### [57] CLAIM

The ornamental design for a cartridge for a liquid dispensing device, as shown and described.

### DESCRIPTION

FIG. 1 is a front view of a first embodiment of the cartridge for a liquid dispensing device;

FIG. 2 is a right side view of the device shown in FIG. 1, the left side being a mirror image thereof;

FIG. 3 is a rear view of the first embodiment;

FIG. 4 is a top view of the first embodiment;

FIG. 5 is a bottom view of the first embodiment;

FIG. 6 is a front view of a second embodiment of the cartridge for a liquid dispensing device;

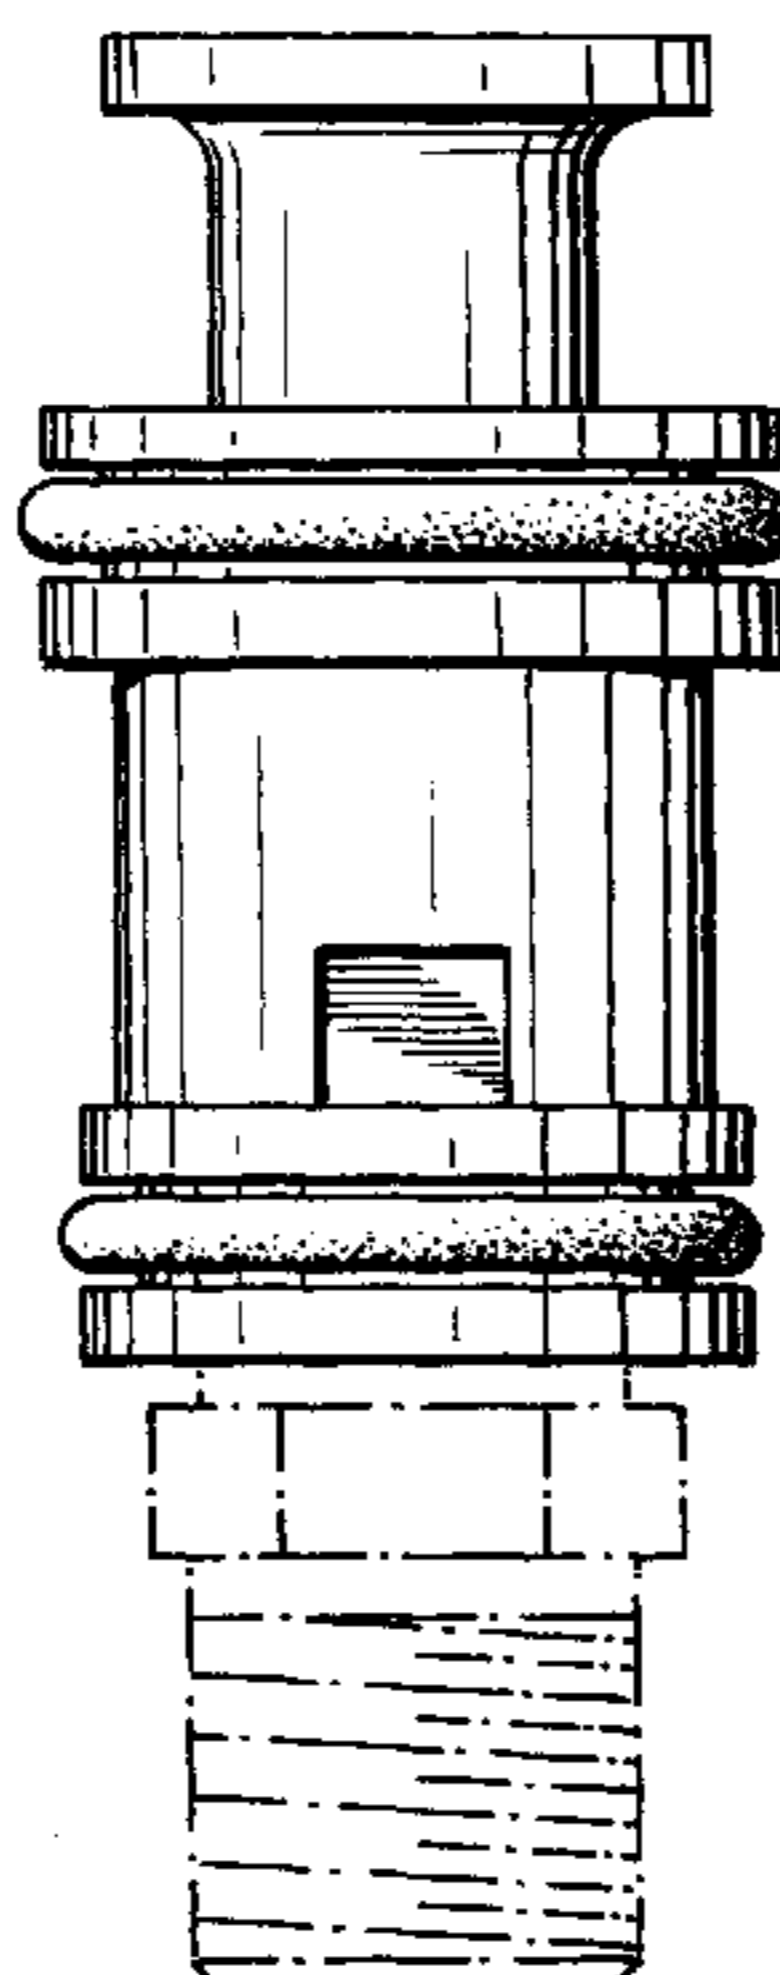

FIG. 7 is a right side view of the device shown in FIG. 6, the left side being a mirror image thereof;

FIG. 8 is a rear view of the second embodiment; and,

FIG. 9 is a top view of the second embodiment, the bottom view being the same as FIG. 5 of the first embodiment.

The elements shown in broken lines are for environmental purposes and form no part of the claimed invention.
