[57] **CLAIM**

The ornamental design for a fork lift with movable control console, as shown and described.

DESCRIPTION

The design is described in the accompanying drawings wherein; The file of this patent contains at least one drawing executed in color.

FIG. 1 is a front perspective view of the mobile lift which forms the subject of this invention;

FIG. 2 is a rear perspective view of the device of FIG. 1;

FIG. 1 is a front perspective view of the mobile lift which forms the subject of this invention;

FIG. 4 is a view similar to FIG. 3 with the control console having been rotated to a different position; and,

FIG. 5 is a view similar to FIG. 1 with the control console having rotated.

The undisclosed left side of the forklift is the same as the side shown in FIGS. 1–5 except that the logo is not included and the rear side of the control console is seen which is plain and unornamented.
