[57] CLAIM

The ornamental design for pattern for an embossed paper product, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a first embodiment of a pattern for an embossed paper product embodying our design; and, FIG. 2 is a top plan view of a second embodiment of a pattern for an embossed paper product embodying our design.

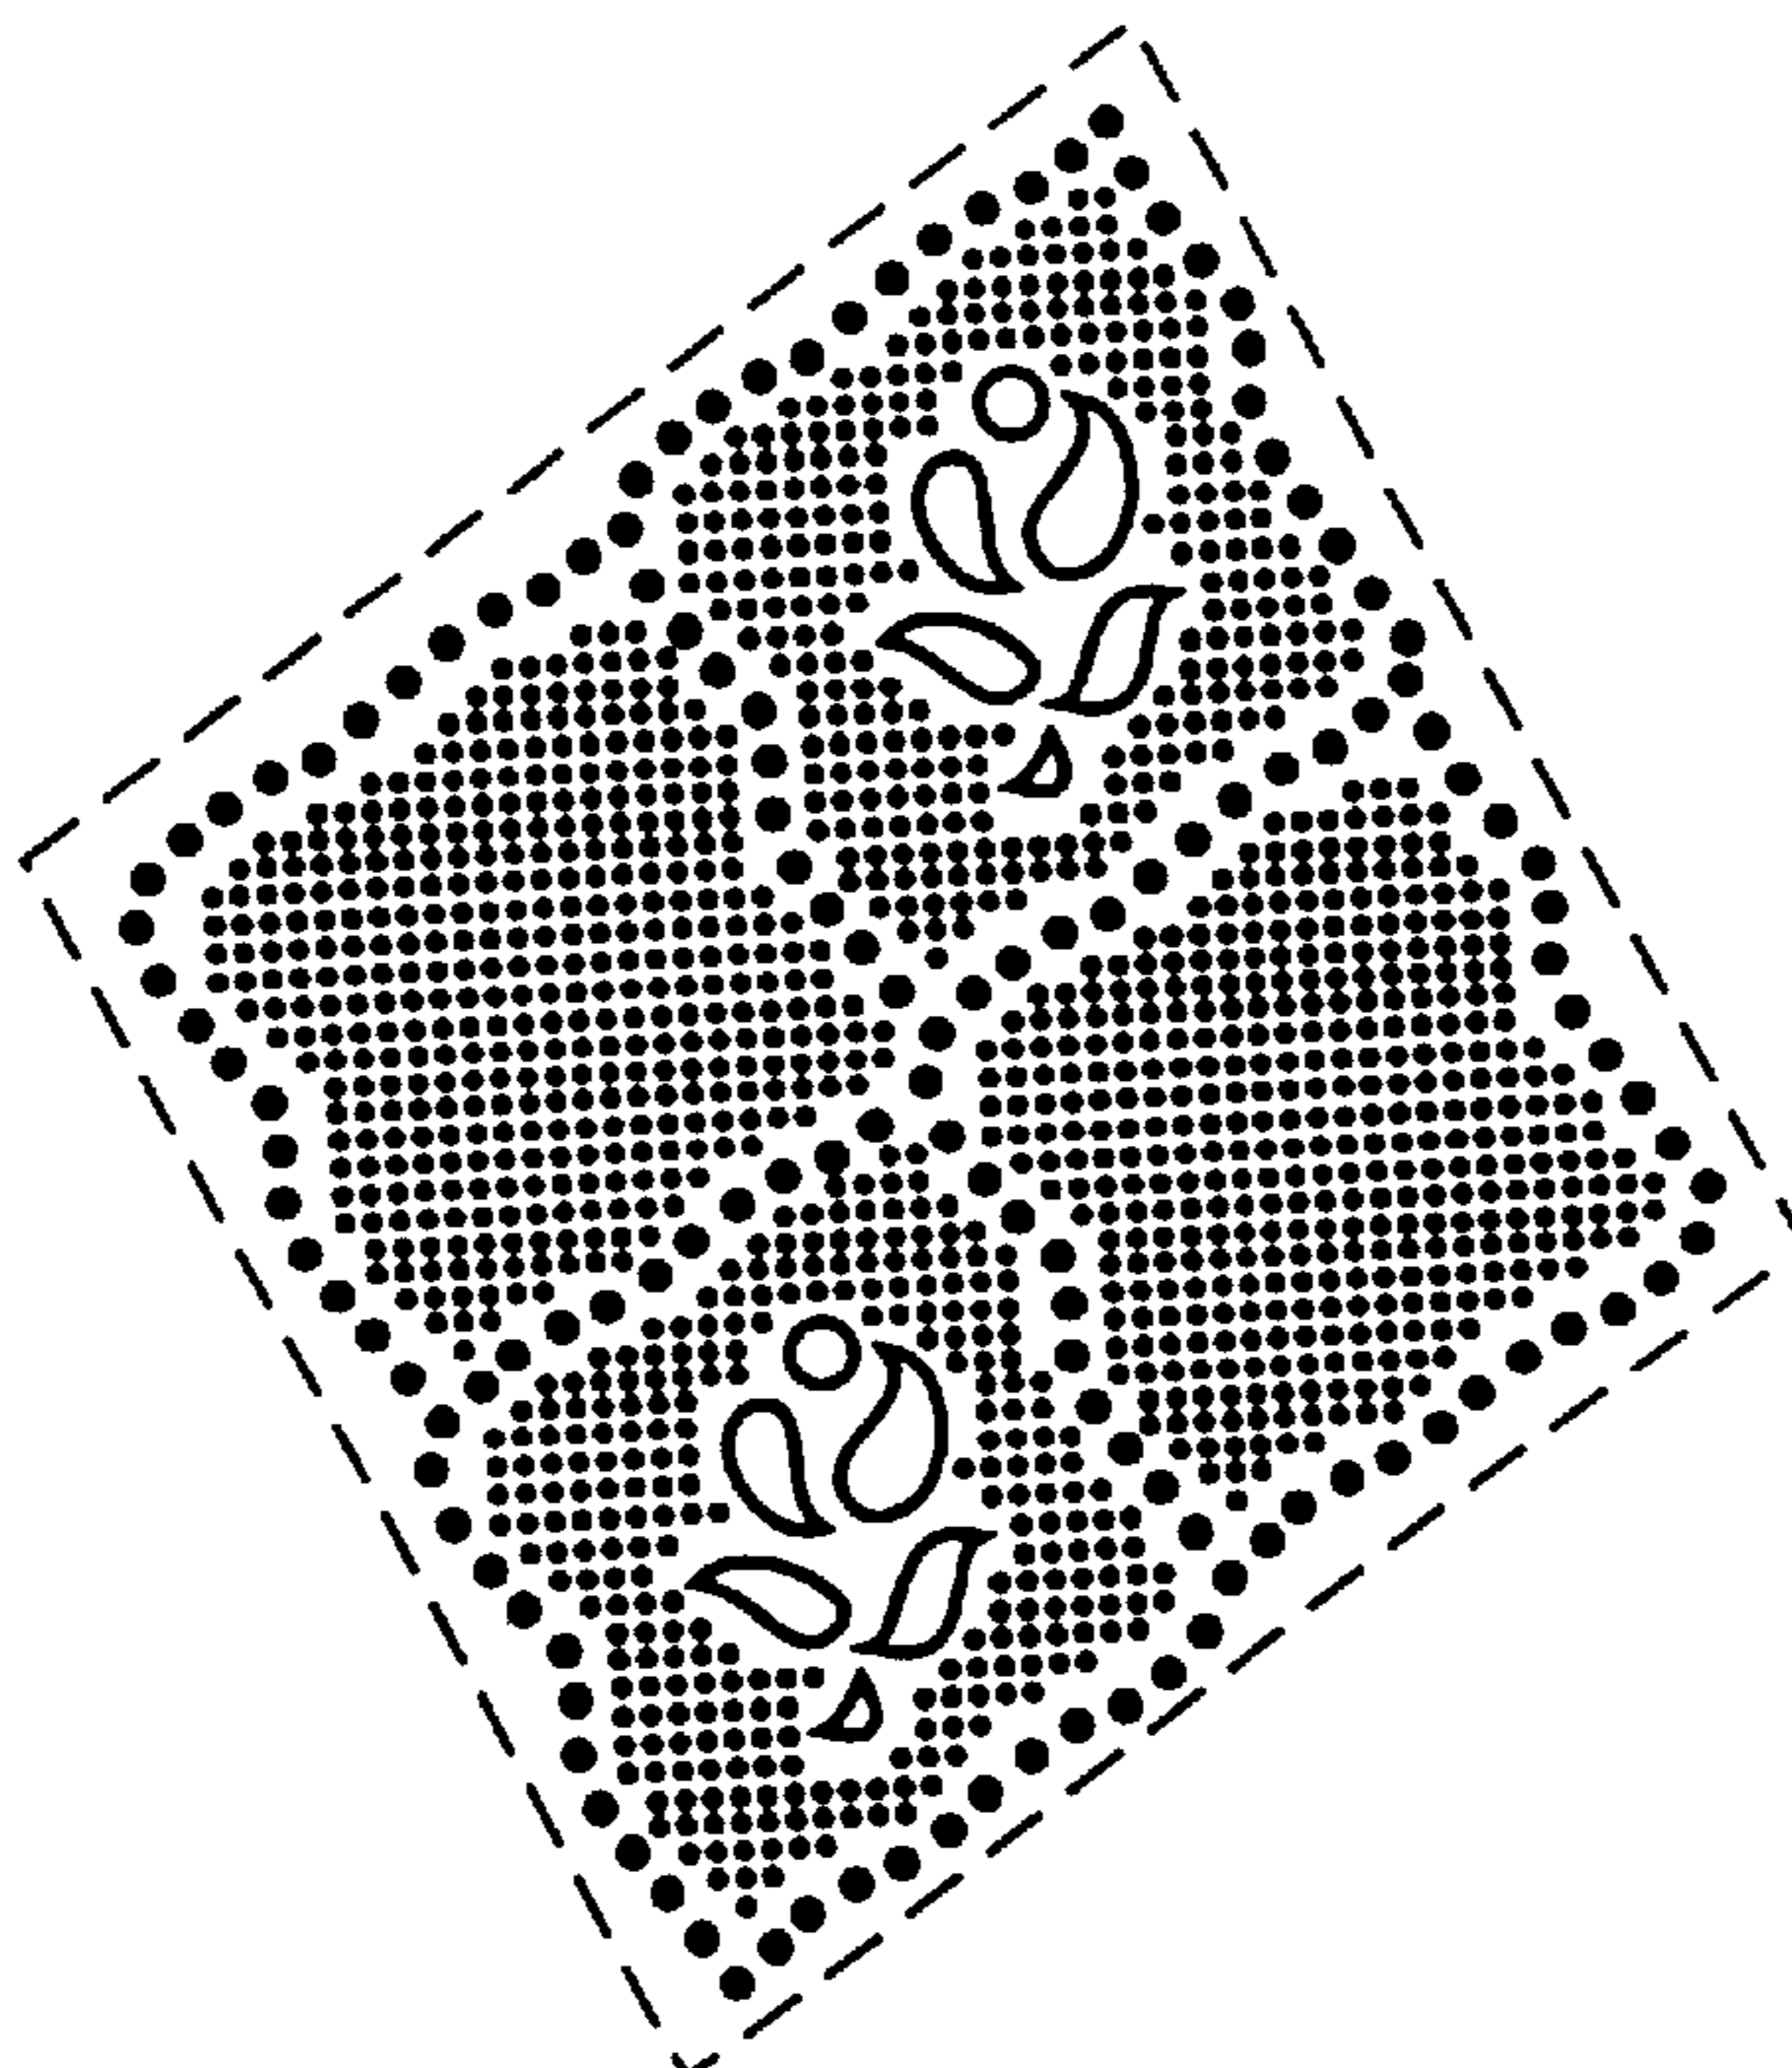

In the drawings, the broken lines shown along the borders of the figures depict a portion of the paper product to which the pattern is applied, as well as the boundaries of one repeat unit of the claimed design. The pattern continues indeterminately throughout the length and width of the paper product.
