[57] **CLAIM**

The ornamental design for a safety indicator light for a funeral procession automobile, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a safety indicator light for a funeral procession automobile of the present invention, shown mounted on an automobile window;
FIG. 2 is a top plan view thereof;
FIG. 3 is a bottom plan view thereof;
FIG. 4 is a front elevational view thereof, the rear elevational view being similar thereto;
FIG. 5 is a right side view thereof; and,
FIG. 6 is a left side view thereof.
The part of an automobile and the illumination, shown in broken lines, is for illustrative purposes only and forms no part of the claimed design.
