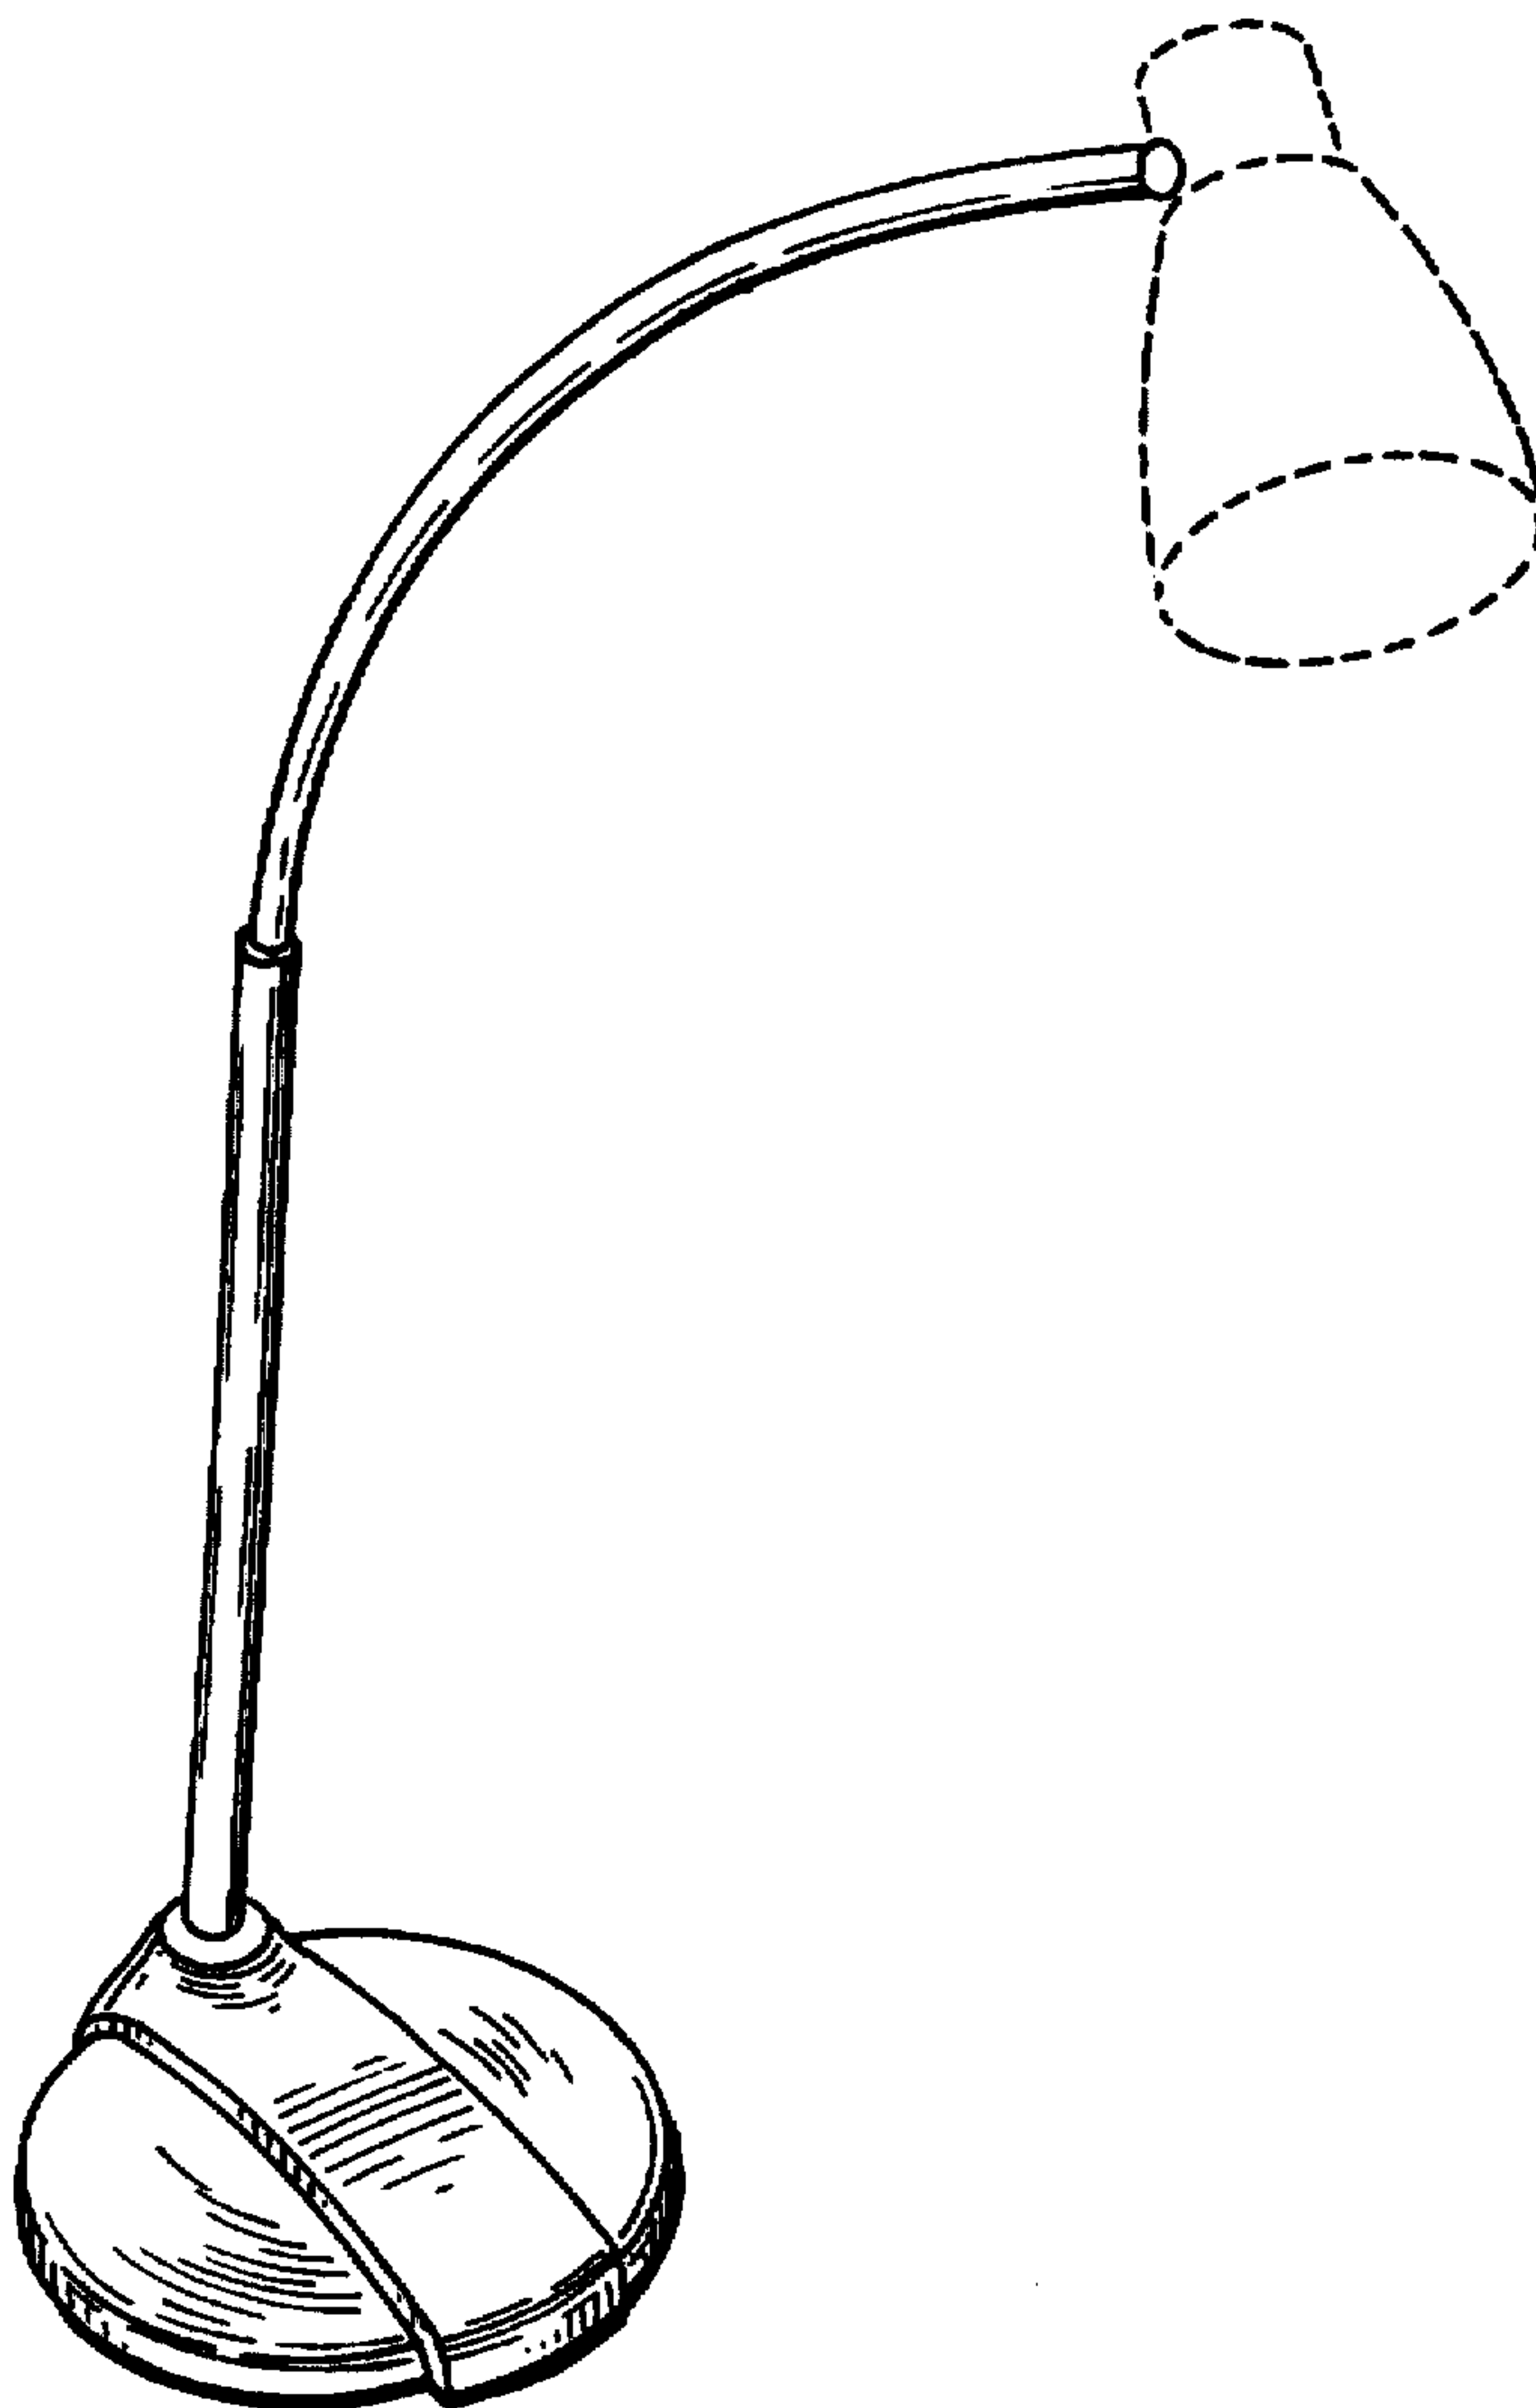

FIG. 3 is a left side view thereof; the right side view being a mirror image of the left side view;

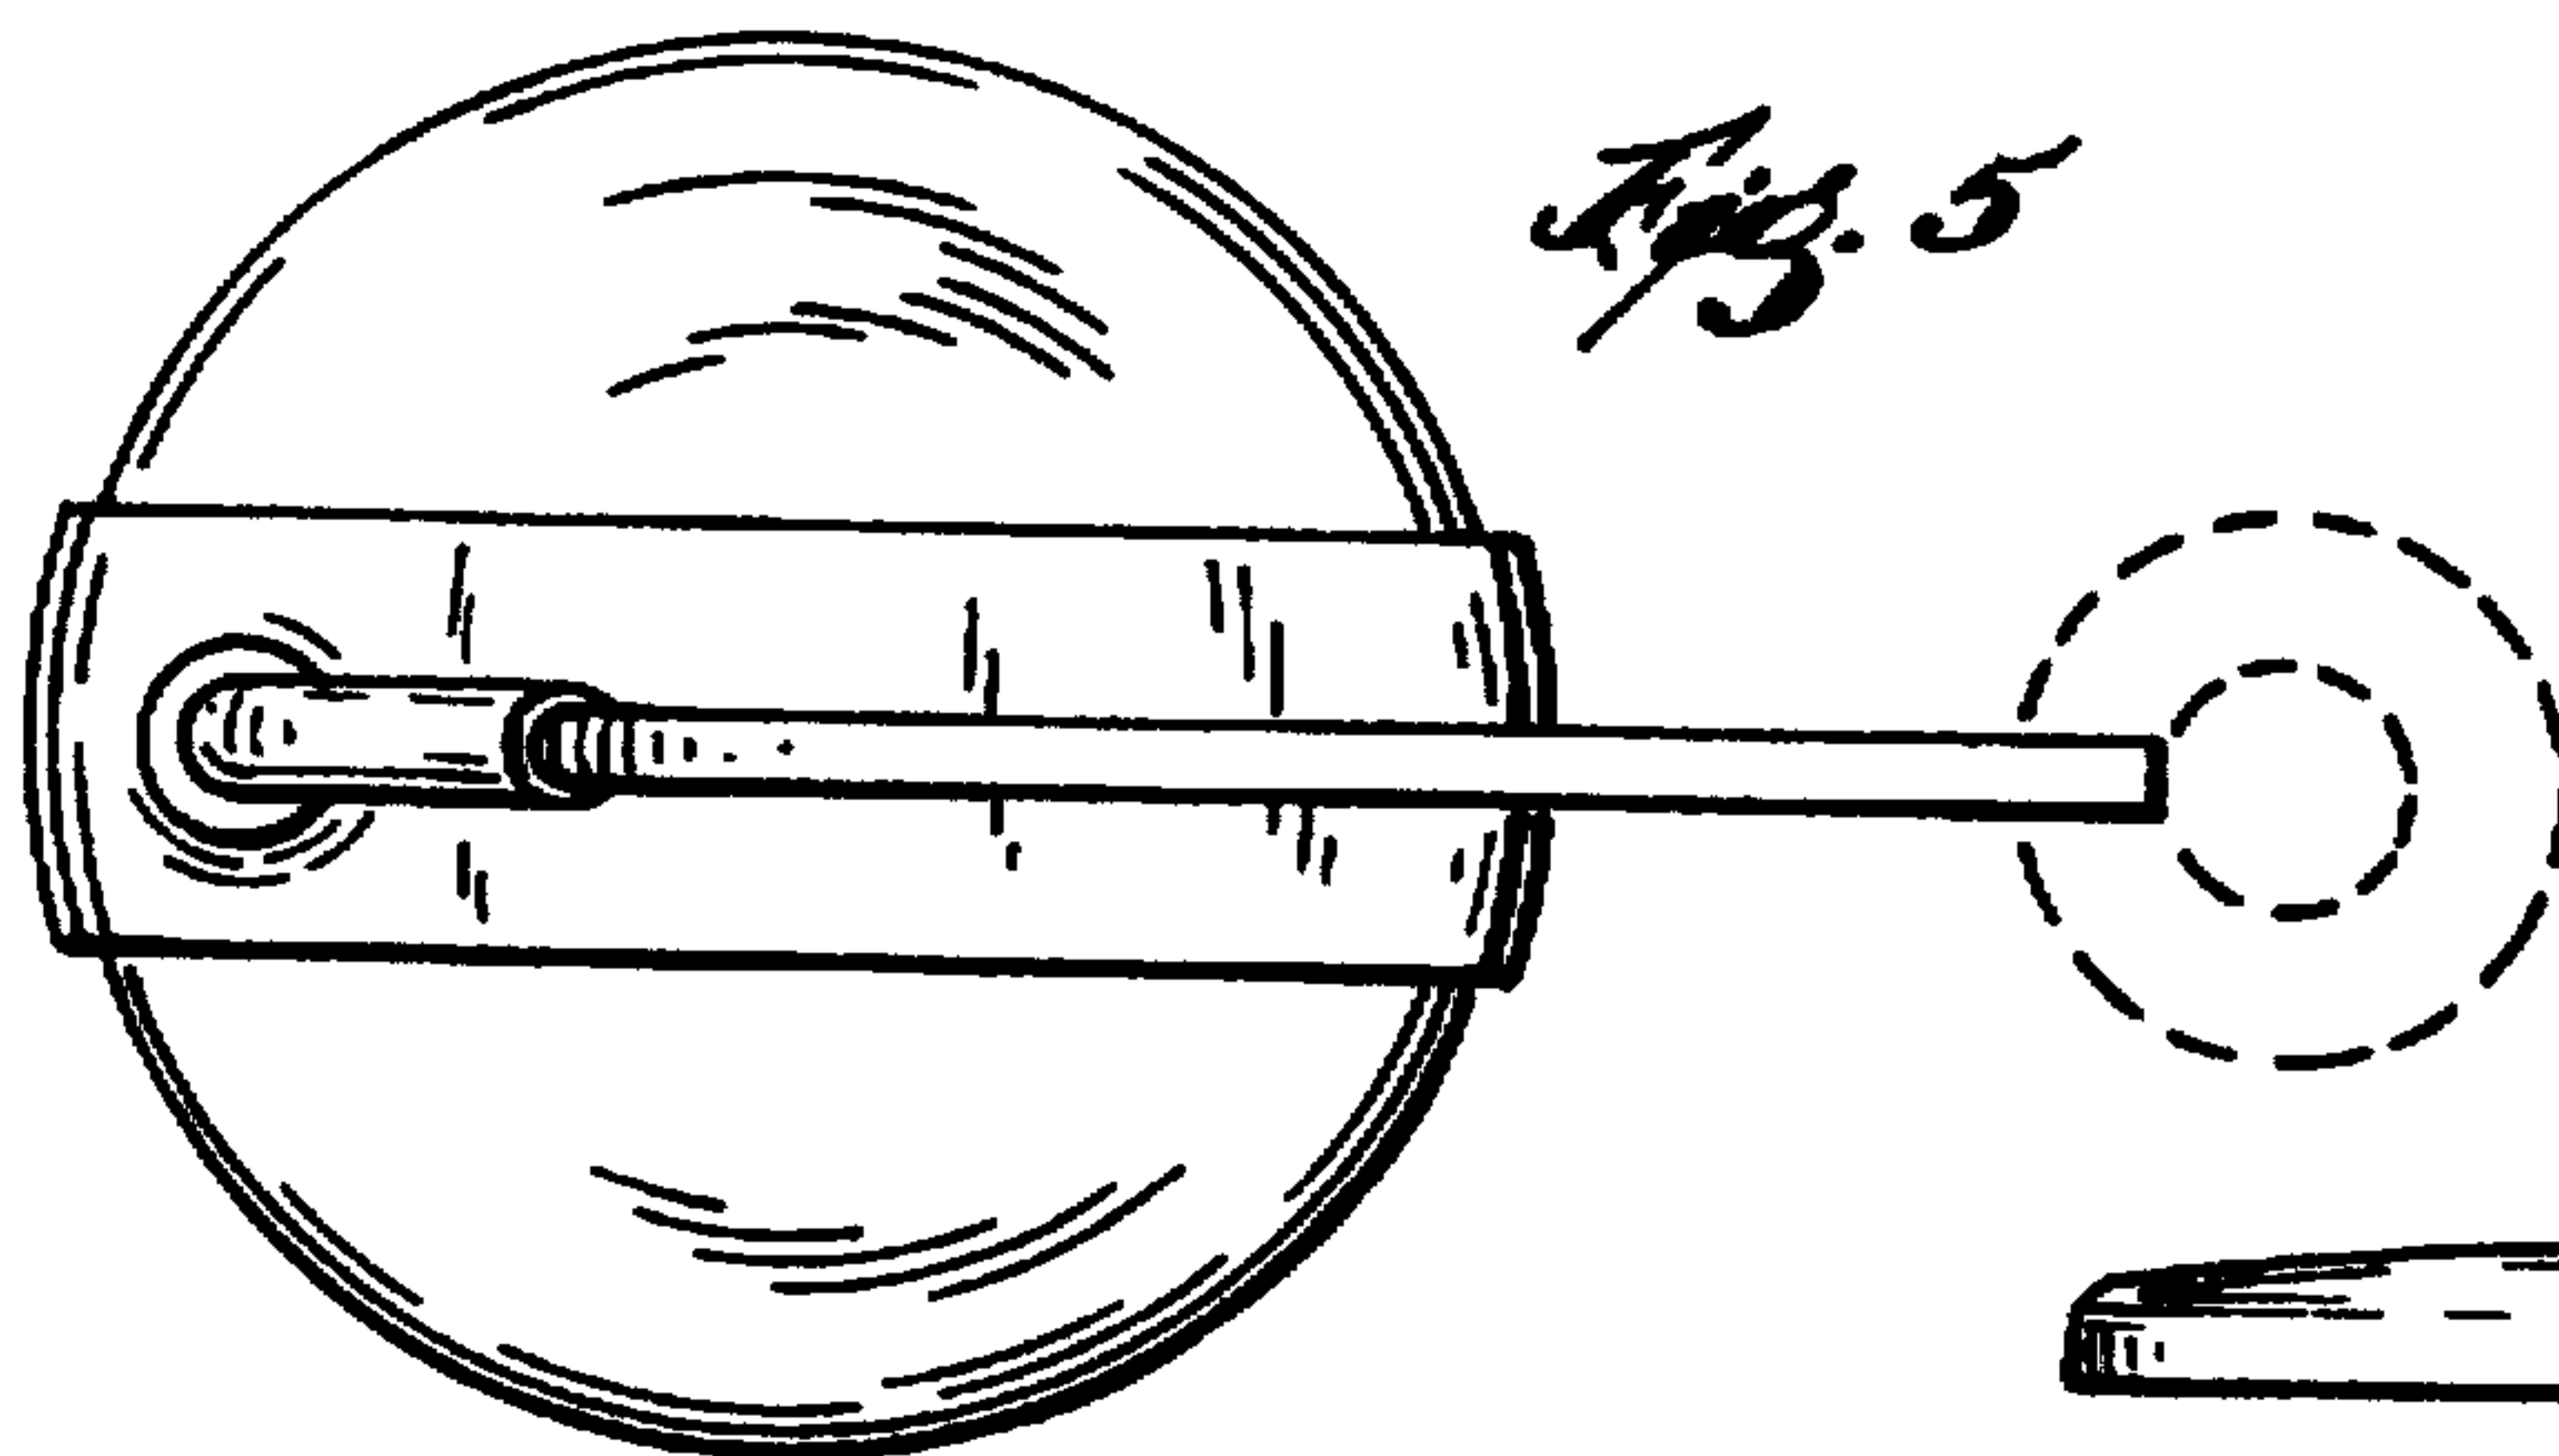

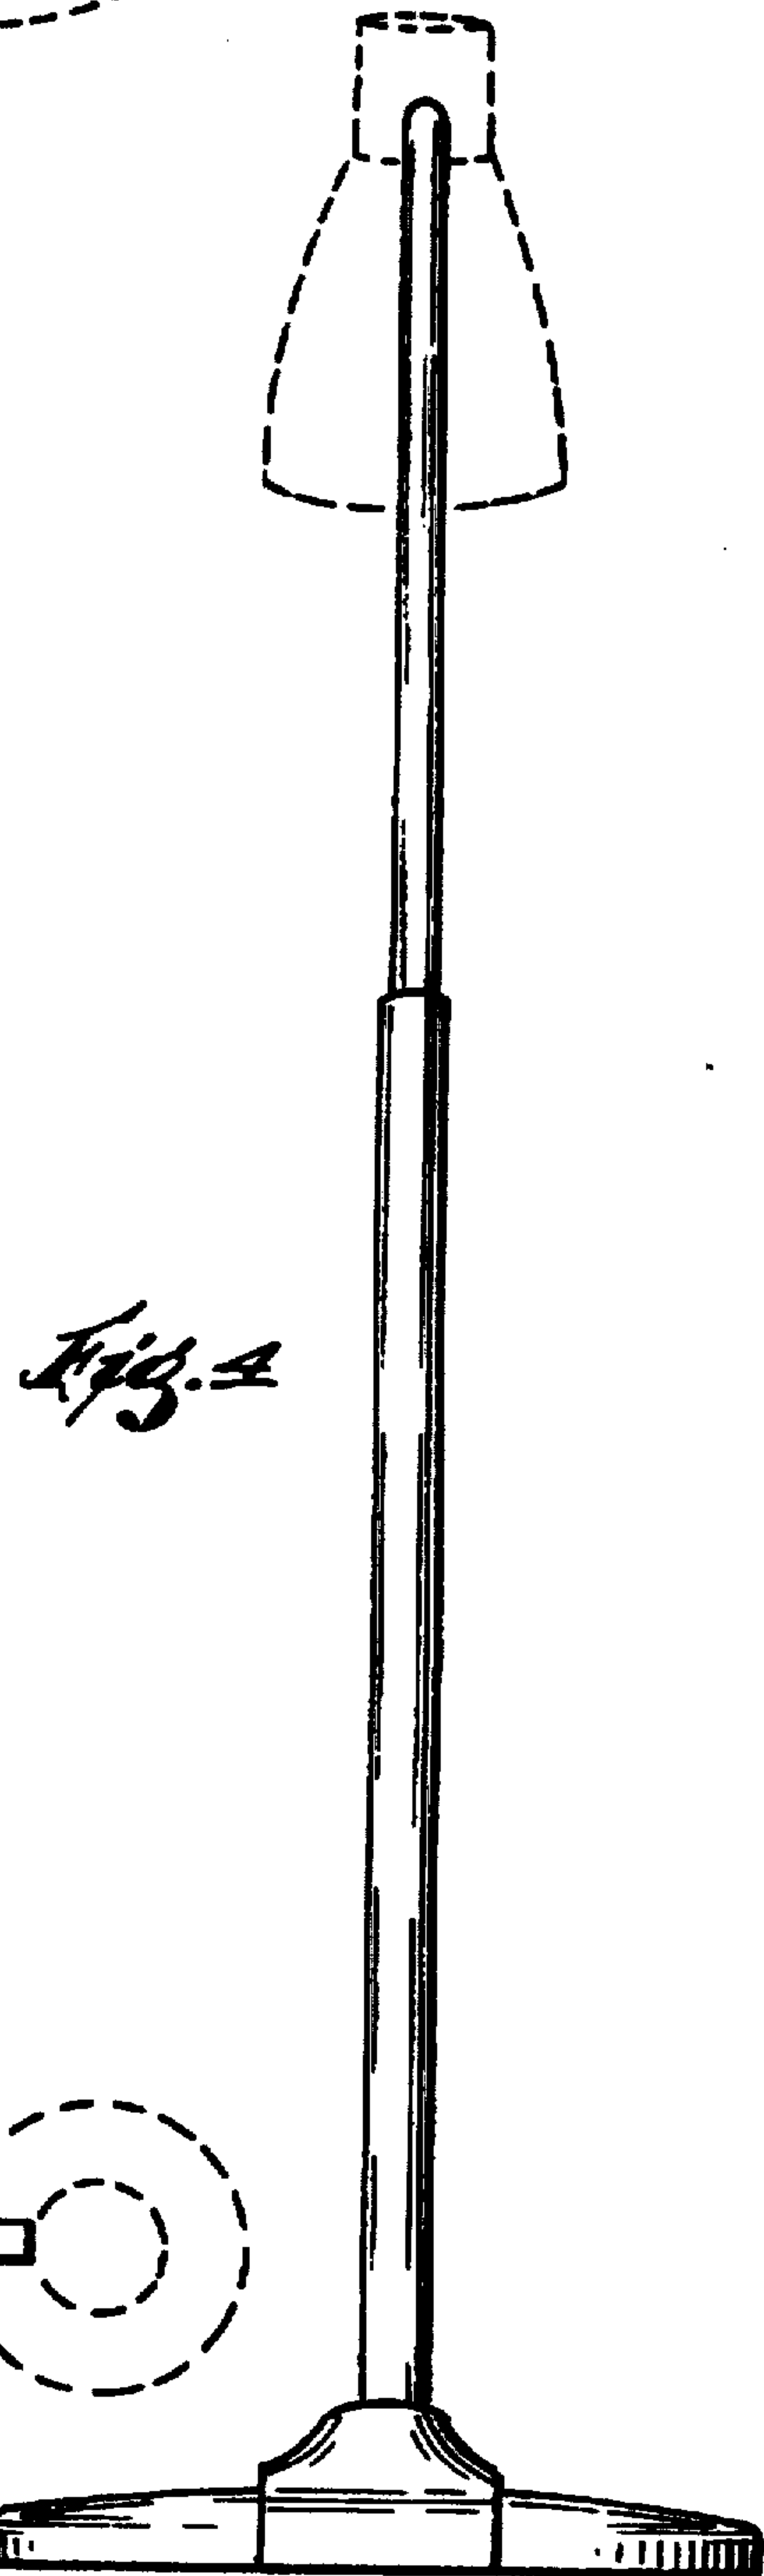

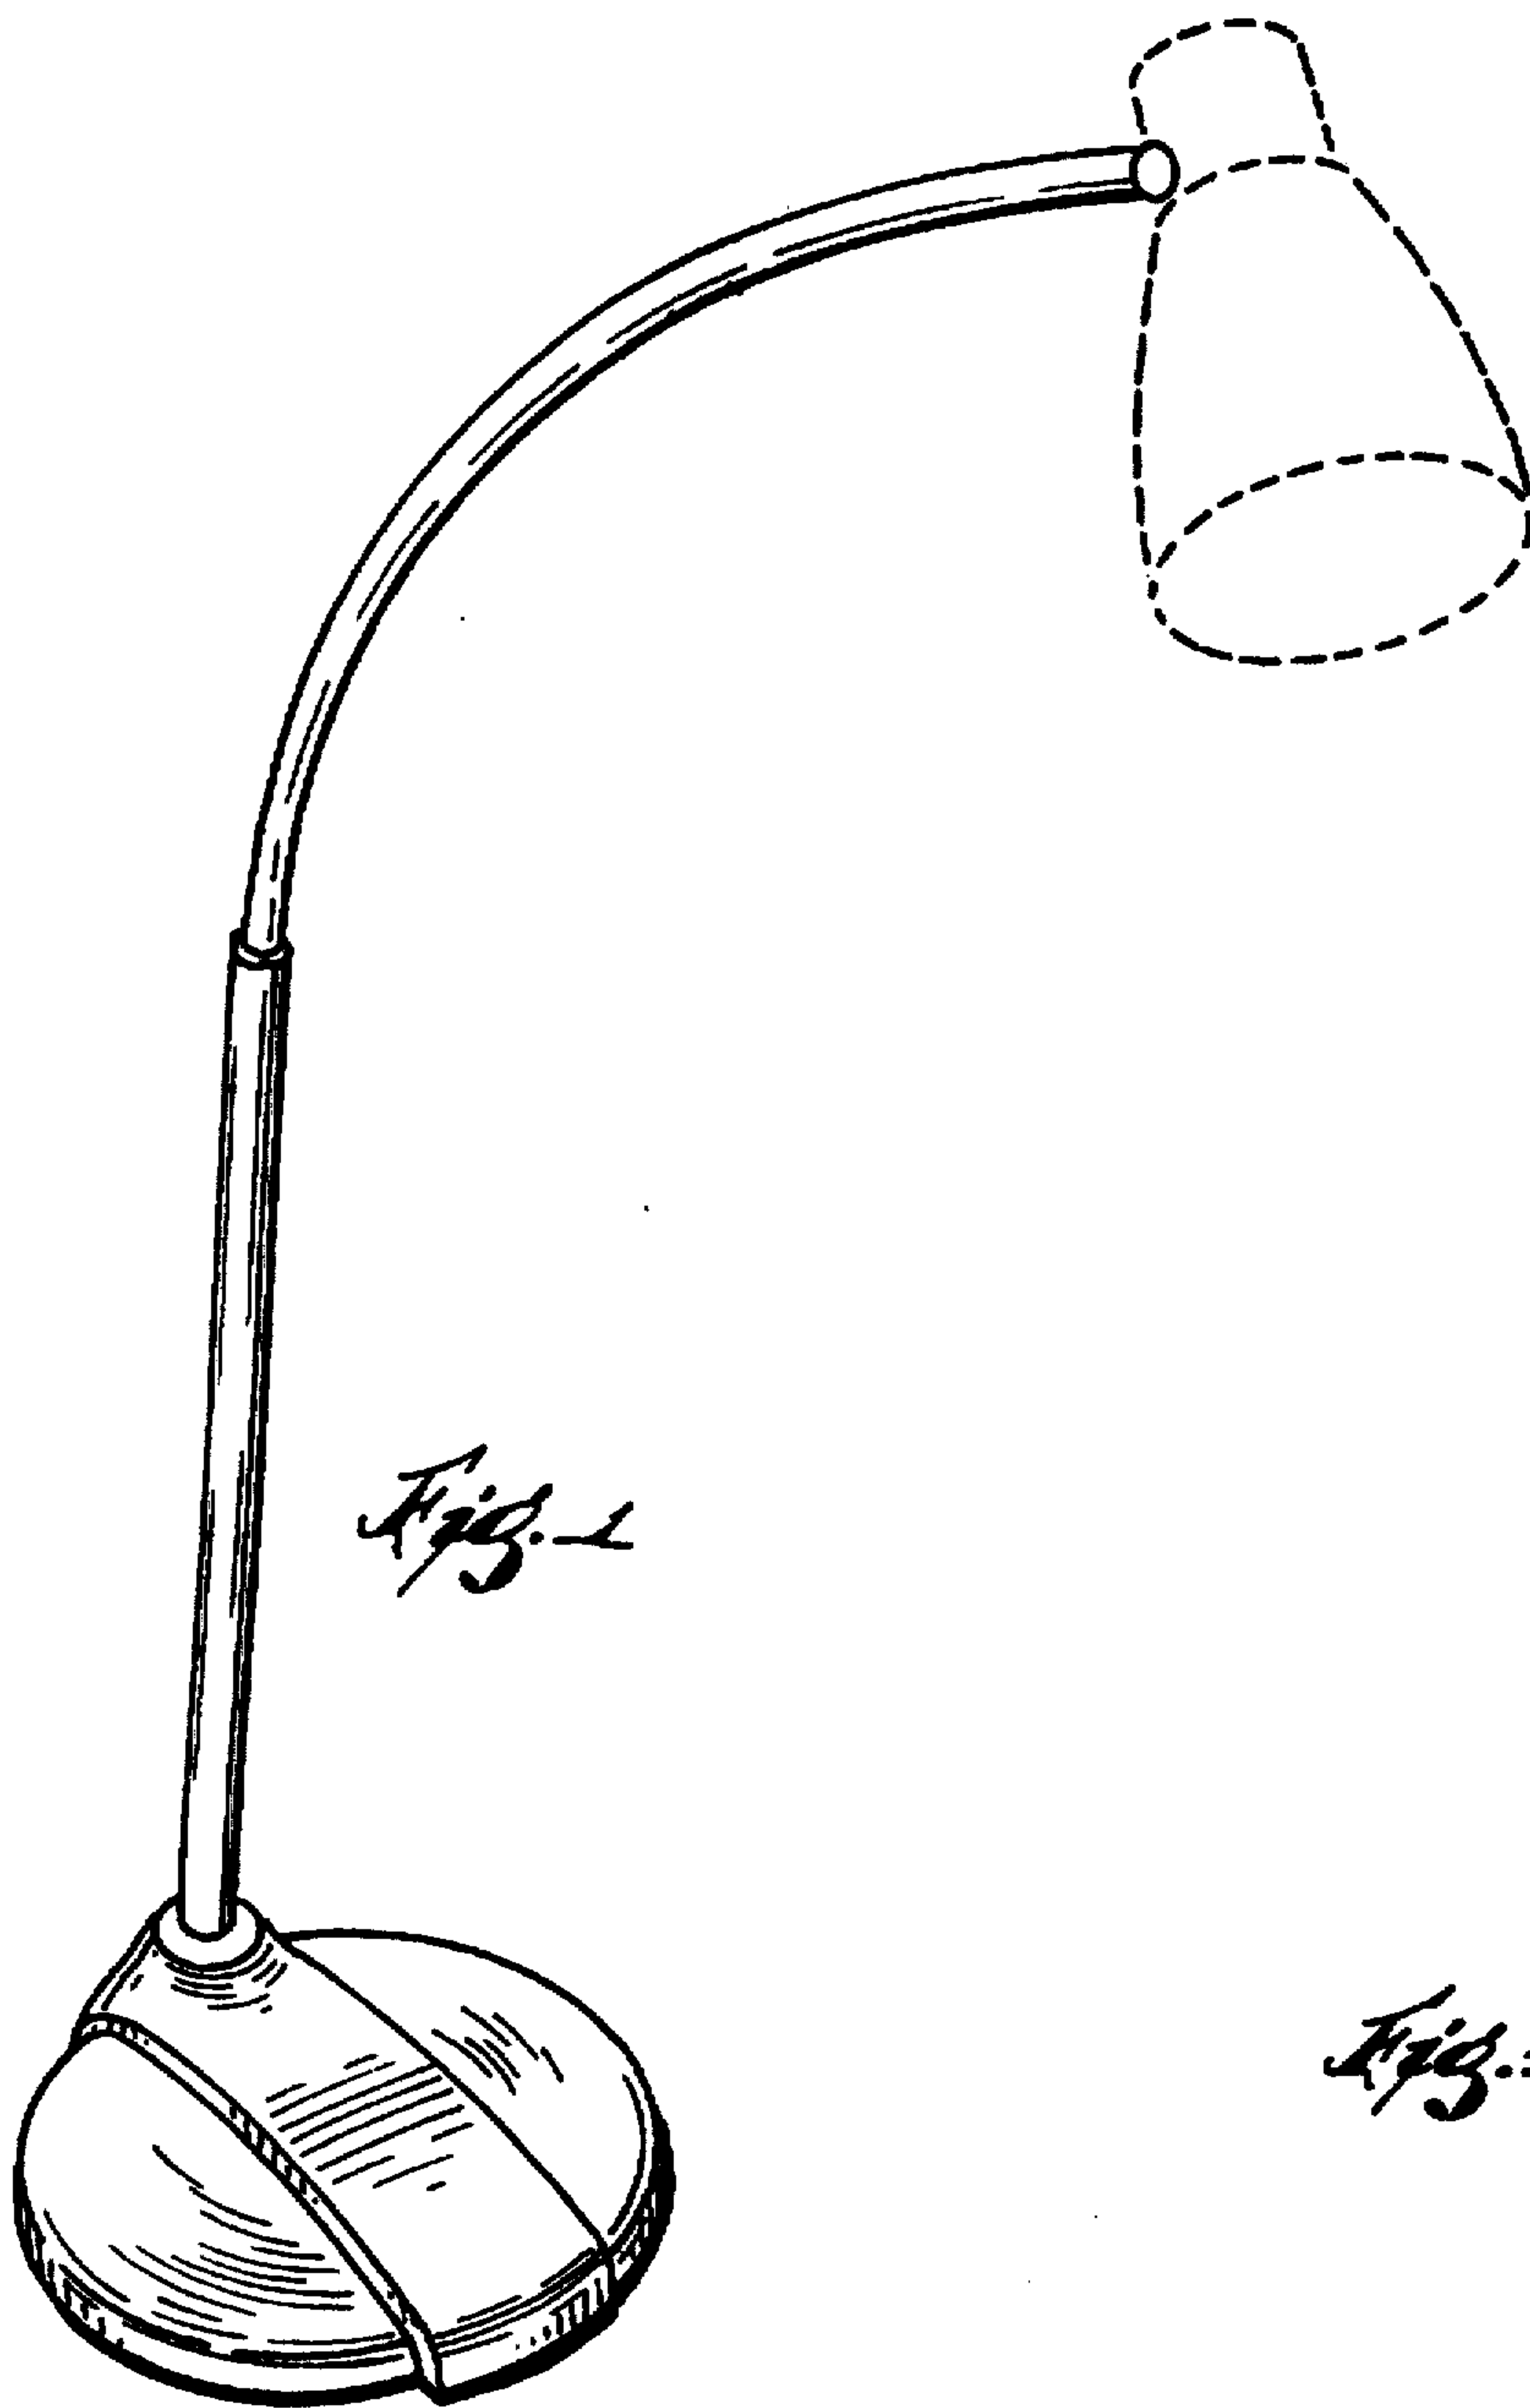

FIG. 4 is a rear view thereof; and,

FIG. 5 is a top view thereof.

Those portions of the medical examining lamp shown by broken lines in the drawings are for purposes of illustrating a portion thereof which does not form a part of the invention.
